DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2011 AND 2010

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General – Effective January 1, 2012, the Plan was amended to change the name from Dental Care Partners, Inc. Retirement Savings Plan to Dental One, Inc. Retirement Savings Plan (Note 10). The name change has been adopted in these financial statements. The Plan is a defined contribution plan covering substantially all employees of Dental One Inc. (the Company). Through August 31, 2011 employees who had attained age twenty-one (21) and completed one year (1) of service were eligible to participate. Effective September 1, 2011, eligibility was changed from completion of one (1) year of service to six months elapsed time. Participants enter the plan on the first day of the month immediately following or coincident to completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may make contributions as a percentage of annual compensation (minimum 1% to maximum 90%), not to exceed Internal Revenue Service (IRS) limitations. The plan has capped contributions for highly-compensated employees at 4% of annual compensation in an effort to increase likelihood of passing certain annually required non-discrimination tests. Participants exceeding the cap receive refunds of the excess deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may contribute to the Plan an amount of matching contributions determined by the Company at its discretion. The Company matching contribution was 20% of the first 6% of base compensation that a participant contributed to the Plan during the period from through September 30, 2010, at which time the matching contribution was suspended. Discretionary employer profit sharing contributions are also permitted.

Vesting – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of service or at their normal retirement date. A service year is defined as 1,000 or more hours worked in a calendar year. Forfeited balances of terminated participants' nonvested accounts are used to pay plan expenses or reduce future Company contributions. The amount of such forfeitures during the years ended December 31, 2011 and 2010 was \$22,114 and \$25,496, respectively. Employer contributions for the years ended December 31, 2011 and 2010 were reduced by \$26 and \$11,913, respectively, from available forfeitures.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and employer contributions in whole increments to any of the investment fund options offered by the Plan. In addition to participant-directed programs, the plan allows participants to self-direct their investments. The self-directed program allows participants to invest their account balances, within certain specified limitations, in lieu of the various formal investment programs offered by the plan. The accounts are established through agreement with State Street Bank as custodian in the name of the trust. Participants may change their investment options and transfer funds between investment options daily.

Administrative Fees – The Plan sponsor pays certain administrative fees on behalf of the Plan.

DENTAL ONE INC. RETIREMENT SAVINGS PLAN
NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2011 AND 2010

NOTE 1 – DESCRIPTION OF PLAN (Con't)

Participant Loans – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range from 1 - 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits – On termination of service, death, disability, or retirement, a participant will receive a lump-sum amount equal to the vested value of their account. Certain participants who participated in a predecessor plan may elect to receive a distribution in a lump-sum payment or to receive installment payments not to exceed the life expectancy of the participant or their beneficiary.

Participants who prove financial hardship may withdraw a portion of their account balance, as determined by the plan administrator in accordance with current regulations.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a termination of the Plan, the Trust fund shall be distributed to participants within one year after the date of termination or the participant's account will be transferred as provided by the Plan agreement.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Accounting Pronouncements – In May 2011, the financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-4, which amends Accounting Codification Standards (ASC) 820, *Fair Value Measurements*, to improve consistency in the application of fair value measurement and disclosures between U.S. generally accepted accounting principles (US GAAP) and International Financial Reporting Standards (IFRS) and clarify existing fair value disclosures. The amended guidance is effective for interim and annual periods beginning after December 15, 2011, with an early adoption not permitted. The adoption is not expected to materially affect the Plan's financial statements.

In September 2010, the FASB issued new accounting guidance on reporting loans to participants by defined contribution pension plans. The new guidance requires participant loans to be measured at their unpaid principal balance plus any accrued but unpaid interest and to be classified as notes receivable from participants. Previously, loans were measured at fair value and classified as investments. The guidance became effective for plan reporting periods ending after December 15, 2010.

In January 2010, the FASB issued ASU No. 2010-06, which also amended ASC 820, *Fair Value Measurements*, adding new disclosure requirements for Levels 1 and 2, and certain additional disclosures related to Level 3 measurements and clarification to existing fair value disclosures. The adoption did not materially affect the Plan's financial statements.

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

NOTES TO THE FINANCIAL STATEMENTS (Con't.)
YEARS ENDED DECEMBER 31, 2011 AND 2010

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Valuation of Investments – The Plan's investments are stated at fair value. The investments in registered investment companies are stated at fair value based on the quoted market price of the funds held by the Plan at year end. All investments in the Plan are fully participant directed. As required by FASB ASC 946-10-05, the Statement of Net Assets Available for Benefits presents the fair value of the Plan's investment in a common/collective trust which has underlying assets in investment contracts, as well as the adjustment of the underlying fully benefit- responsive investment contracts from fair value to contract value. In this case, contract value approximates fair value.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent Events - The Plan evaluated events occurring between the end of the plan year and October 10, 2012, the date of the financial statements. No recognized or unrecognized subsequent events have occurred through this date.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ASC 820-10-05, *Fair Value Measurements* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Observable inputs (other than level 1) including:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS (Con't.)
 YEARS ENDED DECEMBER 31, 2011 AND 2010

NOTE 3 – FAIR VALUE MEASUREMENTS (Con't)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Registered Investment Companies: Valued at the quoted market price of the mutual funds held by the plan at year end.

Common/Collective Trusts: Stated at net asset value as determined by the trustee at the end of the Plan year except when holding fully benefit-responsive investment contracts as described below.

Participant-directed Brokerage Accounts: Account holdings are valued daily at quoted market prices of the underlying investments and updated to each participant account daily.

The Plan's investments in the Wells Fargo Stable Fund and Federated Capital Preservation Fund, common collective trusts, have entered into fully benefit responsive investment contracts to provide preservation of principal, maintain a stable interest rate, and provide liquidity at contract value for participant withdrawals and transfers. For purposes of the Statement of Net Assets Available for Benefits, these investments are stated at fair value, rather than contract value, to the extent they are fully benefit-responsive. The fair value of these investments is determined using the market price of the underlying securities and the value of the investment contract. In this case, contract value approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011.

Assets at Fair Value as of December 31, 2011

In accordance with Revenue Procedure 2006-1 and Announcement 2001-77, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – MERGED PLANS

On November 1, 2010, the plan received net assets from the merger with separate dental practices previously managed by an affiliated practice management firm. The net assets transferred amounted to \$232,701 and are included in the Net Assets Available for Benefits at December 31, 2010.

On September 1, 2011, the affiliated dental practice management firm merged its plan into the Dental One Inc. Retirement Savings Plan and transferred all assets held as reported on the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 – PLAN AMENDMENTS

As discussed in Note 1, the plan sponsor, Dental One, Inc. (formerly known as Dental Care Partners, Inc.) amended the *Automatic Data Processing Flexible Defined Contribution Prototype Plan Profit Sharing Plan and Trust Non-standardized 401(k) Plan*, originally signed and effective October 8, 2009. Effective September 1, 2011, eligibility was changed from attaining age 21 and the completion of one (1) year of service to attaining age 21 and completion of six (6) months of eligible service. Any employee who transferred from the formerly-named Dental One, Inc. plan (Note 9 – restructuring occurred July 1, 2010), was granted eligibility using their original hire date for purposes of eligibility.

Effective January 1, 2012, the Plan sponsor changed its name from Dental Care Partners, Inc to Dental One, Inc. The plan was amended, accordingly, to change the name of the plan from Dental Care Partners, Inc. Retirement Savings Plan to Dental One, Inc. Retirement Savings Plan.

The Plan was then amended and restated effective July 1, 2012. All employees who attain age 18 and complete sixty (60) days of elapsed time service become eligible to participate immediately following or coincident with the date the employee completes the eligibility conditions. An automatic deferral provision became effective September 1, 2012 whereby enrollment is automatically granted to employees meeting such eligibility requirements unless the employee makes an affirmative statement waiving such participation. Any such automatically enrolled employee is subject to a deferral rate of 3% of eligible compensation. Each July 1 thereafter, a scheduled increase of 1% will be added to the automatic deferral rate, up to a maximum of 10%. Prior to the auto escalation date, participants may opt out of this feature as well. The provisions for matching contributions or discretionary profit sharing contributions and other provisions previously enjoyed remain substantially identical to the previous arrangement.
