PLY GEM 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

NOTE 1: DESCRIPTION OF THE PLAN

The following description of the Ply Gem 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan, covering substantially all non-union employees of Ply Gem Industries, Inc. and subsidiaries (the “Company” or “Plan Sponsor”) who have one month of service and have reached the age of 18. An employee may enroll in the Plan on the first day of the month subsequent to meeting the eligibility requirements. The Plan was established by merging the assets from plans maintained by affiliated companies. The Plan covers eligible employees of Ply Gem Industries, Inc., Variform, Inc., Kroy Building Products, Inc., Great Lakes Windows, Inc., Napco, Inc., Napco Window Systems, Inc., MW Manufacturers, Inc., Alenco Holding Corporation, Mastic Home Exteriors, Inc. (formerly Alcoa Home Exteriors, Inc.) and Ply Gem Pacific Windows Corporation. The Company sold Napco, Inc. on July 1, 2010. The Plan was amended and restated effective January 1, 2011. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In October 2007, the Company completed the acquisition of a division of Saint-Gobain Corporation, Certainteed Pacific Windows Corporation (“Certainteed”). The employees of Certainteed became eligible to participate in the Ply Gem 401(k) Savings Plan on November 1, 2007. Employees who were participants in the Saint-Gobain 401(k) Plan and had outstanding loan balances were permitted to rollover the loan balance to the Ply Gem 401(k) Savings Plan, provided the participant rolled over their entire account balance into the Plan.

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B. serve as the Plan’s custodian, trustee, and recordkeeper. The Benefits Committee serves as the plan administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Contributions

Participants considered as “non-highly compensated” may elect to contribute up to 100% of their annual compensation, subject to certain Internal Revenue Code (the “IRC”) limitations. Participants considered as “highly compensated” may elect to contribute up to 6% of their annual compensation subject to certain IRC limitations.

Notes to Financial Statements

December 31, 2011 and 2010

NOTE 1: DESCRIPTION OF THE PLAN (continued)

The Company may, at its sole discretion, make matching contributions in an amount from 0% to 100% of an eligible participant's deferral, up to a maximum of 6% of a participant's salary. The Company suspended all matching contributions for the period from April 1, 2008 to September 1, 2010. After September 1, 2010, the Company elected to make matching contributions up to 50% of the first 6% of employee deferrals, except for employees of Alenco Holding Corporation who received up to a 25% match on the first 6% of deferrals.

The Plan also allows the Company to make discretionary profit sharing contributions, which are allocated to participants' accounts based on their pro rata portion of total compensation. Participants must be employed on the last day of the plan year, and have otherwise met the eligibility requirements to be a participant in the Plan to be eligible for the profit sharing contribution. Each participating employer may make a profit sharing contribution independent of the other participating employers. The Company did not declare any profit sharing contributions in 2011.

The Plan also allows the Company to make discretionary safe harbor contributions in an amount of 100% of the participant elected deferrals not to exceed 1% of the participants' compensation plus 50% of all elective deferrals that exceed 1%, but do not exceed 6%. The Company did not make any safe harbor contributions in 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching, profit sharing, and safe harbor contributions, if any, and, (b) plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in all companies' matching, profit sharing, and safe harbor contributions occurs according to the following schedule:

Years of Service for Vesting Purposes	Percentage Vested
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

NOTE 1: DESCRIPTION OF THE PLAN (concluded)

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000, up to the lesser of \$50,000 or 50% of their vested account balance. The maximum loan term is five years, or a reasonable period of time for the purchase of a residence. Interest rates are determined based on the bank prime rate plus 1%. A participant's loan is repaid via payroll deduction. On termination of service, the balance of any outstanding loan becomes due and the participant's vested account balance will be used as a taxable distribution to pay the outstanding loan if not otherwise repaid.

Forfeitures

Forfeitures occur upon termination of employment by a participant who is not fully vested. Forfeiture amounts may be used to reduce current or future employer contributions, to pay for allowable plan expenses, or to provide additional allocations for plan participants.

During 2011, \$76,944 of forfeitures was used to reduce employer contributions, \$5,032 was reallocated to participants, and \$655 was used to pay allowable plan expenses. As of December 31, 2011 and 2010, remaining forfeitures totaled \$4,914 and \$5,905.

Payment of Benefits

On termination of employment, the participant, or in the case of death, the participant's beneficiary, may elect to receive the participant's vested account balance in a single lump sum or a series of payments. Upon separation of service, if the participant's vested balance is less than \$1,000, then the balance will be automatically distributed in a single lump sum, or in certain instances, distributed to an individual retirement account.

Participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's salary deferral contributions, which shall not include earnings thereon. Upon making such a withdrawal, the participant is suspended from making deferrals for six months.

Participants who have attained the age of 59 ½ are allowed to receive a distribution of all or any portion of their vested account balance in a single lump-sum payment.

Benefits are recorded when paid.

Administrative Expenses

The Company or the Plan may pay the expenses of the Plan.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in conformity with United States Generally Accepted Accounting Principles (“U.S. GAAP”).

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. There is no significant difference in the fair value of the investments and the contract value, and as such, no adjustment from fair value to contract value has been made in the statements of net assets available for benefits.

The plan administrator has evaluated subsequent events through October 11, 2012, the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (concluded)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3: INFORMATION CERTIFIED BY THE TRUSTEE AND CUSTODIAN

All investment information disclosed in the accompanying financial statements and schedules, including investments held as of December 31, 2011 and 2010, and net depreciation in fair value of investments, interest, and dividends for 2011 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the trustee and custodian.

NOTE 4: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board's ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820's framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used as of December 31, 2011 and 2010.

Mutual funds - Valued at the net asset value ("NAV") of shares held by the Plan as of year-end, which is the quoted market price.

Pooled separate accounts - Valued at the NAV based on the market value of the underlying investments, such as equities, bonds, and mutual funds. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are quoted prices, the NAV of a pooled separate account is not publicly quoted.

PLY GEM 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Common/collective trust - Valued at NAV based on the market value of the underlying investments. The fund contains synthetic investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010:

Eaton Vance Large Cap Value Fund, 820,034 shares for 2010	*	14,941,011

* Amounts not greater than 5% of the Plan's net assets.

During 2011, the Plan's investments (including gains and losses on investments bought, sold, as well as held during the year) appreciated (depreciated) in value as follows:

Mutual funds	\$ (4,415,499)
Pooled separate accounts	<u>350,975</u>
	<u>\$ (4,064,524)</u>

During 2011, certain plan participants invested in the Guaranteed Income Fund, a fully benefit-responsive investment contract, with the trustee. The Guaranteed Income Fund primarily invests in corporate bonds, mortgage loans, private securities, and structured bonds.

The trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statements of net assets available for benefits at fair value. The adjustment from fair value to contract value for the fund is based on the contract value as reported to the Plan by the trustee. As of December 31, 2011 and 2010, the fair value equaled the contract value and no adjustment was needed. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate and average yield interest rates were 3.27% and 3.62% for December 31, 2011 and 2010. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the trustee. The plan administrator believes the occurrence of such events that would limit the Plan's ability to transact at contract value with plan participants is not probable.

PLY GEM 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

NOTE 6: INCOME TAX STATUS

The Plan obtained its latest opinion letter dated March 31, 2008 in which the IRS stated that the Prototype Non-Standardized Profit Sharing Plan, as then designed, is qualified under Section 401(a) of the IRC, and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the IRC. Therefore, the related trust is exempt from taxation. Once qualified, the plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Federal and state tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7: RELATED PARTY TRANSACTIONS

The Plan invests in certain funds managed by the trustee and custodian. Transactions related to these funds qualify as parties-in-interest transactions that are allowable under ERISA.

The Plan does not consider any company contributions to the Plan to be party-in-interest transactions. The Company provides certain accounting, administrative, and investment management services to the Plan for which no fees are charged.

NOTE 8: DELINQUENT PARTICIPANT CONTRIBUTIONS

Title I of ERISA requires that all employee contributions be submitted to the Plan as soon as administratively possible, but no later than the 15th business day of the month following the month of being withheld from compensation. Failure to remit employee contributions into the Plan on a timely basis is considered a nonexempt prohibited transaction with a party-in-interest. During 2011, the Company failed to timely remit payments of employee salary deferred contributions in the amount of \$6,036. Lost earnings on the late remittances of \$482 were remitted to the Plan on June 8, 2011.
