Evening Post Publishing Company and Affiliated Companies Incentive Savings Plan
Notes to the Financial Statements
December 31, 2011 and 2010

1. Description of Plan

The following description of the Evening Post Publishing Company and Affiliated Companies (collectively the “Company”) Incentive Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full time employees of the Company who have 90 days of service and are age twenty-one or older and for part time employees who have one year and 1,000 hours of consecutive service and are age twenty-one or older. The Retirement Committee of the Company controls and manages the operation and administration of the Plan. New York Life Insurance Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 80% of their pretax compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company contributed 40% of the first 5% of base compensation that a participant contributed to the Plan through April 14, 2010. Effective April 15, 2010 the Plan was amended for the Company to contribute 50% of the first 5% of base compensation that a participant contributes to the Plan. Additional discretionary amounts may be contributed at the option of the Company’s board of directors. No additional contributions were made for the year ended December 31, 2011. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers mutual funds, pooled separate accounts, and common collective trust funds as investment options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions, and Plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant’s account and bear interest at rates of prime plus 1% as published in the Wall Street Journal. At December 31, 2011, outstanding loans bore interest rates ranging from 4.25% to 9.25%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts contributed on a before-tax basis may only be withdrawn by in-service employees upon demonstration of financial hardship or disability.

Notes to the Financial Statements

Forfeitures

At December 31, 2011 and 2010 forfeited non-vested accounts totaled \$11,850 and \$120,941, respectively. These accounts will be used to reduce future Company contributions and then pay Plan expenses. During 2011, forfeitures of \$151,693 were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

In accordance with GAAP, the stable value fund held by a defined contribution plan is required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the stable value fund as well as the adjustment to the fully benefit-responsive stable value fund from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchase and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent Events

The Plan has evaluated subsequent events through September 28, 2011, the date the financial statements were available to be issued.

3. Investments

The following table presents investments that represent 5 percent or more of the Plan's net assets:

	December 31,	
	2011	2010
New York Life Anchor Account	\$ 13,491,944	\$ 13,196,502
Mainstay ICAP Select Equity I	11,758,162	12,584,913
Dodge and Cox International Stock Fund	5,078,592	6,092,295
Pimco Total Return Fund	3,648,907	3,590,880
AllianceBer 2010 Ret Strat Adv	5,665,606	6,421,209

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual Funds	\$ (1,997,057)
Pooled Separate Accounts	258,729
Common Collective Trusts	8,258
	<u>\$ (1,730,070)</u>

4. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments include mutual funds.

Level 2 investment securities include pooled separate accounts and common collective trust funds for which quoted prices are not available in active markets for identical instruments. Pooled separate accounts and common collective trust funds are valued at the closing net asset value (NAV) of the units held by the Plan at year end based on information certified by the trustee.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2011 and 2010.

Fair Value as of December 31, 2010				
	Level 1	Level 2	Level 3	Total

(a) Represents investment in a pooled separate account consisting of a stable value fund sponsored by New York Life Insurance Company. The stable value fund seeks to provide a low risk stable investment, offering competitive yields and limited volatility, with guarantee of principal and accumulated interest. This stable-value option is a New York Life Insurance Company separate account invested in high-quality fixed-income securities. Principal and accumulated interest is guaranteed by New York Life Insurance Company. There are no unfunded commitments, redemption frequency is allowed daily and the redemption notice period is one day (See Note 6).

(b) Represents investment in a common collective trust consisting of securities in companies composing the Standard & Poors ("S&P") 500 Index. Equity index fund strategies seek to replicate the movements of an index specific financial market, such as the S&P 500 Index, regardless of market conditions. There are no unfunded commitments, redemption frequency restrictions, or other redemption restrictions.

The Plan recognizes transfers between the levels as of the beginning of the reporting period. Gross transfers between the levels were not significant for the years ended December 31, 2011 and 2010.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies, or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2011 and 2010 and for the year ended December 31, 2011 that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	<u>2011</u>	<u>2010</u>
Investments*	<u>\$ 50,684,479</u>	<u>\$ 52,106,223</u>
Notes receivable from participants	<u>\$ 902,652</u>	<u>\$ 889,299</u>
Net depreciation in fair value of investments	<u>\$ 1,730,070</u>	
Dividend income	<u>\$ 783,495</u>	
Interest income from notes receivable from participants	<u>\$ 44,507</u>	

The certification mentioned above includes all investment information discussed in Notes 3 and 4.

*All investments are certified at fair value with the exception of the stable value fund, which is certified at contract value.

6. Stable Value Fund

The Stable Value Fund (the "Fund") is a fully benefit-responsive pooled separate account sponsored by New York Life Insurance Company. The beneficial interest of each participant is represented by units. Units are issued and redeemed daily at the Fund's constant NAV of \$1 per unit. Distribution to the Fund's unit holders is declared daily from the net investment income and automatically reinvested in the Fund on a monthly basis, when paid. It is the policy of the Fund to use its best efforts to maintain a stable net asset value of \$1 per unit, although there is no guarantee that the Fund will be able to maintain this value.

Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals and administrative expenses. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that impact its ability to transact at contract value, as described in the following paragraphs. Plan management believes that the occurrence of events that would cause the Fund to transact at less than contract value is not probable.

Restrictions on the Plan

Participant-initiated transactions are those transactions allowed by the Plan, including withdrawals for benefits, loans, or transfers to noncompeting funds within a plan, but excluding withdrawals that are deemed to be caused by the actions of the plan sponsor.

The following employer-initiated events may limit the ability of the Fund to transact at contract value:

- If the Plan wants to terminate its participation in the Fund, a 12 months advance written notice is required in order for the Plan to receive the assets at contract value. Without such notice, a market value adjustment will be applied. The formula for the market value adjustment is described in the contract.
- A failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.
- Any communication given to plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.

Evening Post Publishing Company and Affiliated Companies Incentive Savings Plan
Notes to the Financial Statements
December 31, 2011 and 2010

- Any transfer of assets from the Fund directly into a competing investment option.
- The establishment of a defined contribution plan that competes with the Plan for employee contributions.
- Complete or partial termination of the Plan or its merger with another plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

Average yields:	December 31,	
	2011	2010
Based on actual earnings	3.15%	2.67%
Based on interest rate credited to participants	2.64%	2.16%

7. Exempt Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by New York Life Insurance Company. New York Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee by the Plan for administrative services were \$21,302 for the year ended December 31, 2011.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

9. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has determined and informed the trustee by a letter dated January 31, 2006 that the prototype Plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Evening Post Publishing Company and Affiliated Companies Incentive Savings Plan
Notes to the Financial Statements
December 31, 2011 and 2010

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying 2011 and 2010 financial statements to Schedule H of Form 5500:

	December 31,	
	2011	2010

Excess contributions payable	921	37,571
Net assets available for benefits per Form 5500	<u>\$ 51,587,131</u>	<u>\$ 52,995,522</u>

The following is a reconciliation of decreases per the financial statements for the year ended December 31, 2011 to Schedule H of Form 5500.

Decrease in net assets per the financial statements	\$ (1,371,271)

Add current year excess contribution payable	921
Deduct prior year excess contribution payable	(37,571)
Net loss per Form 5500	<u>\$ (1,408,391)</u>

12. Subsequent Events

Effective June 2012, the Evening Post Publishing Company sold Brian College Station Newspaper and, as a result, Plan assets held by employees of Brian College Station Newspaper are expected to transfer out of the Evening Post Publishing Company and Affiliated Companies Incentive Savings Plan during the year ended December 31, 2012.

The Plan has obtained a determination letter from the IRS dated July 12, 2012, stating that the Plan was in compliance with the applicable requirements of the IRC.
