Notes to Financial Statements

1. Description of Plan

The following brief description of Handy & Harman Ltd. Savings Plan for Bargaining Employees (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established on August 1, 2001, subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan's assets are held in trust by T. Rowe Price Trust Company.

The Plan covers employees who are covered by a Collective Bargaining Agreement at the Handy & Harman subsidiary, Indiana Tube Corporation. These employees are eligible to become participants of the Plan on the first day of the calendar quarter after completing three months of service.

Previously the WHX Savings Plan for Bargaining Employees, effective January 1, 2011, the new plan name is Handy & Harman Ltd. Savings Plan for Bargaining Employees.

Contributions

For each Plan year, participants may contribute, through payroll deductions, an amount not to exceed 75% of their compensation, as defined in the Plan, on a before-tax basis, not to exceed an annual maximum amount as determined by the Internal Revenue Service Rules and Regulations. Previously, the company provided matching contributions equal to 10% of an employee's elective deferral with a limitation equal to 3% of an employee's compensation. Effective April 1, 2011, the company provides matching contributions equal to 50% of an employee's elective deferral with a limitation equal to 6% of an employee's compensation.

Rollover contributions from other plans will be accepted by this Plan.

Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately (100%) vested in their contributions and match and the related earnings in their account balances.

Benefit Payments

Participants receive a lump sum distribution of their account balances as soon as practicable after termination. Terminated participants who have an account balance in excess of \$1,000 may elect to leave account balances in the Plan or withdraw the balance in a lump sum at any time. The Plan does not permit participants to receive distributions in any form other than a lump sum.

Handy & Harman Ltd. Savings Plan for Bargaining Employees

Notes to Financial Statements

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of 50% of their account balance, but not more than \$50,000. Note transactions are treated as a transfer to (from) the investment fund from (to) the participant loans fund. During the year ended December 31, 2011, note interest rates are prime plus 1%, fixed at the date of the note application. At December 31, 2011, participants notes bore interest rates ranging from 4.25% to 9.25%. Principal and interest are repaid directly to the participant's account through payroll deductions. A \$50 loan administrative fee is assessed to the participant at the time a note is taken from the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

All Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The net depreciation in the fair value of investments consists of the net realized gains and losses on the disposal of investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions relating to the reporting of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Handy & Harman Ltd. Savings Plan for Bargaining Employees

Notes to Financial Statements

Mutual Funds Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Risks and Uncertainties

The Plan has made available through T. Rowe Price, various investment options. These investment options are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through October 10, 2012, the date the financial statements were available to be issued.

3. Investments

The data below is based upon information, which has been certified as accurate and complete by T. Rowe Price Trust Company.

The following presents investments that represent 5% or more of the Plan assets at December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Capital Appreciation Fund	\$302,315	\$327,093
Equity Index 500 Fund	149,185	197,675
Mid-Cap Growth Fund	388,303	458,746
Prime Reserve Fund	108,353	112,877
Spectrum Growth Fund	180,366	206,439
Spectrum Income Fund	164,352	173,934

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$44,145.

T. Rowe Price Trust Company, the trustee and record keeper of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010 and the schedule of assets (held at end of year) as of December 31, 2011 and the related investment activity (net depreciation in fair value of investments, interest income and dividend income) reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2011. This information was not subject to audit.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2 Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.
- Level 3 Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible, as well as, considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value at December 31, 2011 are classified in the table below in one of the three categories described above:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:

4. Fair Value Measurements (continued)

Financial assets carried at fair value at December 31, 2010 are classified in the table below in one of the three categories described above:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:				
Blend funds	\$ 404,114			\$ 404,114
Fixed income funds	179,576			179,576
Foreign funds	2,858			2,858
Growth funds	458,746			458,756
Mixed asset funds	335,467			335,467
Mixed asset target funds	<u>6,395</u>			<u>6,395</u>
Total mutual funds	1,387,156			1,387,156
Money market		\$112,878		112,878
Common/collective trusts		<u>184</u>		<u>184</u>
Total assets, at fair value	<u>\$1,387,156</u>	<u>\$113,062</u>	<u>\$ -</u>	<u>\$1,500,218</u>

The following is description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

Money market funds: Valued at amortized cost, which approximates the current fair value, but since the value is not obtained from a quoted price in an active market, such investment is reflected as Level 2.

Common/collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

5. Net Asset Value per Share:

The Plan expanded its disclosures to include fair value, unfunded commitment, redemption frequency and redemption notice period for those assets whose fair value is estimated using the NAV per share as of December 31, 2011 and 2010:

The following table presents the Plan's investments with a reported NAV at December 31, 2011 and 2010:

	Fair Value 2011	Fair Value 2010	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
T. Rowe Price Stable Value Common Trust Fund	\$3,854	\$ 184	Daily	1 day

T. Rowe Price Stable Value Common Trust Fund:

The objective of this fund is to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. The fund invests primarily in guaranteed investment contracts issued by insurance companies, and similar instruments that are intended to maintain a constant net asset value.

6. Investment Contract with Common/Collective Trust

The Plan invests in the T. Rowe Price Stable Value Common Trust Fund ("SVC Fund"), a fully-benefit responsive investment fund, which is valued at contract value. The SVC Fund is operated by T. Rowe Price Trust Company (the trust company or trustee), a wholly-owned subsidiary of T. Rowe Price Associates, Inc., which is wholly-owned by T. Rowe Price Group, Inc. The investment objectives of the trust are to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a plan without penalty or adjustment. To achieve these objectives, the SVC Fund invests primarily in guaranteed investment contracts issued by insurance companies, investment contracts issued by banks, synthetic investment contracts ("SICs") issued by banks, insurance companies and other issuers (collectively, investment companies) and securities supporting such SICs, as well as other similar instruments that are intended to maintain a constant NAV while permitting participant-initiated benefit-responsive withdrawals for certain events.

There are no reserves against contracts value for credit risk of the contracts' issuers or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was \$3,854 and \$184, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on at least a quarterly basis for resetting for the SVC fund.

Handy & Harman Ltd. Savings Plan for Bargaining Employees

Notes to Financial Statements

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	<u>2011</u>	<u>2010</u>
Average yields for SVC Fund:		
Based on actual earnings	2.69%	3.65%
Based on interest rate credited to participants	2.97%	4.10%

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

In the event of termination, the trustee is not required to make any distribution from the trust until such time as the Internal Revenue Service ("IRS") shall have determined in writing that such termination will not adversely affect the tax qualifications of the Plan.

8. Tax Status

The Plan has obtained its latest opinion letter on a prototype plan approved by the IRS, effective March 31, 2008. The IRS stated that the prototype plan, as designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Handy & Harman Ltd. Savings Plan for Bargaining Employees

Notes to Financial Statements

9. Party In Interest

Plan investments consist of shared mutual funds managed by T. Rowe Price Services, Inc. T. Rowe Price is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.
