Report of Independent Public Accountants

To the Plan Administrator
Handy & Harman Ltd. Savings Plan

We were engaged to audit the accompanying statements of net assets available for benefits of Handy & Harman Ltd. Savings Plan, (formerly WHX Savings Plan) (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statement but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Handy & Harman Ltd. Savings Plan

Notes to Financial Statements

1. Description of Plan

The following brief description of Handy & Harman Ltd. Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's assets are held in trust by T. Rowe Price Trust Company. The general operation and administration of the Plan are carried out by the Administrative Committee for the Plan (the "Committee").

Any employee of Handy & Harman and participating subsidiaries (the "Company"), who is not subject to a collective bargaining agreement of the Company which prohibits participation in the Plan, is eligible to become a member of the Plan after three months of service.

Previously known as the WHX Savings Plan, the Plan was amended effective January 1, 2011, and the Plan's name changed to Handy & Harman Ltd. Savings Plan.

Contributions

For each Plan year, participants may contribute up to 75% of pretax annual compensation, as defined in the Plan, not to exceed an annual maximum as determined by Internal Revenue Service (the "IRS") rules and regulations. Participants may also rollover contributions from other qualified defined benefit or contribution plans. Participant contributions may be limited as a result of nondiscrimination test criteria as defined by the Internal Revenue Code of 1986, as amended (the "Code").

Effective January 1, 2010, the Company matching contributions were being determined as follows: (i) 50% of the first 4% for the nonunion Olympic Manufacturing Group, Inc. employees who participate in the Savings Plan and (ii) 50% of the first 6% for all nonunion participants of the Savings Plans. Effective January 1, 2011, all nonunion participants of the Plan receive a company match of 50% of the first 6% of deferred compensation.

Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

The unit value of participant's accounts in a particular investment fund is computed by dividing that particular investment fund's net value by the total number of participant units in that investment fund.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution; and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Handy & Harman Ltd. Savings Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in the entire value of their accounts, including employer matching contributions plus actual earnings thereon. Participants are fully vested in the employer discretionary, non-elective contribution after completion of five years of service.

Benefits

Participants receive a lump sum distribution of their account balances as soon as practicable after termination. Terminated participants who have an account balance in excess of \$5,000 may elect to leave account balances in the Plan and withdraw the balance in a lump sum at any time. As of March 28, 2005, the Plan has been amended to reduce the minimum account balance required for such deferral from in excess of \$5,000 to in excess of \$1,000. A provision has been made to permit early withdrawal of the balance in an account in the event of hardship, as defined by the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of 50 percent of their account balance, not to exceed \$50,000. Loan terms typically range from 1 to 5 years and are collateralized by the balance in the participant's account. The interest rate on the loan is prime plus 1% at the date of the loan application. At December 31, 2011, participant loans bore interest at rates ranging from 4.25% to 9.25%. Principal and interest are repaid directly to the participant's account through payroll deductions.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$2,050 and \$20,156, respectively. These accounts will be used to reduce future employer contributions and administrative expenses. Also, in 2011, contributions were reduced by \$22,840 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Handy & Harman Ltd. Savings Plan

Notes to Financial Statements

The Plan presents in its statement of changes in net assets available for benefits the net depreciation in the fair value of investments which consists of the net realized gains and losses on the disposal of investments and the net unrealized depreciation in the fair value of investments held by the Plan as of December 31, 2011.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Mutual Fund Fees

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances, the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Subsequent Events

The Company has evaluated subsequent events through October 10, 2012, the date the financial statements were available to be issued.

3. Investment Certification

All asset and related investment activity in the 2011 and 2010 financial statements and supplemental schedule was certified to be complete and accurate by T. Rowe Price Trust Company, the trustee of the Plan.

T. Rowe Price Small Cap Value Fund	4,841,919	5,051,347

* The amount represents contract value for this investment

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$2,187,064.

5. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Handy & Harman Ltd. Savings Plan

Notes to Financial Statements

Common/collective trust: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Money markets: Valued at amortized cost, which approximates the current fair value, but since the value is not obtained from a quoted price in an active market, such investment is reflected as Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Net Asset Value per Share:

The Plan expanded its disclosures to include fair value, unfunded commitment, redemption frequency and redemption notice period for those assets whose fair value is estimated using the NAV per share as of December 31, 2011.

The following table presents the Plan's investments with a reported NAV at December 31, 2011 and 2010:

	<u>Fair Value</u> <u>2011</u>	<u>Fair Value</u> <u>2010</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
T. Rowe Price Stable Value Common Trust Fund	\$9,146,302	\$7,515,036	Daily	1 Day

T. Rowe Price Stable Value Common Trust Fund:

The objective of this fund is to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a retirement plan without penalty or adjustment. The fund invests primarily in guaranteed investment contracts issued by insurance companies, and similar instruments that are intended to maintain a constant net asset value.

7. Investment Contract with Common/Collective Trust

The Plan invests in the Stable Value Fund ("SVF") of T. Rowe Price Stable Value Common Trust Fund ("SVC Fund"), a fully-benefit responsive investment fund, which is valued at contract value. The SVC Fund is operated by T. Rowe Price Trust Company (the trust company or trustee), a wholly-owned subsidiary of T. Rowe Price Associates, Inc., which is wholly-owned by T. Rowe Price Group, Inc. The investment objectives of the trust are to maximize current income consistent with the maintenance of principal and to provide for withdrawals for certain participant-initiated transactions under a plan without penalty or adjustment. To achieve these objectives, the SVC Fund invests primarily in guaranteed investment contracts issued by insurance companies, investment contracts issued by banks,

Handy & Harman Ltd. Savings Plan

Notes to Financial Statements

synthetic investment contracts ("SICs") issued by banks, insurance companies and other issuers (collectively, investment companies) and securities supporting such SICs, as well as other similar instruments that are intended to maintain a constant NAV while permitting participant-initiated benefit-responsive withdrawals for certain events.

There are no reserves against contracts value for credit risk of the contracts' issuers or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was \$9,146,302 and \$7,515,036, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on at least a quarterly basis for resetting for the SVC fund.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	<u>2011</u>	<u>2010</u>
Average yields for SVC Fund:		
Based on actual earnings	2.69%	3.65%
Based on interest rate credited to participants	2.97%	4.10%

8. Tax Status

The Plan has obtained its latest opinion letter on a prototype Plan approved by the IRS, effective March 31, 2008. The IRS stated that the prototype plan, as designed, was in compliance with the applicable requirements of the Code. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the Code, and therefore, the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

In the event of termination, the trustee is not required to make any distributions from the trust until such time as the IRS shall have determined in writing that such termination will not adversely affect the tax qualification of the Plan.

10. Party in Interest

At December 31, 2011 and 2010, \$58,593,568 and \$56,247,137, respectively, was invested in funds managed by T. Rowe Price, the Plan trustee.

11. Reconciliation of financial statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500:

	<u>2011</u>	<u>2010</u>
Net assets available for benefits per the financial statements	\$70,753,472	\$71,362,190
