Their report, dated October 14, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note 3, which was certified by Mercer Trust Company and Putnam Fiduciary Trust Company, the Trustees of the Plan, except for comparing the information with the related information included in the 2011 financial statements and the supplemental schedule. We have been informed by the Plan administrator that the Putnam Fiduciary Trust Company held the Plan's investment assets and executed investment transactions from September 1, 2011 to December 31, 2011, and that Mercer Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2011 to August 31, 2011. The Plan administrator has obtained certifications from Putnam Fiduciary Trust Company as of December 31, 2011 and for the period from September 1, 2011 through year end and Mercer Trust Company for the period January 1, 2011 through August 31, 2011, that the information provided to the Plan administrator by the Trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

SENSATA TECHNOLOGIES 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

(1) Description of the Plan

The following description of the Sensata Technologies 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions.

(a) General

The Plan was established on April 27, 2006, in connection with the acquisition of certain assets of the Sensors and Controls business of Texas Instruments, Inc. (TI) by Sensata Technologies, Inc. (Sensata Technologies, the Company, or the Plan Administrator).

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code (the Code), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation in the Plan is limited to employees at all U.S. locations who participated in the TI 401(k) Savings Plan immediately prior to April 27, 2006, did not terminate employment with TI prior to April 27, 2006, and were participating in the Sensata Technologies Employees Pension Plan on April 27, 2006.

(b) Contributions

Employees who meet the eligibility requirements are eligible to contribute up to 75% of their eligible earnings, through pre-tax contributions and Roth contributions, within the limits prescribed by the Code. Participants' contributions are recorded each pay period when Sensata Technologies makes payroll deductions from participants' wages. Participants may also contribute amounts representing distributions from other qualified retirement plans or similar arrangements.

Participants who are at least age 50, or who will reach age 50 during the year, are allowed to make additional employee pre-tax and Roth contributions (catch-up contributions) above the otherwise applicable limits. In accordance with limits under the federal tax laws, catch-up contributions cannot exceed \$5,500 in 2011 and 2010, respectively. After that, the limit may be adjusted from time to time, by the Secretary of the Treasury, to reflect inflation.

Participants direct their elective contributions into various investment options offered by the Plan, and can change their investment options on a daily basis.

The Company's contributions are discretionary, made on an annual basis, and are allocated in the same manner as that of the participant's elective contributions. In 2011 and 2010, Sensata Technologies matched \$0.50 for every \$1.00 of each participant's pre-tax and Roth contributions, excluding catch-up contributions, up to a maximum match of 2% of eligible earnings.

(c) Payment of Benefits

Employees are permitted to withdraw funds from their accounts upon attaining the age of 59½, or upon in-service disability. These withdrawals can be paid as a lump-sum cash payment. A withdrawal from an account due to the attainment of age 59½ can also be paid as a direct rollover.

SENSATA TECHNOLOGIES 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

Additionally, employees are permitted a distribution from their accounts upon normal retirement, death, and termination. The participant or beneficiary will receive a lump-sum cash payment of the participant's full account balance.

(d) Vesting

Participants are automatically fully vested in all contributions made to the Plan.

(e) Participant Accounts

A separate account is maintained for each participant, and is increased by the participant's contributions, the Company's matching contributions and plan investment income, and decreased by plan investment losses, benefit payments, and administrative expenses. Accounts are also reduced for brokerage account fees for those participants with a brokerage account. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Notes Receivable from Participants

Participants may borrow from their accounts, from \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at the Wall Street Journal Prime Rate plus 1% as of the day the loan is requested. Principal and interest is paid ratably through monthly payroll deductions. If a participant terminates employment with the Company, the loan must be repaid in full. If it is not repaid, it will automatically be treated as a distribution to the participant. Interest rates on outstanding loans at December 31, 2011 range from 4.25% to 9.25%.

(g) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA.

(h) Subsequent Events

Subsequent events after the net assets available for benefits date through the date that the financial statements were available to be issued, October 2, 2012, have been evaluated by the Plan's management in the preparation of the financial statements.

Effective January 1, 2012, the Company increased the employer-matching contribution to 100% up to 4% of the employee's annual eligible earnings. Effective August 1, 2012, the Plan was merged into the Sensata Technologies Contribution and 401(k) Savings Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting.

SENSATA TECHNOLOGIES 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

(b) *Payment of Benefits*

Benefits are recorded when paid.

(c) *Notes Receivable from Participants*

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2011 or 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

(d) *Investment Valuation and Income Recognition*

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). See note 4 for further discussion of fair value measurements.

Securities traded on a national securities exchange are valued at the last reported sales price. Investments in mutual funds are valued based on the last publicly quoted closing net asset values. Investments in common collective trusts are valued based on the net asset value per share (or its equivalent). Money market funds are stated at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation)/appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

The Putnam Stable Value Fund invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see note 4); however, since these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

(e) *Administrative Expenses*

Certain Plan expenses, including participant loan fees and self-directed brokerage account fees, are paid by participants. All other administrative expenses are paid by the Company.

(f) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally Accepted Accounting Principles (U.S. GAAP) requires management to make estimates that affect the amounts reported in

SENSATA TECHNOLOGIES 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

(g) *New Accounting Pronouncements*

In May 2011, the FASB issued Accounting Standards Update (ASU) 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04). ASU 2011-04 amended Accounting Standards Codification (ASC) 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820, *Fair Value Measurements and Disclosures* (ASC 820). In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

(3) **Investments**

Other than the fair value of the Putnam Stable Value Fund and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2011 and 2010, and net (depreciation)/appreciation in fair value of investments, interest, dividends, and interest on notes receivable from participants for the years ended December 31, 2011 and 2010, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Mercer Trust Company (activity between January 1, 2010 through August 31, 2011) and Putnam Fiduciary Trust Company (activity between September 1, 2011 through December 31, 2011), the trustee of the Plan. The contract value of the Putnam Stable Value Fund was certified as complete and accurate by the trustees.

The fair values of individual investments that represents 5% or more of the fair value of the Plan's net assets available for benefits are as follows:

	December 31	
	2011	2010
Putnam Stable Value Fund	\$ 5,873,070	\$ 5,930,238
American Funds Growth Fund of America	2,675,598	2,518,128
Putnam Equity Income Fund	2,176,721	2,154,467

Loomis Sayles Bond Fund	1,862,134	1,653,259

SENSATA TECHNOLOGIES 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

During the years ended December 31, 2011 and 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) (depreciated)/appreciated in fair value as follows:

	<u>2011</u>		<u>2010</u>
Mutual funds	\$ (663,663)	\$	1,083,715
Common collective trust funds	6,709		21,908
Self-directed brokerage accounts	<u>(90,769)</u>		<u>(22,262)</u>
	\$ <u>(747,723)</u>	\$	<u>1,083,361</u>

The self-directed brokerage depreciation noted above is related to investments made through participant directed brokerage accounts. The fair value of these investments was \$187,255 and \$278,210 as of December 31, 2011 and 2010, respectively.

(4) Fair Value Measurements

ASC 820 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1), and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access at the measurement date.

Level 2 – Fair value is based on quoted prices in markets that are not active, quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 – Fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable. These inputs reflect management's judgment about the assumptions that a market participant would use in pricing the investment, and are based on the best available information, some of which may be internally developed.

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables set forth by type and level, within the fair value hierarchy, the Plan's assets carried at fair value as of December 31, 2011 and 2010, respectively:

(5) Related Party Transactions

The Plan invests in funds managed by Putnam Investments, an affiliate of Putnam Fiduciary Trust Company and formerly an affiliate of Mercer Trust Company. Both companies are trustees as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

(6) Risks and Uncertainties

The Plan and its participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

SENSATA TECHNOLOGIES 401(k) SAVINGS PLAN

Notes to Financial Statements

December 31, 2011 and 2010

(7) Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated August 31, 2011, stating that the Plan is qualified under Section 401(a) of the IRS Code, and therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRS Code, and therefore, believes that the Plan, is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.
