INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
OCH International, Inc. 401(k) Plan
Tualatin, Oregon

We were engaged to audit the accompanying statement of net assets available for benefits of OCH International, Inc. 401(k) Plan (the Plan) as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR Section 2520.103-8 of the Department of Labor rules and regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Standard Insurance Company, the Custodian of the Plan, except for comparing such information with the related information included in the 2011 financial statements and supplemental schedule. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the year ended December 31, 2011, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Because of the significance of the information in the Plan's 2011 financial statements that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule as of and for the year ended December 31, 2011. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the 2011 financial statements and supplemental schedule, other than that derived from the information certified by the Custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

We have compiled the accompanying statement of net assets available for benefits of OCH International, Inc. 401(k) Plan as of December 31, 2010, in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements. We have not audited or reviewed the accompanying statement of net assets available for benefits as of December 31, 2010 and, accordingly, do not express an opinion or any other form of assurance on it.

Note 1 - Description of Plan

The following description of OCH International, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution profit sharing plan, covering all employees of OCH International, Inc. (the Company) who have completed 1,000 hours of service within a 12-month period and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions
Each participant may elect to contribute a portion of their compensation to the Plan (up to the maximum allowed under the Internal Revenue Code (the Code), which is $16,500, each year instead of receiving that amount in cash. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the beginning of the plan year are eligible to make catch up contributions of $5,500 in 2011 and 2010. Participants may also contribute amounts representing distributions from other qualified plans. The amount deferred will not be subject to income tax until it is actually distributed to the participant. The amount deferred is, however, subject to Social Security tax at the time of deferral. The Company may, at its discretion, match a percentage of the participant contributions. Additional amounts may also be contributed at the option of the Company.

Participant Accounts
Each participant's account is credited with the participant's contribution, the Company's contributions (if elected by the Company), and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Asset management fees are deducted from the earnings of the various funds.

Vesting
Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the remainder of their account is based on years of service and occurs gradually. A participant becomes partially vested at the end of 1 year of credited service, with the vested amount increasing gradually until the participant is 100% vested after 5 years of credited service. Participants shall become 100% vested upon attainment of normal retirement age (65 years), death, or permanent disablement.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Administrator, based on similar types of loans by other lenders. Payments on principal and interest are to be made not less frequently than quarterly. In general, loan terms may not exceed five years.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participants vested interest in his or her account, installments over a period of no more than assumed life expectancy, in partial withdrawals of at least $1,000, or rollover the account into another qualified plan or individual retirement account.

Forfeited Accounts
At December 31, 2011, forfeited non-vested accounts totaled $25,441 ($18,312 at December 31, 2010). Forfeitures may be used first to pay Plan expenses and then to reduce employer contributions.

Note 2 - Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits presents the contract value which approximates the fair value of the investment contracts. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document.

Investment Valuation and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions related thereto.

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment accounts will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
Subsequent events have been evaluated through October 10, 2012, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Custodian

The Plan's investments are held by Standard Insurance Company, the Custodian of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses charged by the Custodian.

The Plan Administrator has obtained a certification from the Custodian as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments, at fair value
- Interest and dividends
- Net depreciation in fair value of investments

Note 4 - Investments

Investments exceeding 5% of the Plan's total net assets at December 31:

	2011 (Audited)	2010 (Compiled)
The Standard Insurance Guaranteed Interest Fund	$ 252,037	$ 319,672
Pooled Separate Accounts:		
PIMCO Harbor Bond Fund	165,186	150,381
Vanguard Wellington Fund	77,557	N/A
Vanguard 500 Index Fund	N/A	155,903
Vanguard Explorer Fund	120,727	119,322
Vanguard 500 Index Signal Fund	142,912	N/A
Ridgeworth Mid Cap Val Equity Fund	105,248	108,425
Neuberger Berman Genesis Fund	67,090	N/A
Dodge and Cox Intl Stock Fund	N/A	114,343

N/A indicates investment balance did not exceed 5% of Plan investments at that date.

During 2011, the Plan's investments in pooled separate accounts, including investments bought, sold, and held during the year, depreciated in value by $19,096.

Note 5 - Fair Value Measurements

Accounting standards codification ASC 820, *Fair Value Measurements,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Note 5 - Fair Value Measurements, continued

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts (PSA): PSA's invest in a variety of domestic stock, international stocks, mutual funds, bonds and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publically quoted prices, the net asset value (NAV) of each separate PSA is not valued using publically quoted prices. PSA's can be redeemed on a daily basis and each PSA has its own investment strategy. Participants should refer to the individual PSA's prospectus for a more complete description of the PSA and its investment strategy.

Group Annuity Contract: Valued at contract value which approximates fair value. The contract value is valued by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the creditworthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

	Investments at Fair value as of December 31, 2011 (Audited)			
	Level 1	Level 2	Level 3	Total

Total investments, at fair value	$ -	$ 999,040	$ 319,672	$ 1,318,712

Note 5 - Fair Value Measurements, continued

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the group annuity contract with insurance company for the years ended December 31, 2011:

Balance, beginning of year	$	319,672
Interest income		9,816
Purchases, issues, and settlements:		
Purchases		173,542
Settlements		(249,332)
Expenses		(1,661)
Balance, end of year	$	252,037

Note 6 – Group Annuity Contract with Insurance Company

The Plan has an investment in the Standard Insurance Company Group Annuity Contract Guaranteed Interest Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value, which approximates fair value. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, and is reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Standard. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination), (b) termination of the contract (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan Sponsor does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Standard Insurance Company was recognized for maintaining an "A" rating or higher from A.M. Best Company since 1928. Average yields for the stable value fund for the years ended December 31:

	2011 (Audited)	2010 (Compiled)
Based on actual earnings	3%	3%
Based on interest rate credited to participants	3%	3%

Note 7 - Related Party Transactions

Certain Plan investments are shares of investment funds managed by Standard Insurance Company. Standard Insurance Company is the Custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $1,661 for the year ended December 31, 2011.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 9 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan's volume submitter sponsor by an opinion letter dated March 31, 2008, that the Volume Submitter Profit Sharing Plan with CODA sponsored by Sungard Corbel LLC, which was adopted by the Plan, is acceptable pursuant to Section 401 of the Code and in compliance with the applicable requirements of the Code. The Plan has not requested its own determination letter from the IRS.

The Plan has been amended since its adoption of the prototype sponsor plan. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.
