INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Co-op 401(k) Plan sponsored by Dairy One Cooperative, Inc.
Ithaca, New York

We have audited the accompanying statements of net assets available for benefits of the Co-op 401(k) Plan sponsored by Dairy One Cooperative, Inc. ("Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2011 and 2010, and the changes in net assets available for benefits for the year ended December 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary Schedule H, Item 4i - Schedule of Assets (Held at End of Year) as of December 31, 2011 is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

CO-OP 401(K) PLAN SPONSORED BY DAIRY ONE COOPERATIVE, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of Co-op 401(k) Plan sponsored by Dairy One Cooperative, Inc. ("Plan") is provided for general information purposes only. Participants should refer to the plan document and adoption agreement for more complete information.

General

The Plan is a defined contribution plan sponsored by Dairy One Cooperative, Inc. that covers all employees of the Company who have one year of service and are age eighteen or older. Entry dates are the first day of each month following completion of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may make salary savings contributions in an amount up to 50 percent of their compensation, subject to statutory limits, and after-tax voluntary contributions. The Plan will accept rollover and transfer contributions. Under the Plan, the participating employers have voluntarily agreed to make annual contributions in an amount equal to the sum of three percent of each participant's compensation for the plan year. The employer will also make a matching contribution equal to 50 percent, up to six percent, of a participant's compensation. Also, the Plan permits the employer to make a profit sharing contribution, which is allocated by the ratio each eligible participant's compensation bears to the total compensation of all eligible participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Under the terms of the Plan, participants are eligible for benefits upon reaching age 59½. Benefits under the Plan may be paid in a single lump sum cash payment or a nontransferable annuity contract.

Vesting

Participants are immediately vested in their contributions arising from elective and voluntary after-tax contributions. Under the Plan, participants are immediately 100 percent vested in both their own contributions and employer contributions.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Notes Receivable from Participants

Participants may borrow from $1,000 to the lesser of $50,000 up to one-half the fair market value of the participant's vested balance at market rates of interest plus one percent for periods up to five years unless the loan is for purchase of a primary residence, in which case the repayment period may be up to 15 years. Repayments of principal and interest are credited to the participant's segregated account. All loans are fully collateralized.

Plan Amendments

On April 16, 2010, the Plan has been restated to reflect the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Appreciation or Depreciation in Fair Value of Investments

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in fair value of investments, which consists of realized gains and losses and unrealized appreciation or depreciation on those investments.

Use of Estimates

The preparation of financial statements using the accrual basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Notes receivable from participants are valued at cost, which approximates fair value. Investments in the stable asset fund are fully benefit-responsive and are recorded at contract value. Contract value represents contributions made under the contract, plus interest at a specified rate determined monthly by Charles Schwab Trust Company. The average yield on these accounts, which equals the average crediting interest rate, was 3.48 percent and 3.94 percent for the years ended December 31, 2011 and 2010, respectively. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Investment in Master Trust
The investment in the Master Trust is stated at fair value. The majority of investment values are ascertained from national security exchanges. All government and corporate debentures are valued at the last reported sales price on the last business day of the plan year on a national security exchange plus any accrued interest within the Master Trust Fund.

Payment of Benefits
Benefits are recorded when paid.

Subsequent Events
Events subsequent to December 31, 2011 have been evaluated through October 1, 2012, the date these financial statements were available to be issued, to determine whether they should be disclosed to keep the financial statements from being misleading.

Reclassification
Certain items in the 2010 financial statements have been reclassified to conform to the 2011 presentation having no effect on net assets available for benefits or changes in net assets available for benefits.

NOTE 3 - INVESTMENTS

Investments representing five percent or more of net assets available for benefits at December 31 are as follows:

NOTE 4 - INVESTMENTS IN MASTER TRUST

The Plan's assets are held by Charles Schwab Bank - Business Trust Division (formerly Charles Schwab Trust Company), which executes all transactions therein under the direction of the benefit plans committee. The assets are held in a Master Trust, commingled with assets of other benefit plans. The Co-op's benefit plans participating in the Master Trust collectively own, through the Master Trust, the assets based upon investment percentages. Participant transaction activity is designated to specific plans. Accordingly, each Plan's investment percentage in the Master Trust changes regularly. Income earned by the Master Trust is allocated to the various plans based upon the investment percentage on the day the income is earned. At December 31, 2011 and 2010, the Plan's interest in the Master Trust was approximately 4.0 percent and 4.1 percent, respectively.

The following table presents the fair values of investments for the Master Trust and the Plan's percentage interest in each investment:

NOTE 5 - PLAN TERMINATION

The Plan is intended to be a permanent program to provide retirement benefits for employees of participating employers. The plan sponsor reserves the right to amend or terminate the Plan at any time, subject to the provisions of ERISA. However, no amendment may provide for the use of the Plan assets for any purpose other than the exclusive benefit of participants and their beneficiaries.

NOTE 6 - TAX STATUS

The Plan obtained its latest determination letter on June 30, 2010, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. No provision for income taxes has been included in the plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options through fifteen separate investments, which contain any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate changes and market fluctuations. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

Fair Value Measurements and Disclosures (ACS 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ACS 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Managed accounts/Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Stable value fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 8 - FAIR VALUE MEASUREMENTS - CONTINUED

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:
