Plan Administrator and Participants
The Trade Group 401(k) Profit Sharing Plan

We were engaged to audit the financial statements and supplemental schedules of The Trade Group 401(k) Profit Sharing Plan (the "Plan") as of December 31, 2011 and 2010, and for the years then ended, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by Section 2520.1 03-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the financial information certified by Alerus Financial, N.A., the custodian of the Plan, except for comparing that information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the custodian as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but required by the United States Department of Labor's Rules and Regulations for reporting under ERISA. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of The Trade Group 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by The Trade Group, Inc. (the "Company") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

Substantially all employees of the Company, who have completed six months of service as defined in the Plan, are eligible to participate, provided they are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

The Plan is administered by the Company (the "Plan Administrator"). The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's custodian, Alerus Financial, N.A. (the "Custodian"), is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 100 percent of eligible compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the IRC. The Plan permits both pre-tax and certain after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan has an automatic enrollment feature, whereby the Company automatically deducts 3% from eligible employees' pay on a pre-tax basis. Employees and participants can elect to stop or change this automatic contribution.

The Company may make qualified matching, qualified non-elective, and discretionary contributions to the Plan to be determined at the discretion of the Company's board of directors. Contributions are subject to certain limitations. Participants must complete 1,000 hours of service during the Plan year and be actively employed on the last day of the Plan year to share in certain employer contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more of the investment alternatives. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after five years of credited service. Full and immediate vesting will also occur if a participant is employed on or after normal retirement age (age 65) or if the participant terminates employment on account of death, or as a result of becoming disabled. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25 percent to 9.25 percent, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN (Continued)

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may leave their account in the Plan, may elect to receive a single lump-sum payment in cash or may elect to receive installments. However, a participant with an account balance of $5,000 or less may only receive a single lump-sum payment in cash. Participants are allowed to withdraw employee account balances prior to termination of their employment under certain conditions as specified in the Plan. Participants may not make contributions for at least six months after the receipt of the hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These funds may be allocated as additional discretionary contributions, used to reduce the Company's matching contributions, or used pay Plan administrative expenses, in accordance with the Plan document. At December 31, 2011 and 2010 forfeited accounts totaled $4,747 and $8,801, respectively. In 2011 and 2010, Plan administrative expenses of $2,158 and $1,349, respectively were paid from forfeited nonvested accounts. In 2011 and 2010 forfeited nonvested accounts of $7,267 and $9,884, respectively were used to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the accrual basis. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Mutual funds and common/collective trusts represent investments with various investment managers. The respective fair values of these investments are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value at year end. Units held in common/collective trusts are valued at the unit value as reported by the investment managers at year end. Interest-bearing cash (money market funds) are valued at cost, which approximates fair value. Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

The Plan provides for investments in various investment securities which, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Further, due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line in the statement of net assets available for benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common / collective trust. The Wells Fargo Stable Value Fund F ("Fund") indirectly invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics as a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee ("Wrapper") provided by a third party. Wrappers provide contract payments for certain participant-initiated withdrawals and transfers, a floor crediting rate and return of fully accrued contract value at maturity. This investment represents contributions made to the account, plus earnings on the underlying investment, less participant withdrawals and administrative expenses. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the net asset value per unit. Management has determined that the estimated fair value of the Plan's investments in fully benefit-responsive contracts as of December 31, 2011 and 2010 approximates contract value, and any difference between fair value and contract value is immaterial.

Unanticipated events such as an issuer's inability to meet its obligations or significant withdrawal requests by participants in the Fund, could affect the recoverability of assets including the underlying investment securities. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable. The Fund seeks to protect principal and provide investors with the potential to achieve returns higher than other conservative investments such as money market funds. The yield earned by the Fund at December 31, 2011 and 2010 was 1.56% and 2.38%, respectively. The yield earned by the Fund with an adjustment to reflect the actual interest rate credited to participants in the Fund at December 31, 2011 and 2010 was 2.33% and 2.90%, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

3. INVESTMENTS

The fair values of investments that represent 5 percent or more of the Plan's net assets available for benefits are as follows as of December 31,

	2011	2010
American Funds Europacific Growth Fund	$ 477,076	$ 563,145
American Funds Growth Fund of America	467,418	499,445
Allianz NFJ Dividend Value Fund	285,292	399,494
Allianz RCM Technology Fund	188,842	237,547
Nuveen Mid Cap Growth Opportunities Fund	195,535	181,785
Nuveen Mid Cap Value Fund	-	180,964
PIMCO Total Return Fund	402,151	469,654
Wells Fargo Stable Value Fund F	268,752	311,669
Vanguard Selected Value Fund	169,350	-

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820, *Fair Value Measurements and Disclosures* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2011 and 2010, there were no significant transfers in or out of levels 1, 2 or 3.

4. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Interest bearing cash: Valued at the NAV of units held by the Plan at year end.

Common / collective trusts: Valued based on information using the audited financial statements of the collective trust at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Balanced funds	$ 40,585	$ -	$ -	$ 40,585
Bond funds	402,151	-	-	402,151
Domestic equity funds	1,542,478	-	-	1,542,478
International equity funds	477,076	-	-	477,076
Common/collective trusts	-	268,752	-	268,752
Total assets at fair value	$ 2,462,290	$ 268,752	$ -	$ 2,731,042

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2010:

	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 3,216	$ -	$ -	$ 3,216
Mutual funds:				
Balanced funds	94,061	-	-	94,061
Bond funds	469,654	-	-	469,654
Domestic equity funds	1,748,400	-	-	1,748,400
International equity funds	563,145	-	-	563,145
Common/collective trusts	-	311,669	-	311,669
Total assets at fair value	$ 2,878,476	$ 311,669	$ -	$ 3,190,145

5. REPORTABLE TRANSACTIONS

During the years ended December 31, 2011 and 2010, there were no reportable transactions, no investments both acquired and disposed of within the Plan year, no loans or leases in default or uncollectible or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

6. PROHIBITED TRANSACTIONS

During the year ended December 31, 2011, the Company inadvertently failed to deposit $234,479 of participant deferrals within the required time frame as stated by the DOL. The DOL considers late deposits to be prohibited transactions.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are units of interest bearing cash managed by the Custodian and therefore, these transactions qualify as party-in-interest transactions. Any purchases and sales of these investments are performed on the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA and the IRC. The Plan provides for full and immediate vesting of all participant rights upon termination of the Plan.

9. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	2011	2010
Investments at fair value:		
Mutual funds	$ 2,462,290	$ 2,875,260
Common/collective trusts	268,752	311,669
Interest-bearing cash	-	3,216
Notes receivable from participants	60,514	74,073
	$ 2,791,556	$ 3,264,218
Investment income (loss):		
Net appreciation (depreciation) in fair value of investments	$ (150,308)	$ 303,777
Interest and dividends	43,224	64,066
	$ (107,084)	$ 367,843

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

The net appreciation (depreciation) in the fair value of Plan investments for the years ended December 31, 2011 and 2010 is attributable to the following:

	2011	2010
Mutual funds	$ (155,710)	$ 297,192
Common/collective trusts	5,402	6,585
	$ (150,308)	$ 303,777

10. TAX STATUS

The Company has adopted the Alerus Financial, N.A. Defined Contribution Prototype Plan and Trust. The Internal Revenue Service has issued an opinion letter dated March 31, 2008 stating that the plan is acceptable under Section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

10. TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

11. NEW ACCOUNTING PRONOUNCEMENTS

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification ("ASC") 820 *Fair Value Measurements and Disclosures* ("ASC 820") to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards ("IFRSs"). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

In January 2010, the FASB issued ASU No. 2010-06, *Improving Disclosures about Fair Value Measurements*. This ASU amended ASC 820 and required new disclosures about transfers into and out of Levels 1 and 2 and separate disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements. It also clarified existing fair value disclosures about the level of disaggregation and about inputs and valuation techniques used to measure fair value. The new disclosures and clarifications of existing disclosures were effective for the Plan's fiscal year ending December 31, 2010, except for the disclosures about purchases, sales, issuances, and settlements relating to Level 3 measurements, which are effective for the Plan's fiscal year ending December 31, 2011. The adoption of this guidance did not have a significant impact on the Plan's net assets available for benefits or its changes in net assets available for benefits, as changes were related to the fair value measurement disclosures.

12. TRANSFER OF PLAN ASSETS

During 2011, a group of employees left the Company to start a new entity known as Fish Technologies, LLC. During 2011, net transfers of Plan assets amounted to $396,849, which was comprised of a transfer to the Fish Technologies 401(k) Plan in February 2011.

13. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 3, 2012, the date the financial statements were available to be issued.
