We were engaged to audit the financial statements (modified cash basis) of the Satellites Unlimited 401(k) Plan (the "Plan"), as of December 31, 2011 and 2010, and for the years ended on December 31, 2011 and 2010, and the supplemental schedule as of and for the year ended December 31, 2011, as listed in the table of contents. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Hartford Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule (modified cash basis). We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

As described in Note 2, the financial statements and supplemental schedule referred to above were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule (modified cash basis) taken as a whole. The form and content of the information included in the financial statements and supplemental schedule (modified cash basis), other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1: DESCRIPTION OF PLAN

The Satellites Unlimited 401(k) Plan (the "Plan") is a defined contribution plan established as of March 1, 2005. The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

Eligibility – The Plan covers substantially all employees of Satellites Unlimited (the "Company") 21 years of age or older who have provided 90 days of service to the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Subject to certain limitations imposed by law, participants are allowed to make contributions to the Plan by electing to reduce their gross pay in an amount equal up to 100 percent of their annual compensation. The Company may make discretionary contributions to the Plan that are allocated to participants based on the level of compensation received that year to the total compensation of all eligible participants. The Company also contributes a discretionary matching contribution based on a uniform percentage of employee salary deferral. The aggregate amount of all contributions is subject to certain limitations imposed by law.

Participant Accounts – Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Allocations of employer contributions are based on eligible annual compensation as defined in the Plan agreement. Benefit payments to participants are based upon vested balances in the employee and employer accounts at the date of benefit determinations.

Vesting – Participants are immediately vested in their employee contributions, including allocated earnings thereon. Participants are 100 percent vested in their employer matching contributions after three years of credited service. Participants are fully vested at the earlier of death, disability, or reaching normal retirement.

Forfeitures – Forfeited balances will be used to reduce Plan expenses. Forfeitures for December 31, 2011 and 2010, were \$14,433 and \$19,952, respectively.

Benefits – Distributions to participants take place upon the employee's separation of service, retirement, attaining age 59½, permanent and total disability, or death. Participants may elect to receive a single sum payment or a series of equal installment payments. Benefits are recorded when paid.

Participant Loans Receivable – Participant loans are not allowed.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates – The preparation of the Plan's financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the amounts reported in the accompanying financial statements. Actual results could differ from these estimates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Basis of Accounting – The financial statements of the Plan are prepared under the modified cash basis of accounting. As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-1-1, Reporting of Fully Benefit-Responsive Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on the contract value basis.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. The shares of the investment funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Payment of Benefits – Benefits are recorded when paid.

Plan Expenses – The employer absorbs significant costs of Plan administration.

Concentration of Credit Risk – At December 31, 2011 and 2010, a significant amount of the Plan's assets are invested in funds managed by an independent company, Hartford Life Insurance Company, which serves as investment advisor and as trustee. The investment options offered to participants are designed to provide each participant with the opportunity to diversify the investment of their accounts. Although the Plan administrator has no involvement in the investment transactions of the funds, the Plan administrator periodically monitors the investment performance of the funds and may, pursuant to the provisions of the Plan agreement, elect to change the Plan's investment programs and/or the trustee at any time.

SFAS No. 157, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the years ended December 31, 2011 and 2010, are reported in net appreciation in fair value of investments.

NOTE 4: INVESTMENTS
