NOTE A - DESCRIPTION OF PLAN

The following description of the Electra Link, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The plan is a defined contribution plan with a qualified cash or deferral arrangement covering all employees of the Company who have attained the age of 21 and completed one year of service. The Plan, sponsored by Electra Link, Inc. (the "Employer"), has an income deferral feature under Section 401(k) of the Internal Revenue Service Code and is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA). The Plan also has a Roth 401(k) feature.

Administration of the Plan: Great-West Life and Annuity (the "Custodian") was the investment custodian for the Plan's participant directed 401(k) assets. The financial records of the Plan were maintained by Great-West Life and Annuity, the recordkeepers. Administrative expenses charged by Great-West Life and Annuity are paid by the Employer, at its discretion, and are not charged to the Plan.

Contributions – Participants may elect to defer a minimum of 1% and a maximum of 100% of their compensation (excluding bonuses) during any plan year, subject to a maximum imposed by the Internal Revenue Code. The Employer may make a discretionary profit sharing contribution for participants actively employed on the last day of the plan year. During 2011 and 2010, the Employer did not declare a discretionary contribution. The employer may make matching contributions based upon a discretionary formula for each pay period. The matching contributions will only apply to a Participant's applicable contributions that do not exceed a dollar amount or percentage of included compensation uniformly determined by the Employer for all eligible participants. In its sole discretion, the employer may designate all or part of the matching contributions as qualified. Any matching contributions not designated as qualified will be a regular matching contribution. The Employer made matching contributions of $37,743 and $77,236 to the plan during 2011 and 2010. All employer contributions are invested in the same proportion as investment options chosen by each participant.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) employer discretionary contributions, if any, and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of any contributions is based on years of service. A participant is 100% vested after six years of credited service.

NOTE A - DESCRIPTION OF PLAN (Continued)

Participant Loans - Participants may borrow from their participant directed accounts a minimum of $1,000 and up to 50%, but not to exceed $50,000 of their vested account balance. The loans are secured by the balance in the participant's account. The interest rate, security and terms of payment are determined by the trustees based on rates charged for similar loans by commercial lenders; however, loan terms are not to exceed five years (except in the case of a qualified home loan). Principal and interest are repaid through payroll deductions. The recordkeeper charges the participant a fee for the loan origination. A participant's loan balance becomes immediately due and payable upon termination of employment.

Payment of Benefits – Benefits are generally paid upon normal retirement, disability, death or termination of employment. Upon normal retirement, disability or death, a participant is entitled to receive 100% of their account balance. Upon termination, a participant is entitled to receive the vested portion of their account balance. Benefits are paid in a lump-sum amount or annual installments, as defined by the Plan.

Forfeited Accounts – At December 31, 2011, forfeited non-vested accounts totaled $1,547. The forfeiture account will be used to reduce future employer contributions or plan expenses. In 2011, $5,693 in employer contributions were paid with forfeited funds.

Amendments to the Plan – There were no amendments to the Plan in 2011 or subsequently.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation: The financial statements of the Plan are prepared on an accrual basis in accordance with account principles generally accepted in the United States of America.

Investment Valuation and Income Recognition – Professional standards establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under professional standards are described below:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled Separate Accounts: Variable annuities in which the initial pricing input is the quoted price obtained for the underlying mutual fund which is then adjusted to apply the expense factor disclosed in the annuity contract. The formula-calculated unit value is then compared to an accounting-driven unit value the following morning. The accounting unit value is determined in a manner similar to a mutual fund NAV calculation: dividing the net assets by the number of units outstanding. Any discrepancies between the two unit values are resolved to ensure the recordkeeping system reflects the accurate value for the day.

General Insurance Fund: Fixed annuities reported values are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$0	$2,370,639	$0	$2,370,639

Total assets at fair value	$0	$2,676,119	$187,724	$2,863,843

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition (Continued)

	Assets at Fair Value as of December 31, 2010			
	Level 1	Level 2	Level 3	Total

General insurance fund (unallocated contracts)	0	268,802	0	268,802
Participant Loans	0	0	156,643	156,643
Total assets at fair value	$0	$2,529,267	$156,643	$2,685,910

Level 3 Gains and Losses – The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the year ended December 31, 2011.

	Level 3 Assets Year Ended December 31, 2011 Participant Loans
Balance, beginning of year	$156,643
Realized gains/(losses)	0
Unrealized gains/(losses) relating to instruments still head at the reporting date	0
Purchases, sales, issuances and settlements (net)	31,081
Balance, end of year	$187,724

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles of the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

Expenses - Expenses of the plan include all fees and expenses incurred by the plan to the extent such fees and expenses are for the ordinary and necessary administration and operation of the Plan, unless paid by the employer. For the period ended December 31, 2011, $3,463 was paid by the plan. Any other costs were paid by the employer and have not been reported by the Plan.

NOTE C – INVESTMENT CONTRACT WITH INSURANCE COMPANY

At December 31, 2011 and 2010, a significant portion of the investments held by the Custodian, Great-West Life & Annuity Insurance Company, are related to insurance contracts and are characterized as either pooled separate accounts or as unallocated general accounts. The Plan's investments are stated at market value based upon quoted market prices as reported by the Custodian of the Plan's assets. Investments in these insurance contracts are generally subject to the volatility of the major stock markets in which the underlying investments are held and participants do not hold shares in the underlying mutual funds. There are no dividends or realized and unrealized gains and losses with respect to these separate accounts; instead, the dividends and realized and unrealized gains and losses for the underlying funds are factored into the value of the separate account funds. Should the Plan elect to terminate the insurance contracts, there would be no surrender charge for all investments at December 31, 2011.

NOTE D – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA.

NOTE E – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Great-West Life Insurance & Annuity. Great-West Life Insurance & Annuity is the custodian and recordkeeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE F – INCOME TAX STATUS

The Employer adopted a standardized plan issued by the Plan's custodian and recordkeeper on February 1, 2004 which was subsequently amended to incorporate certain enacted laws and regulations (commonly referred to as "EGTRRA"). The Plan trustee has since received a favorable determination letter from the Internal Revenue Service informing the Plan trustee that the standardized plan is qualified under the provisions of Section 401(a) of the Internal Revenue Code. In 2009 the plan was restated to be in full compliance with EGTRRA regulations.

NOTE G - LIMITED SCOPE EXAMINATION

Generally, plans with 100 or more participants are required to file annual reports which include certain additional information and an independent public auditor's report. To issue an opinion, an accountant must perform an examination in accordance with generally accepted auditing standards of the United States of America.

Regulations concerning annual report filing state that a plan whose assets are held by a bank, a similar institution, or an insurance carrier is not required to have its auditor extend his examination to any statements of information prepared and certified by that institution.

NOTE G - LIMITED SCOPE EXAMINATION (Continued)

The following information was prepared/certified by Great-West and at the request of the Plan Administrator we did not perform any auditing procedures.

- Net appreciation in fair value of assets
