To the Trustees
Arc-Tronics, Inc. 401(k) Plan
Elk Grove Village, IL

We were engaged to audit the statements of net assets available for benefits of Arc-Tronics, Inc. 401(k) Plan as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule as of the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by John Hancock Life Insurance Company, the custodian of the Plan's assets, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of Plan

The following description of the Arc-Tronics, Inc. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The plan is a defined contribution savings plan organized in accordance with Section 401(k) of the Internal Revenue Code. It was established by Arc-Tronics, Inc. ("the Company") January 1, 1999 for eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement and Income Security Act of 1974 (ERISA).

Participation
Eligible employees can become participants in the Plan on January 1 or July 1 (the enrollment dates) each year following their completion of twelve months of service with the Company and after attaining age 21, provided they were entitled to compensation for at least 1,000 hours of employment during their first employment year. If an employee does not meet the 1,000 hour requirement when otherwise eligible, they will be eligible for participation on the next enrollment date following the completion of 1,000 hours of service in a plan year.

Contributions
Each participant may elect to make contributions to the Plan equal to a percentage of their compensation or a fixed dollar amount per pay period. At its discretion, the Company's board of directors may elect to match a percentage of participants' contributions. During both 2011 and 2010 the Company matched 10% of the participants' contributions.

The Plan agreement contains various limitations on the amounts of employee and employer contributions to the Plan in accordance with Sections 401 and 415 of the Internal Revenue Code. The maximum amount of compensation a member could defer is $16,500 in 2011 and 2010. Participants 50 and over could contribute up to an additional $5,500 in 2011 and 2010.

Participants' accounts
A separate account is maintained for each participant. A participant's account balance is adjusted for voluntary contributions, employer matching contributions and investment income or loss. Income or loss is allocated to each participant's account based on the difference between current and prior valuation period ending account balances taking into consideration current period contributions, withdrawals and transfers.

Participant directed investments
The Plan provides that participants may elect to invest in a variety of pooled separate accounts or a guaranteed interest account, all sponsored by John Hancock Life. Contributions and account balances are allocated between funds as directed by the participant.

Note 1 - Description of Plan (continued)

Notes receivable from participants
The plan may make loans to participants at prevailing market interest rates in accordance with plan provisions. Loans are limited to the lesser of $50,000 or 50% of the participant's account balance and are secured by the balance in the participant's account. Participants generally repay loans through payroll deductions.

Vesting
Participants are 100% vested in that portion of the trust fund attributable to their own contributions. In accordance with the Plan, a participant's vested interest in the Company's matching contributions is determined in accordance with the following schedule on the basis of each participant's years of service as defined in the plan:

Years of Service	Percent Vested
Less than 2	0
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 but less than 6	80
6 and over	100

That portion of a participant's account which is not vested generally will be forfeited upon distribution of his or her vested account balance.

Upon death, disability or becoming eligible for retirement, a participant's account balance will be fully vested.

Forfeitures
Forfeitures may be used to reduce the Company's matching contributions and/or qualified non-elective contributions. Forfeitures may also be used to pay plan expenses or be allocated among the participants. In order to share in the allocation of forfeitures, a participant must be eligible to share in Company contributions for the plan year.

Withdrawals
Distribution of vested benefits will commence after the retirement, death, disability, separation from service or hardship of a participant.

Administration
Certain administrative functions are performed for the Plan by officers and employees of the Company. No officer or employee receives compensation from the Plan. Also, certain accounting and consulting fees incurred by the Plan are paid directly by the Company.

Note 2 - Summary of Significant Accounting Policies

Basis of accounting
The financial statements of the Arc-Tronics, Inc. 401k Plan ("the Plan") are prepared under the accrual method of accounting. Benefits to participants, however, are recognized when paid.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the Unites States of America require the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair Value
Fair value is the price that would be received from selling an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at measurement date. When determining fair value, the plan administrator considers the principal or most advantageous market in which the Plan would transact, and the assumptions that market participants would use when pricing the asset or liability.

In determining fair value, the Plan administrator uses various valuation approaches, including market and cost approaches. ASC 820-10 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the administrator's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the reliability of inputs as follows:

> Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan administrator has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 investments. Since valuations are based on quoted prices that are readily available in an active market, valuation of these products does not entail a significant degree of judgment.
>
> Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.
>
> Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Investment valuation and income recognition
The Plan's investment in the John Hancock Guaranteed Interest Account is stated at contract value at December 31, 2011 and 2010 as reported to the Plan administrator by John Hancock Life Insurance Company. The Plan's investments in pooled separate accounts are stated at quoted market prices (Level 1 inputs) which represent the net asset value of shares held in the accounts by the Plan at year end.

Note 2 – Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Realized and unrealized gains and losses are included in earnings.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus accrued interest, which approximates fair value (Level 2 inputs). Interest income is recognized on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Contributions
Contributions to the Plan are included in income in the year for which they are withheld or accrued by the Company.

Payment of benefits
Benefits are recorded when paid.

Note 3 - Insurance Contract

The Plan has invested in a group annuity contract with John Hancock. Under this contract, plan assets may be invested in the Guaranteed Interest Account which is a guaranteed investment contract (GIC) pool, or in various John Hancock pooled separate accounts. The John Hancock GIC pool is part of the insurance company's general account and pays interest at a periodically redetermined guaranteed fixed rate. Contributions are allocated between accounts as directed by the individual participants as a percentage of the amount contributed.

Note 4 - Information Certified by Custodian

The Plan's investments are recorded at fair value and categorized based upon a fair value hierarchy in accordance with ASC 820-10. See Note 2 for discussion of the Plan's policies regarding this hierarchy.

John Hancock currently holds the Plan's investment assets and executes transactions thereon. Financial information relating to the assets is included in the accompanying financial statements and is based on the following information which has been certified as complete and accurate by John Hancock as of and for the years ended December 31, 2011 and 2010. Investments that represent 5% or more of the Plan's net assets are separately identified.

The Plan's investments in pooled separate accounts (including investments bought, sold, and held during the year) (depreciated) appreciated in value by $(74,893) and $227,813 during 2011 and 2010, respectively.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to terminate the Plan and the Trust Fund, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6 - Income Tax Status

The Plan obtained its latest determination letter on November 23, 2007, in which the Internal Revenue Service stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

When and if applicable, potential interest and penalties associated with income tax obligations are reflected as a component of income tax expense. The Plan's 2008 through 2011 tax years remain subject to examination by taxing authorities.

Note 7 – Risks and Uncertainties

John Hancock is the custodian of substantially all of the Plan's assets. The Plan administrator does not require John Hancock to provide collateral to mitigate this concentration of credit risk.

The Plan invests in mutual funds which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Subsequent Events

Management has evaluated subsequent events through October 8, 2012, which was the date the financial statements were available to be issued.
