Independent Auditor's Report

To the Plan Administrator of the Neighborhood
Restaurant Partners, LLC 401(k) Plan
Duluth, Georgia

We were engaged to audit the financial statements of the Neighborhood Restaurant Partners, LLC 401(k) Plan ("the Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule as of December 31, 2011, as listed in the accompanying index. The financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 5, which was certified by Standard Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the investment information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2011 and 2010

Note 1 - Description of plan

The following description of the Neighborhood Restaurant Partners, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Neighborhood Restaurant Partners, LLC ("the Company") who have completed one year of service (1,000 hours) and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In October 2011, Neighborhood Restaurant Partners, LLC acquired an affiliate of AppleCreek Management Company, Inc. In connection with this acquisition, the plan name and sponsorship was changed from AppleCreek Management Company, Inc. 401(k) Plan to Neighborhood Restaurant Partners, LLC 401(k) Plan (Note 13).

Contributions

Each year, participants may contribute up to 100 percent of their annual compensation, including bonuses, up to the statutory limit of $16,500 for the 2011 Plan year, as permitted by the Internal Revenue Code of 1986, as amended. Participants aged fifty years or over are allowed to contribute an additional $5,500 over the base statutory limit as permitted by EGTRRA. The Company matches employee contributions equal to fifty percent on the first five percent of base compensation and may contribute a discretionary amount to be allocated proportionately to each participant's account. The Company made a discretionary contribution of $19,100 during the year ended December 31, 2011. Participants may contribute amounts representing distributions, rollovers, or transfers from other qualified plans.

Participant accounts

Each participant's account is credited with the participant's contribution and the Company's matching contribution as defined above. Allocation of the Company's discretionary contributions and Plan earnings are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover, and plan to plan transfers plus actual earnings thereon. Vesting in employer matching and discretionary contributions, plus earnings thereon, is based on years of continuous service.

Participants are vested in employer matching contributions, plan earnings, and other discretionary contributions as follows:

Completed Years of Service	Vesting percent
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Investment options
Upon enrollment in the Plan, a participant may direct employer and employee contributions into any of at least eighteen investment options. Participants may change their investment options at anytime via the telephone or internet and can stop making salary deferral contributions at anytime. A participant may enroll in the plan only on the first of each calendar quarter.

Participant loans
Participants may borrow from their vested account balances. The loan amount must be greater than or equal to $1,000, but may not exceed the lesser of:

1. 50% of the present value of the participant's vested balance
2. $50,000, reduced by the excess (if any) of:
   a. The highest outstanding balance of all loans made under the Plan during the one-year period ending on the day before the most recent loan was made, over
   b. The outstanding balance of all loans made under the Plan on the date as of which the most recent loan was made.

Payment of benefits
Upon termination of service due to death, disability or retirement, or by choice of the participant or by that of management, the participant shall have the following distribution options made available to them: if the vested account balance is less than $1,000, a lump sum distribution will be made; greater than $1,000, but less than $5,000, the participant can elect a direct rollover to another qualified plan or a lump sum distribution; and if greater than $5,000, the participant may elect to receive a direct rollover to another qualified plan or a lump sum distribution or installment distributions based on the life expectancy of the participant or the joint life expectancy of the participant and the participant's beneficiary. If a terminated participant's vested balance is between $1,000 and $5,000 and the participant makes no election, the Company has the discretion to pay the distribution in the form of a direct rollover to an individual retirement plan designated by the Company.

Hardship distributions
Hardship distributions are allowed subject to the provisions of the Plan and administrative approval. A hardship distribution can only be made if there is an immediate and heavy financial need.

Forfeited accounts
Forfeitures attributable to employer matching contributions may be used to reduce future employer matching or discretionary contributions or to pay administrative expenses of the plan. Forfeitures totaling $12,180 were used to pay $4,005 in administrative expenses for the year ended December 31, 2011, and $8,175 were used to reduce contributions. At December 31, 2011 and 2010, the balances of the forfeited non-vested account was $795 and $0, respectively.

Note 2 - Summary of significant accounting policies

Basis of accounting
The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

As prescribed by the Financial Accounting Standards Board ("FASB"), investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FASB, the statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition
Shares of mutual funds are valued at quoted market prices in an active market which represent the net asset value of shares held by the Plan at year end. The unrealized appreciation or depreciation of the investments, based upon the quoted market value at year end, is recorded as an increase or decrease in net assets available for benefits. Purchases and sales are recorded on trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participant loans are valued at amortized cost, which approximates fair value. The group annuity guaranteed investment contract is included in the financial statements at fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

Notes receivable from participants
Notes receivable from participants are reported at the unpaid principal balance. Accrued interest on notes receivable from participants equaled $0 for the years ended December 31, 2011 and 2010. Delinquent participant loans are reclassified as deemed distributions, a taxable event for the participant, based upon the terms of the Plan document.

Payment of benefits
Benefits are recorded when paid.

Risk and uncertainty
The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants account balances and the amount reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

Administrative costs
Certain administrative costs of the Plan are absorbed by the Plan Sponsor.

Note 3 - Investment contract with insurance company

The Plan has a group annuity guaranteed investment contract with the Standard Insurance Company (Standard) at December 31, 2011 and 2010. Standard maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and reduced for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The fair value of the investment contract at December 31, 2011 and 2010, was $743,671 and $792,794, respectively.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply.

Average yields:	2011	2010
Based on actual earnings	3.19%	3.20%
Based on interest rate credited to participants	3.16%	3.18%

Note 4 - Investments

The following schedule presents investments that represent five percent or more of the Plan's net assets as of December 31, 2011 and 2010:

	2011	2010
Mutual Funds		
Dodge and Cox International	$300,928	$352,529
Federated Mid-Cap	328,591	338,275
Harbor Capital Appreciation	359,163	339,057
T. Rowe Price Equity-Income	204,235	210,061
T. Rowe Price Mid-Cap Growth	312,301	394,055
Vanguard 500 Index Signal	415,996	372,346
Guaranteed investment contract		
Standard Stable Asset Fund	743,671	792,794

The Plan's investments depreciated in value by $50,831 during the year ended December 31, 2011.

Note 5 - Financial data certified by the Plan's trustee (unaudited)

At December 31, 2011 and 2010, the Plan's investments were held by the Trustee (Note 6). The Trustee certified all investment values and transactions as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974, as of and for the years ended December 31, 2011 and 2010.

The values of investments certified as complete and accurate at December 31, 2011 and 2010, as reported by the Trustee were $3,352,080 and $3,554,037, respectively. Substantially all of the net depreciation in the fair value of investments and interest and dividend income included in the statement of changes of net assets available for benefits as well as the information included on the supplementary schedule, was also certified as complete and accurate by the Trustee.

Note 6 - Administration of Plan assets

The Plan's assets were held by the Trustee, Standard Insurance Company, during the years ended December 31, 2011 and 2010. The Trustee provides record keeping and investment services to the Plan. Company contributions are managed by the Trustee. The Trustee also invests cash, interest and dividends and makes distributions to participants.

Administrative functions are performed by officers or employees of the Company. No officer or employee received compensation from the Plan. The majority of all of the administrative expenses for the Plan are paid from the Plan assets from forfeiture funds, if available.

Note 7 - Plan termination

The Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 - Tax status

Management believes that the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, is exempt from taxation. The Internal Revenue Service has determined and informed the Company with a determination letter dated September 2, 2003, that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States of America. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's tax returns are subject to routine examinations by regulatory authorities and as of December 31, 2011, the returns for the last three years remain open for examination.

Note 9 – Excess participant contributions payable

The Plan initially failed the ADP/ACP nondiscrimination tests for the 2011 and 2010 plan years. Corrective action in the form of refunding excess contributions was taken. This subsequent action allowed the Plan to pass all of its 2011 and 2010 plan year compliance testing. The accompanying statements of net assets available for benefits include $8,638 and $5,397, in excess participant contributions payable to participants related to this issue as of December 31, 2011 and 2010, respectively.

Note 10 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010, to Schedule H, Form 5500:

	2011	2010
Net assets available for benefits per the financial statements	$3,745,789	$3,936,355
Add:		
Excess contributions payable	8,638	5,397
Less:		
Deemed distributions	(13,079)	(6,170)
Contributions receivable	-	(12,761)
Net assets available for benefits per Schedule H, Form 5500	$3,741,348	$3,922,821

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2011, to Schedule H, Form 5500:

Contributions per financial statements	$399,778
Add: Contributions receivable, beginning of year	12,761
Contributions per Schedule H, Form 5500	$412,539

Note 11 - Related party transactions

Certain Plan investments at December 31, 2011 and 2010, are in shares of investment contracts managed by The Standard Insurance Company. The Standard Insurance Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Note 12 - Fair value measurements

Generally accepted accounting principles require that certain assets and liabilities be measured at fair value on a recurring basis. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Additionally, the inputs used to measure fair value are prioritized based on a three-level hierarchy. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of inputs used to measure fair value are as follows:

Level 1 Inputs
Valuations based on unadjusted quoted prices for identical instruments in active markets that are available as of the measurement date.

Level 2 Inputs
Valuations based on unadjusted quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 Inputs
Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs to minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds - valued at the quoted net asset values of the shares held by the Plan at year-end.

Stable asset fund – guaranteed investment contract valued at fair value by unitization valuation processes.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its

valuation methods are appropriate and consistent with other market participants, the use of different methodologies could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan assets at fair value, as of December 31, 2011 and 2010:

	Total	Level 1	Level 2	Level 3

Issuances, payments, and settlements (net)	(49,123)
Balance, end of year	$743,671

Note 13 - Subsequent events

Effective January 1, 2012, the Plan was officially amended to change general information about the Plan including employer, plan administrator, and trustee of the Plan as a result of the Company's acquisition of an affiliate of the previous Plan sponsor (Note 1). In addition, amendments were made to eligibility requirements where years of service with certain companies previously acquired by the Company (Neighborhood Restaurant Partners, LLC) was counted for Plan participation and vesting eligibility purposes .

Management has evaluated subsequent events through September 27, 2012, which is the date the financial statements were available to be issued.
