We were engaged to audit the accompanying statements of net assets available for benefits of the Forrest Machining, Inc. 401(k) Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011 and the supplemental Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Capital Bank and Trust Company, the trustee of the Plan, and John Hancock Life Insurance Company USA (John Hancock USA), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that John Hancock USA held the Plan's investment assets and executed investment transactions from December 22, 2011 to December 31, 2011, and that Capital Bank and Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2010 and for the period January 1, 2011 to December 30, 2011. The plan administrator has obtained certifications from John Hancock USA and Capital Bank and Trust Company as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by John Hancock USA and Capital Bank and Trust Company is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by John Hancock USA and Capital Bank and Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Forrest Machining, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1999, Forrest Machining, Inc. (the "Employer") established the Plan as a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code ("IRC"), subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective December 22, 2011, the Plan terminated their contract with Capital Bank and Trust Company as trustee and contracted with John Hancock Life Insurance Company USA ("John Hancock USA") as the new custodian and recordkeeper. As a result, Plan assets of $1,810,775 were transferred from Capital Bank and Trust Company to John Hancock USA on December 30, 2011.

In addition, effective January 1, 2011, the Plan was amended to allow for safe harbor matching contributions.

2. Eligibility

An employee is eligible to make deferral contributions to the plan on the first day of each quarter upon completion of one year of service and attainment of age 21. Employees are eligible for Employer contributions upon completion of one year of service during which at least 1,000 hours are worked, be employed on the last day of the plan year and attainment of age 21. Employees who are non-resident aliens, leased employees, or independent contractors are not eligible to participate in the Plan.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, up to 100% of their eligible compensation up to the maximum deferral limit per Section 402(g)(1) of the IRC of $16,500 for the plan year ended December 31, 2011. Additional "catch-up" contributions may be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution is $5,500 for the year ended December 31, 2011.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

3. Contributions (Continued)

For the year ended December 31, 2011, the Employer made safe harbor matching contributions equal to 100% of deferrals up to 3% of compensation plus 50% of deferrals in excess of 3% of compensation, not to exceed 5% of compensation. This contribution totaled $122,207 and is included as a receivable in the statement of net assets available for benefits as of December 31, 2011. For the year ended December 31, 2011, Employer contribution income of $67,088 is comprised of safe harbor matching contributions, net of the change in accrual for the qualified non-elective contributions (see Note F).

In addition, the Employer may make discretionary matching, qualified non-elective and profit sharing contributions to the Plan. There were no Employer discretionary matching, qualified non-elective or profit sharing contributions during the year ended December 31, 2011.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Employer safe harbor matching contributions, Employer discretionary matching contributions, Employer profit sharing contributions, and forfeitures, if any, and Plan earnings. Plan earnings are allocated based on participant account balances.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of several investment options offered by John Hancock USA effective December 22, 2011 and Capital Bank and Trust Company prior to December 22, 2011. Participants may change their investment options daily.

6. Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum of 50% of their vested account balance (not to exceed $50,000, less the highest outstanding loan balance during the prior twelve month period). All loans shall bear interest at a reasonable rate equivalent to the prime rate plus 2%. Loans must be paid back within five years of the date of issuance in accordance with terms established by the plan administrator. Loans for the purchase of a principal residence may be paid back over a longer period of time, as determined by the Plan administrator, but not to exceed 30 years. Loans are due and payable upon the participant's termination of employment with the Employer. Participants may only have one loan outstanding at any given time.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

7. Vesting

Employee deferral contributions, employee rollovers, Employer safe harbor matching contributions, Employer qualified non-elective contributions, and actual earnings thereon are fully vested at all times. Vesting of discretionary Employer matching contributions, Employer profit sharing contributions, and actual earnings thereon occurs based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

8. Benefit Payments

Upon termination of employment with the Employer, a participant will automatically receive a lump sum disbursement if his or her vested account balance is $5,000 or less. If the vested account balance is greater than $5,000, the participant may elect to receive a lump sum disbursement at any date subsequent to termination. In the event of death, attainment of normal retirement age, or total and permanent disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account.

9. Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to pay administrative expenses of the Plan and then to reduce the Employer contributions for the Plan year following the Plan year in which the forfeitures occur. There were no outstanding forfeitures available as of December 31, 2011 and 2010.

10. Plan Termination

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

3. Administrative Expenses

Certain administrative expenses incurred by the custodian in performance of its duties are paid from the assets of the Plan. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer.

4. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

7. Subsequent Events

Plan management has evaluated subsequent events through October 10, 2012, the date the financial statements were available to be issued.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

8. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN AND TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to certain information certified by John Hancock USA, a custodian, and Capital Bank and Trust Company, a trustee, as of December 31, 2011 and 2010 and for the year ended December 31, 2011, as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian and trustee to information included in the Plan's financial statements and supplemental schedule.

Total investments held and certified by John Hancock USA in the accompanying statements of net assets available for benefits were $1,658,011 as of December 31, 2011. Total notes receivable from participants certified by Capital Bank and Trust Company in the accompanying statements of net asset available for benefits were $159,054 as of December 31, 2011. Total investments and notes receivable from participants held and certified by Capital Bank and Trust Company in the accompanying statements of net assets available for benefits were $1,672,916 as of December 31, 2010. The net investment loss certified by John Hancock USA and Capital Bank and Trust Company in the accompanying statement of changes in net assets available for benefits was $378 for the year ended December 31, 2011. Interest income on notes receivable from participants certified by Capital Bank and Trust Company in the accompanying statement of changes in net assets available for benefits was $7,986 for the year ended December 31, 2011.

Investments that represent 5% or more of total net assets available for benefits as of December 31, 2011 and 2010 were as follows:

	2011	2010
Investments at fair value:		
AMCAP Fund	$ -	$ 150,255
Capital World Growth and Income Fund	$ -	$ 108,280
The Income Fund of America	$ -	$ 129,805
American Balanced Fund	$ -	$ 298,755
Money Market Fund	$ -	$ 452,254
Lifestyle Conservative	$ 1,521,466	$ -
John Hancock Stable Value Fund	$ 124,968	$ -

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN AND TRUSTEE (Continued)

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $15,844. These investments consist primarily of pooled separate accounts offered by the custodian, effective December 22, 2011 (mutual funds offered by the trustee prior to December 22, 2011).

NOTE D - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a consistent framework for measuring fair value and expands disclosure requirements about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Money Market Fund: Valued at cash plus accrued interest.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

Pooled separate accounts: The net asset value ("NAV") of these accounts is based on the market value of its underlying investments. The NAV is not a publicly quoted price in an active market. The pooled separate accounts do not have unfunded commitments relating to its investments, or any significant restrictions on participant-directed withdrawals. Participant-directed withdrawals can be made on any business day and do not have a redemption notice period. Participant-directed transfers to other investments options are generally limited to two per calendar month.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011

	Level 1	*Level 2*	*Level 3*	*Total*

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

The trustee and custodian are parties-in-interest with respect to the Plan. Plan investments are held with the trustee and custodian and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F - TAX STATUS

The Internal Revenue Service ("IRS") issued its latest determination letter dated December 20, 2010, which stated that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving its most recent determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Administration errors, if any, that are insignificant or operational in nature are handled by the plan administrator in accordance with applicable IRS correction policies. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE F - TAX STATUS (continued)

The Plan failed the actual deferral percentage ("ADP") non-discrimination test for the 2010 plan year, and a qualified non-elective contribution ("QNEC") receivable was reflected in the accompanying financial statements as of December 31, 2010 in the amount of $91,074. Subsequent to issuance of the December 31, 2010 audit report and financial statements, the plan sponsor elected another method of correction for this failure, whereby excess contributions were to be refunded to certain highly compensated employees. However, only a portion of these excess contribution refunds were processed during 2011. As a result, a one-to-one correction in which a QNEC, estimated in the amount of $35,955, is required to be deposited to the Plan and excess contributions, estimated in the amount of $35,955, are required to be refunded to certain highly compensated employees by December 31, 2012, in order to maintain the Plan's qualified tax status. Accordingly, the QNEC receivable and excess contributions payable are reflected in the accompanying financial statements as of December 31, 2011. The plan administrator and tax advisors believe that the correction for this operational error has been properly handled under the IRS's Employee Plans Compliance Resolution System. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2008.

NOTE G- RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
