SERVICE PAINTING 401(K) & PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011

NOTE 1 - DESCRIPTION OF PLAN

The following description of SERVICE PAINTING 401(K) & Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of the Company who have six consecutive calendar months of service during which they completed at least 500 hours of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute between 2% and 15% of pretax annual compensation, as defined in the Plan. Participants may also, with the approval of the Plan administrator, contribute amounts representing distributions from other qualified benefit or contribution plans. The total of all contributions must be within the annual limits allowed under Section 402(g) of the Code. Additionally, participants over 50 years of age may make catch up contributions as determined by Section 414(v) under the Code.

The employer makes matching contributions of 25% of the first 4% of the participants' elective contributions, up to 1% of compensation. The plan allows for annual Profit Sharing contributions for eligible participants at a percentage declared for the year, if any, by the Board of Directors. The Board has not elected to make profit sharing contributions during the Plan years ended December 31, 2011 or 2010.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contribution, Plan earnings (losses), and any loan repayments and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions plus actual earnings thereon including contributions from salary deferrals. Participants are vested in the employer matching contributions based on the number of years of credited service in accordance with the Plan document.

Number of years of Credited Service	Vested Percentage
1 or less	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

NOTE 1 - DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

Notes receivable from participants are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the vested balance in the participant's account and bear interest of 4.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms in the Plan document. Notes receivable from participants as of December 31, 2011 and 2010 are $27,285 and $48,138, respectively.

Payments of Benefits

Upon termination of service due to death, disability or retirement, participants are paid a lump amount equal to the value of the participant's vested interest in his or her account or as a form of single or joint and survivor life annuity, less any outstanding loan balances.

Participants are allowed to make hardship withdrawals from the amount they have deferred to the Plan, excluding earnings on those deferrals. Participants may withdraw from rollover sources with no minimum amount requirements and up to all of his or her vested account balance if they meet hardship requirements as specified in the Plan.

Forfeited Accounts

Participants are fully vested in their elected deferral at all times. Employees terminating before the employer portion of their account balance is fully vested will forfeit a portion of the employer contributions. For the year ended December 31, 2011, there was $13,537 in forfeited non-vested amounts to be used to reduce future employer contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid; accordingly, there are no accruals for benefits payable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Administrative expenses are allocated to each participant based on the activity in their account, as defined in the Plan. The Plan Sponsor absorbs significant costs on behalf of the Plan.

Date of Management's Review

Subsequent events were evaluated through September 18, 2012, which is the date the financial statements were available to be issued

NOTE 3 - INVESTMENTS

The following presents separately those investments at December 31, 2011 and 2010 that represent 5% or more of the Plan's net assets:

	2011	2010
Investment, at fair value:		
WMC Quality Growth Equity	$ 93,157	$ 93,779
SSgA S&P 500 Index	46,414	58,215
AEGON Balanced	81,898	80,485
AEGON Cash Management	212,680	206,447
Morgan Stanley Growth Opp	69,446	80,769
Transamerica Core Equity	74,806	89,678
T. Rowe Price Mid-Cap Growth	172,443	173,924
	750,844	783,297
Other mutual funds	101,988	125,301
Total Investments	$ 852,832	$ 908,598

During 2011 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $22,541. In 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $119,246.

NOTE 4 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service or Department of Labor. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 5 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 6 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

At December 31, 2011 and 2010, the Plan's investments were held by the Trustee. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974:

	2011	2010
Investment, at fair value:		
Cash Equivalents	$ 212,680	$ 206,447
Mutual Funds and Equity Securities	191,503	574,412
Fixed Maturity Securities	448,649	127,739
Total cash and investments	$ 852,832	$ 908,598
Net (depreciation) appreciation and (losses) gains on investment	$ (22,541)	$ 119,245

NOTE 7 - FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. There hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has ability to access and have the highest priority.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement and have the lowest priority.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010:

Mutual funds & equity securities: Valued daily using publicly available quoted market prices.

Cash equivalents & fixed maturity securities: Valued using pricing data provided by outside valuation service providers who in turn generally use the mean of a bid and ask price, but may also use alternative observable pricing inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values.

NOTE 7 - FAIR VALUE MEASUREMENT (continued)

The following fair value disclosure is for those assets measured at fair value on a recurring basis at December 31, 2011 and 2010:

		Fair Value Measurements at Reporting Date Using

Total Investments	$ 908,598	$ 574,412	$ 334,186	$ 0

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 9 - RELATED PARTY TRANSACTIONS

Some plan investments are shares of mutual funds managed Transamerica Life Insurance Company, the Trustee as defined by the Plan; therefore, these transactions qualify as party-in-interest.

NOTE 10 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31, 2011:
