INDEPENDENT AUDITORS' REPORT

October 11, 2012

The Administrative Committee
Southeastern Printing Company, Inc.
401(K) Retirement Plan
Stuart, Florida

We have audited the accompanying statement of net assets available for benefits of the ***Southeastern Printing Company, Inc. 401(k) Retirement Plan*** (the "Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of ***Southeastern Printing Company, Inc. 401(k) Retirement Plan*** for the year ended December 31, 2010 were audited by Harris, Cotherman, Jones, Price & Associates, Certified Public Accountants - Chartered, who combined with Rehmann Robson as of September 1, 2012. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, we understand that the Plan Administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Brokerage Company and National Financial Services, LLC (together "Fidelity"), the custodian of the Plan. Their report, dated August 24, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the 2010 financial statements taken as a whole and (b) the form and content of the information included in the 2010 financial statements other than that derived from the information included in the financial statements certified by the custodian, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We conducted our audit of the Plan's 2011 financial statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit of the Plan's 2011 financial statements provides a reasonable basis for our opinion.

In our opinion, the 2011 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic 2011 financial statements taken as a whole. The December 31, 2011 supplementary schedule of assets (held at end of year) is

Rehmann

presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplementary schedule has been subjected to the auditing procedures applied in our audit of the basic 2011 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedule is fairly stated in all material respects in relation to the basic 2011 financial statements taken as a whole.

SOUTHEASTERN PRINTING COMPANY, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of ***Southeastern Printing Company, Inc. 401(k) Retirement Plan*** (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of the Plan

General

Southeastern Printing Company, Inc. 401(k) Retirement Plan (the "Plan") was originally established effective January 1, 1997 by Southeastern Printing Company, Inc. (the "Company"). The Plan was amended and restated with an effective date of April 1, 2002. The Plan qualifies as a profit sharing plan permitting discretionary employer contributions, but not requiring that such contributions be made from employer profits and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Sections 401(a), 401(k) and 501(a) of the Internal Revenue Code. The Plan is a defined contribution plan covering all employees who have completed one year of service in which they have worked at least 1,000 hours, and are at least 21 years of age.

Contributions

Plan participants may contribute up to 15 percent of pre-tax annual compensation, including any bonuses paid during the year, up to the maximum amount permitted by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make a rollover transfer to the Plan from a 401 qualified retirement plan which may include after tax amounts, a 403(b) tax deferred annuity, a governmental 457(b) deferred compensation plan, and/or taxable IRA. The Company may make matching contributions equal to a discretionary percentage determined by the Company. No such contributions were made for 2011 or 2010. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers sixteen mutual funds and a common collective trust as investment options for participants. Contributions are subject to certain limitations.

Contributions received from participants for 2011 and 2010 are net of payments of $5,201 and $2,350, respectively, to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The Plan reimbursed these excess deferral contributions to the participants in 2012, and 2011, respectively. These amounts are recognized in the Plan's statements of net assets available for benefits as "excess contributions payable" at December 31, 2011 and 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching contribution (when made) and an allocation of Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are fully vested in their employee contributions, including rollovers, plus their actual earnings thereon. Participants vest in any employer matching contributions using a five-year graduated vesting schedule as follows:

Year of Vesting Service	Vested Percentage
1 year	0%
2 years	20
3 years	40
4 years	80
5 years	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 8.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installment payments, as defined by the Plan agreement. Participants with vested benefits less than $1,000 (i.e., small accounts) are required by the Employer to be removed from the Plan and to take a lump sum payment as soon as administratively feasible. For termination of service or for other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan also permits withdrawals of active participants' elective contributions only in amounts necessary to satisfy financial hardship as defined by the Plan agreement.

Based on generally accepted accounting principles, amounts that are allocated, but not dispersed, to participants who have withdrawn from the Plan as of year-end are not considered liabilities for financial reporting purposes; however, these balances should be reported as a liability on the IRS Form 5500. For 2011 and 2010, this liability was zero.

Forfeited Accounts

The non-vested portion of an employee's account balance is forfeited upon termination of employment. Forfeitures of non-vested employer contributions are used to reduce administrative expenses of the Plan paid by the Company. The amounts used to reduce administrative expenses in 2011 and 2010 were $8,564 and $6,935, respectively. The forfeiture account balance was $6,477 and $11,538 at December 31, 2011 and 2010, respectively.

NOTES TO FINANCIAL STATEMENTS

Administrative Expenses

The Plan's administrative expenses, including an allocation of salaries, accounting fees and legal fees, are paid by the Company and qualify as party-in-interest transactions which are exempt from prohibited transaction rules. Fees for custodial and record keeping services are paid by the Plan. Participants are charged directly for loan and distribution fees.

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan holds an investment in a common collective trust, which in turn holds an investment in a fully-benefit responsive investment contract. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in aggregate fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds and the common collective trust are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation or an addition to net depreciation in the aggregate fair value of such investments.

NOTES TO FINANCIAL STATEMENTS

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distribution based upon the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncement

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update ("ASU") 2010-06, *Improving Disclosures about Fair Value Measurements*, which requires additional disclosures related to the fair value hierarchy. The Plan adopted this guidance in 2010, except for the disclosure requirements to present information regarding the purchases, sales, issuances, and settlements of Level 3 assets on a gross basis, which was delayed until 2011. The full adoption of ASU 2010-06 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes are related to the fair value measurement disclosures.

Reclassifications

Certain amounts as reported in the 2010 financial statements have been reclassified to conform with the 2011 presentation.

Subsequent Events

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2011, the most recent statement of net assets available for benefits presented herein, through October 11, 2012, the date these financial statements were available to be issued. No significant such events or transactions were identified.

2. INVESTMENTS

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the 2010 Plan year. Accordingly, Fidelity Brokerage Company and National Financial Services, LLC (together "Fidelity"), as custodian, has certified the completeness and accuracy of the investment information reflected in (1) the accompanying statements of net assets available for benefits as of December 31, 2010, (2) the December 31, 2010, schedule of assets (held at end of year), (3) the changes in fair value of the Plan's Level 3 assets in Note 3 for 2010, (4) the related investment activity reflected in the statements of changes in net assets available for benefits during 2010, and (5) the information presented below and in Note 4. Fidelity has also certified the completeness and accuracy of notes receivable from participants and the related interest income as of and for the years ended December 31, 2010.

3. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. For financial assets recorded at fair value, the description includes an indication of the level of the fair value hierarchy in which the assets are classified. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Shares held in mutual funds are valued at quoted market prices that represent the net asset value ("NAV") of shares held by the Plan at year end are classified as Level 1. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities then divided by the number of shares outstanding.

Common/collective trust: Shares held in the common/collective trust are valued using the net asset value ("NAV") as provided by Fidelity and are classified as level 3. The NAV is based on the underlying assets owned by the common/collective trust, which consists of a guaranteed investment contract.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although

NOTES TO FINANCIAL STATEMENTS

the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31:

2011	Level 1	Level 2	Level 3	Total

The following provides the components of the items in purchases, sales, issuances, and settlements (net) of the Plan's Level 3 assets for the year ended December 31, 2011:

The following tables set forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31:

	2011			
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust MetLife GIC	$ 420,056	$ -	Daily	Daily

	2010			
Investment Type	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust MetLife GIC	$ 657,487	$ -	Daily	Daily

The investment objective of the common collective trust at December 31, 2011 and 2010 is the safety and preservation of principal and accumulated interest for participant initiated transactions. The interest credited to balances in the fund reflects both current market conditions and performance of underlying investments in the fund.

4. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity Investments. Fidelity is the custodian as defined by the Plan and Daily Access Corporation acts as the Plan's asset manager, consultant, record keeper, maintains participant account records and assists with Plan

NOTES TO FINANCIAL STATEMENTS

administration. Administrative fees paid by the Plan to these parties totaled $29,415 and $26,998 for 2011 and 2010, respectively.

5. INCOME TAX STATUS

The Company's Board of Directors adopted the Prototype Non-standardized Profit Sharing Plan with CODA plan document. The Plan document has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan's Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified; the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan may be subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. RISKS AND UNCERTAINTIES

The Plan invests in mutual funds and a common collective trust with the underlying assets consisting of any combination of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
