Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

To the Investment Committee of
Huntsman Advanced Materials Americas LLC
Pension Plan for Non-Salaried Employees
at McIntosh, Alabama

We were engaged to audit the accompanying statement of net assets available for benefits of Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
December 31, 2011

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Huntsman Advanced Materials Americas LLC Pension Plan for Non-Salaried Employees at McIntosh, Alabama (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering employees of Huntsman Advanced Materials Americas LLC (the "Company") represented under a collective bargaining agreement with the United Steelworkers (AFL-CIO-CLC) Local 9-562 (the "Union"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company ("Fidelity") is the Plan's trustee and custodian. Towers Watson is the Plan's actuary, and a committee appointed by the Board of Directors of the Company is the Plan's administrator.

Pension Benefits

Employees represented under the collective bargaining agreement with the Union are eligible to participate in the Plan on the first day of the month coinciding with or next following the completion of 1,000 hours of service in a year. Participants with five or more years of participation in the Plan are entitled to monthly pension benefits beginning at normal retirement age of 65 equal to an amount determined by multiplying the participant's total credited years of participation in the Plan by the applicable benefit rate, which is negotiated by the Union. The Plan permits early retirement for participants with fifteen years of continuous service and attainment of age 50. These participants may elect to receive early retirement monthly pension benefits in an amount equal to the calculated retirement income the participant would have been entitled to receive under the normal retirement calculation, reduced by 3% for each year early retirement precedes the attainment of age 62, or elect to defer the monthly pension benefits until normal retirement age. Benefits are payable in the form of a 50% joint and survivor annuity, single life annuity, or other optional forms. If participants terminate before rendering five years of continuous service, they forfeit the right to receive their accumulated plan benefits.

Death and Disability Benefits

Participants who become totally and permanently disabled may elect to receive a monthly pension benefit in an amount equal to their accumulated benefits on their disability retirement date, reduced by an actuarial equivalent in accordance with Plan provisions, or elect to defer their monthly pension benefits until normal retirement age. If a participant with five or more years of service dies, monthly pension benefits are payable to the participant's beneficiary subject to certain limitations, as defined in the Plan.

NOTE 1 - DESCRIPTION OF THE PLAN (CONTINUED)

Funding Policy

The Company's funding policy is to make contributions to the Plan that are actuarially determined, such that all employees' benefits will be fully provided for by the time they retire. Employee contributions and rollovers are not allowed. The Plan has met ERISA minimum funding requirements.

Termination

Although it has not expressed the intent to do so, the Company may terminate the Plan subject to the provisions set forth in ERISA. In such event, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under the Plan provisions in effect at any time during the five years preceding the Plan termination.
- b. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations (discussed below).
- c. All other vested benefits, that is, vested benefits not insured by the PBGC.
- d. All nonvested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of the individual's monthly benefit.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments in the Huntsman International LLC Pension Master Trust (the "Master Trust") are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. The Plan's proportionate interest in the investments of the Master Trust is shown in the statement of net assets available for benefits as Plan interest in the Huntsman International LLC Pension Master Trust (Note 3).

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable to the service employees have rendered under the Plan's provisions. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. The accumulated plan benefits for employees are based on their credited years of participation in the Plan. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date (as of the beginning of the year).

The actuarial present value of accumulated plan benefits is determined by an independent actuary from Towers Watson and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions underlying the actuarial computations, based on the projected unit credit method, for the December 31, 2010 valuation date was (a) life expectancy of participants (the RP 2000 Combined Health Mortality Table projected to 2015 using Scale AA), (b) retirement age assumptions (the assumed average retirement age was 62), and (c) investment return (7.5%). The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Benefit Payments

Benefit payments are recorded when distributed.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Administrative expenses are paid by the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Federal Income Taxes

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated October 19, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Recent Accounting Pronouncements

In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, which amends Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements, and clarification of existing fair value disclosures. The Plan prospectively adopted the new guidance in 2010, except for the Level 3 disclosures, which were adopted in 2011. These adoptions did not materially affect the Plan's financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards* (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

NOTE 3 - INTEREST IN MASTER TRUST

The Plan's investment assets are held in a Master Trust, which was established by the Company. The Master Trust is administered and investments are held by Fidelity. Use of the Master Trust permits the commingling of trust assets with the assets of the Plan and several other retirement plans sponsored by Huntsman International LLC and its affiliates, all of which are under common control, for investment and administrative purposes. Although assets of the participating plans are commingled in the Master Trust, the custodian maintains supporting records for the purpose of allocating the net gain or loss of the investment account to the participating plans. The net investment income (loss) of the investment assets is allocated by the custodian to each participating plan based on the relationship of the interest of each plan to the total of the interests of the participating plans.

The investments of the Master Trust at December 31, 2011 and 2010 are summarized as follows:

	<u>2011</u>	<u>2010</u>
Investments, at fair value:		
Commingled real estate funds	\$ 27,481,427	\$ 18,385,465

NOTE 4 - INVESTMENTS

The Plan's investment in the Master Trust represents 5% or more of the Plan's net assets available for benefits at December 31, 2011 and 2010.

NOTE 5 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Various inputs are used in determining the fair value of the investments in the Master Trust. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy, including the types of investments in the Master Trust that fall under each category and the valuation methodologies used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Mutual Funds: Valued at net asset value (NAV) of shares held by the Master Trust at year-end. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market.

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

Cash and Money Market Funds: Valued at cost plus interest earned, which approximates fair value.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Mutual Funds: The Fidelity High Income Real Estate Fund is not traded on a public market. Shares of this fund are offered to banks and trust institutions investing for their own account or for accounts of their customers; retirement plan sponsors; and similar institutional customers. It is valued at NAV of shares held by the Master Trust at year-end. NAV is based on the value of underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no imposed redemption restrictions, nor does the Plan have any contractual obligation to further invest in the account.

Commingled Pools and Separately Managed Accounts: Valued based on the NAV of the underlying securities, as reported by the investment manager in the audited financial statements of the accounts. The NAV is a quoted price in a market that is not active. Each account provides for daily participant redemptions by the Plan at reported NAV per share, with no advance notice requirement. The Plan has no unfunded commitments and no contractual obligations to further invest in the accounts.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e. projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Commingled Real Estate Funds: Valued based on third-party appraisers, as reported by the investment manager. The funds are invested in the JPMorgan Strategic Property Fund. The objective of the fund is to exceed the performance of the National Council of Real Estate Investment Fiduciaries Property Index. The underlying holdings are diversified real estate assets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. There have been no changes in the methodologies used at December 31, 2011 and 2010.

NOTE 6 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statement of net assets available for benefits as of December 31, 2011 and 2010, and the related investment activity reflected in the statement of changes in net assets available for benefits for the years then ended.

NOTE 7 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present value of the Plan's accumulated plan benefits at December 31, 2010 (date of the most recent valuation) is as follows:

Vested benefits of participants and beneficiaries currently receiving payments	\$3,915,658
Other vested benefits	3,916,245
Nonvested benefits	<u>276,851</u>
Actuarial present value of accumulated plan benefits	<u>\$8,108,754</u>

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 31, 2010 (date of the most recent valuation) is as follows:

Actuarial present value of accumulated plan benefits at December 31, 2009	<u>\$7,560,728</u>

NOTE 9 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in the Master Trust are in shares of mutual funds managed by affiliates of Fidelity. Fidelity is the trustee, as defined by the Plan. Therefore, these investments qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included as a reduction of the return on each fund. These transactions are considered to be exempt party-in-interest transactions and are not considered prohibited transactions under the Department of Labor's Rules and Regulations.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan provides for various investments in a Master Trust. In general, such investments are exposed to various risks, such as significant world events, interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2012, the date the financial statements were available to be issued.

Plan Provisions

The most recent amendment reflected in the following plan provisions was adopted on March 31, 2008.

Covered Employees	Employees covered by the Paper, Allied Industrial Chemical & Energy Union, Local 3-562, excluding leased employees and independent contractors.
Participation Date	First day of month coincident with or next following the completion of 12-month period in which at least 1,000 hours of service are completed.

Definitions

Vesting service	Plan year during which employee completes 1,000 hours of service.
Pension service	Years and months of service as a covered employee
Normal retirement date (NRD)	First of month coinciding with or next following the later of the attainment of age 65 or 5 th participation anniversary.
Monthly pension benefit	\$40.00 per month for each year of credited service, for retirements and terminations on or after March 31, 2004 and on or prior to March 31, 2008. \$45.00 per month for each year of credited service after March 31, 2008.

Eligibility for Benefits

Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and after attaining both age 50 and completing 15 years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested termination	Termination after completing five years of vesting service.
Disability	Termination due to total and permanent disability.
Preretirement death benefit	Death of an active employee with a surviving spouse or designated beneficiary while eligible for normal, early, postponed, or deferred vested retirement benefits.

Benefits Paid Upon the Following Events

Normal retirement	Monthly pension benefit determined as of NRD.
Early retirement	Monthly pension benefit determined as of early retirement date, reduced 3.0% for each year early retirement date precedes age 62.
Postponed retirement	Monthly pension benefit determined as of actual retirement date.
Vested termination	Monthly pension benefit determined as of termination date. If participant has 15 years of service upon termination, he may elect to receive his benefit after he has attained age 50; the benefit is actuarially reduced for each year the benefit commencement date precedes the participant's NRD.
Disablement	An eligible Participant's monthly disability retirement benefit shall be actuarially equivalent to his Accrued Benefit determined as of his disability retirement date.
Death with preretirement spouse benefits	
Eligible to retire	Monthly pension benefit determined as of the date of death assuming the participant had retired, elected 100% joint and survivor annuity, and then died.
Not eligible to retire	Monthly pension benefit determined as of the date of death, assuming the employee had survived to their earliest retirement date, elected a 50% joint and survivor annuity, and then died.

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above as a life annuity, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 100% joint and survivor annuity, certain and life, certain only, level income option or (for married participants) a life annuity.
Pension Increases	None
Plan participants' contributions	None
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Schedule SB, Part V – Statement of Actuarial Assumptions/Methods

Methods

Valuation date	First day of plan year
Funding target	<p>Present value of accrued benefits</p> <p>The IRC §430 regulations describe the required methodology for attributing benefits among Funding Target, current year Target Normal Cost, and future years' Target Normal Costs for disability benefits, Social Security benefits, death benefits and other ancillary benefits. For most such benefits, the required attribution methodology is clear. If the plan includes any benefits for which the attribution methodology was not clear, and the regulations required interpretation, consider describing the benefit and the attribution methodology used.</p>
Target normal cost	Present value of benefits expected to accrue during plan year plus plan-related expenses expected to be paid from plan assets during plan year
Actuarial value of assets	Average of the fair market value of assets on the valuation date and the two immediately preceding valuation dates, adjusted for contributions, benefits, administrative expenses and expected earnings not in excess of the average of the third segment rates for the 24-month period ending with the month preceding the month containing the valuation date. The average asset value must be within 10% of fair value, including contributions receivable.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued except disability benefits. Based on discussions with Huntsman, such benefits are considered to have a de minimis likelihood of being paid and thus are not required to be valued, and will not be valued, until and unless the triggering event occurs. Towers Watson has reviewed the plan provisions with Huntsman and, based on that review, is not aware of any significant benefits required to be valued that were not.
Change in assumptions and methods since prior valuation	<p>The funded interest rate was changed from the September 2009 Segment Rates to the September 2010 Segment Rates, as provided under the Pension Protection Act of 2006 (PPA).</p> <p>The required mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvements.</p>
