***To the Participants and Administrator of the
T-Mobile Puerto Rico 1165(e) Plan
EIN: 91-1983600
Plan No: 001
Bellevue, Washington***

We have audited the accompanying statements of net assets available for benefits of the T-Mobile Puerto Rico 1165(e) Plan (the "Plan") and the related supplementary information as of December 31, 2011. This financial statements and supplementary information are the responsibility of the Plan's management. Our responsibility is to express an opinion on this financial statement and supplementary information based on our audit. We were also engaged to audit the accompanying statement of net assets available for benefits as of December 31, 2010 and the statement of changes in net assets available for plan benefits for the year ended December 31, 2011. These financial statements are also the responsibility of the Plan's management.

Except as discussed in the following paragraph, we conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investment assets held by Transamerica Life Insurance Company (Transamerica), a trustee of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's statement of net assets available for benefits as of December 31, 2010, and with respect to the statement of changes in net assets for the period from January 1, 2011 through January 31, 2011, except for comparing the information provided by Transamerica, which is summarized in Note 4, with the related information included in the financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the Plan's statement of net assets available for benefits as of December 31, 2010, and for the statement of changes in net assets available for benefits for the year ended December 31, 2011. The form and content of the information included in these financial statements, other than that derived from the information certified by the trustee, have been audited by us and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

In our opinion, the statement of net assets available for benefits as of December 31, 2011, presents fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011, in conformity with accounting principles generally accepted in the United States of America.

Our audit of the Plan's financial statements as of and for the year ended December 31, 2011, was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary information is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2011

Note 1 - Plan Description

During 2008, SunCom Wireless Management Company, Inc. was acquired by T-Mobile USA, Inc. ("T-Mobile"). As a result of the acquisition, T-Mobile assumed sponsorship of the Plan effective May 30, 2008. The SunCom Puerto Rico 1165(e) Plan was amended and the Plan name changed to T-Mobile Puerto Rico 1165(e) Plan (the "Plan").

The following description of the Plan is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is an 1165(e) profit-sharing plan under Section 1165(a) of the Puerto Rico Internal Revenue Code of 1994 (the "PRIRC"), as amended, and covers all employees of T-Mobile Puerto Rico, LLC (the "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Eligibility - Employees are eligible to participate in the Plan immediately upon the start of employment. Employees who have completed six months of service as defined by the plan provisions are eligible to receive allocations of employer matching contributions. An employee is also eligible to participate in any employer discretionary profit-sharing contributions after completing six months of service and if employed on the last day of the plan year.

Plan Administration - The Plan is administered by the Retirement Committee, which consists of certain employees of T-Mobile. Transamerica Life Insurance Company served as the custodian of the Plan for the year ended December 31, 2010 and for the period January 1, 2011 through January 31, 2011. Effective February 1, 2011, T. Rowe Price Retirement Plan Services became the custodian and recordkeeper for the Plan.

Contributions - Participant elective deferral contributions are equal to a portion of compensation as specified in the written elective deferral agreement. The elective deferral agreement may be effective the first day of any payroll period following a participant's entry date. Elective deferral contributions shall be limited as needed to meet nondiscrimination tests. Participants may contribute up to 10% of their pretax annual compensation not to exceed the PRIRC limitation of \$10,000 for the year ended December 31, 2011.

The Plan provides for a matching contribution to be made by the Company to each participant based on his or her elective deferrals equal to 100% of the first 3% of each participant's elective deferral contribution and 50% of the next 2% of each participant's elective deferral contribution. The matching contribution is made on a payroll period basis. The Plan also provides for both a fixed and discretionary profit-sharing contribution to be made by the Company. The fixed profit-sharing contribution was equal to 2% of compensation, as defined. 2008 was the final fixed profit-sharing contribution. In addition, for each plan year, the Company may make additional discretionary profit-sharing contributions in such amounts as the Company may determine from time to time. No discretionary profit-sharing contributions were made for the year ended December 31, 2011.

Effective February 1, 2011, employees are automatically enrolled in the Plan following eligibility, unless they have already enrolled in the Plan or have declined enrollment in the Plan prior to that time. The automatic enrollment feature sets the employee's deferral rate at 2% of eligible compensation. A participant can decline the automatic enrollment or cease employee deferral contributions by providing a written notification to the employer.

Notes to Financial Statements

For the Year Ended December 31, 2011

Note 1 - Continued

Participant Accounts - Participants are provided with a selection of investments in which to invest contributions. Earnings and losses are credited to each participant's account based upon the performance of the respective funds selected by the participant. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their elective deferral contributions, employer matching contributions, rollovers and earnings or losses thereon. Participants are vested in the Company's fixed and discretionary profit-sharing contributions and the earnings or losses thereon in accordance with the following table:

<u><i>Years of Service</i></u>	<u><i>Percentage Vested</i></u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Participants become fully vested in the Company's fixed and discretionary profit-sharing contributions on their early or normal retirement dates, death or termination of employment due to total and permanent disability.

Notes Receivable from Participants - Plan participants may borrow from their fund accounts, generally for periods not to exceed five years, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. If loans are for the purchase of a primary residence, repayment periods can extend up to ten years. Interest is paid by the borrower at a rate determined by the plan administrator based on the prevailing interest rates for loans made under similar circumstances and is retained in the borrower's account until the account balance is withdrawn. The interest rates on outstanding loans ranged from 3.25% to 8.25% at December 31, 2011, and mature through February 2019.

Payment of Benefits - On termination of service due to death, total and permanent disability, retirement or termination, a participant or beneficiary may elect to receive either a lump-sum distribution equal to the value of the participant's vested interest in his or her account, or an annuity to be paid in monthly installments over a fixed and reasonable period of time, not exceeding the life expectancy of the participant or designated beneficiary. The Plan also provides for hardship withdrawals in accordance with provisions specified in the plan document.

Forfeited Accounts - Unapplied forfeited nonvested accounts are used at the discretion of the Company, and can be utilized to reduce either employer contributions or administrative expenses. At December 31, 2011 and 2010, forfeited nonvested accounts were \$71,438 and \$68,743, respectively. No forfeitures were used during the year ended December 31, 2011 to reduce employer contributions.

T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2011

Note 1 - Continued

Plan Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance. In 2011, the Company paid for substantially all plan administration expenses, including trustee, administration, loan, and hardship withdrawal fees. Administrative expenses paid for by the Plan for the year ended December 31, 2011 totaled \$4,586.

Subsequent Events - The Plan's management has evaluated subsequent events through October 4, 2012, the date on which the Plan's financial statements were available to be issued.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting. In accordance with generally accepted accounting principles (GAAP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value approximated contract value as of December 31, 2010. The Plan did not hold any fully benefit-responsive investment contracts as of December 31, 2011.

Payment of Benefits - Benefits are recorded when paid. As of December 31, 2011 and 2010, there were no benefit payments that had been requested but not paid.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments represents the change in fair value of assets from one period to the next and realized gains and losses on investments.

Notes to Financial Statements For the Year Ended December 31, 2011

Note 3 - Fair Value Measurements

GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds - Valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held by the Plan at year-end.

Money Market Funds - Valued at cost plus accrued interest, which approximates fair value.

Pooled Separate Accounts - Valued at the accumulation unit value which is based on a combination of the fund net asset value and the separate account charges.

Investment Contract with Insurance Company - Valued at contract value, which approximates fair value, as reported to the Plan by Transamerica Life Insurance Company.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Under this provision of ERISA, certain information certified by Transamerica Life Insurance Company need not be subjected to independent audit.

Note 5 - Continued

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$303,671 as follows:

	<u>\$ (303,671)</u>

Note 6 - Related Party Transactions

Caribbean Pension Consultants provided recordkeeping services to the Plan from January 1, 2011 through January 31, 2011, and therefore transactions with Caribbean Pension Consultants qualify as party-in-interest transactions. Fees paid by the Plan to Caribbean Pension Consultants for the year ended December 31, 2011, amounted to \$736, which consist of loan origination fees and hardship withdrawal fees assessed to participants.

T. Rowe Price Retirement Plan Services provided recordkeeping services to the Plan from February 1, 2011 through December 31, 2011, and therefore transactions with T. Rowe Price Retirement Plan Services qualify as party-in-interest transactions. Fees paid by the Plan to T. Rowe Price Retirement Plan Services for the year ended December 31, 2011, amounted to \$3,850, which consist of loan origination fees and hardship withdrawal fees assessed to participants.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA, as amended. In the event of plan termination, the Company shall make no further contributions to the Plan and participants will become fully vested in their account balances.

Note 8 - Tax Status

The Plan obtained its latest determination letter on June 26, 2006, in which the Commonwealth of Puerto Rico, Department of Treasury stated that the Plan, as then designed, was in compliance with the applicable requirements of the PRIRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the PRIRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the Commonwealth of Puerto Rico Department of Treasury for certain tax periods based on applicable laws and regulations; however, there are currently no audits for any tax periods in progress.

T-MOBILE PUERTO RICO 1165(e) PLAN

Notes to Financial Statements For the Year Ended December 31, 2011

Note 9 - Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Note 10 - Delinquent Participant Contributions

Management determined that there were instances during 2011 and 2010 where employee deferral contributions were not segregated from general assets of the plan sponsor on a timely basis according to Department of Labor's (DOL) regulations. Late remittances of participant deferrals constitute nonexempt prohibited transactions under ERISA and have been reported separately in the supplementary information to the financial statements.

The late remittance of participant deferral contributions and loan repayments in 2011, totaled \$32,923. The deposit was remitted nine business days subsequent to the pay date. The Company self-corrected the error by remitting \$38 in lost earnings to the Plan during 2012.

There were four instances of late remittance of participant deferral contributions and loan repayments in 2010, totaling \$99,056. One of the deposits totaling \$11,608 was remitted 28 business days subsequent to the pay date; the remaining three deposits ranged from eight to ten business days subsequent to the pay dates. The Company remitted \$176 in lost earnings to the Plan during 2011.
