Independent Auditors' Report

To the Plan Administrator
PPNYC Retirement Plan
New York, New York

We were engaged to audit the financial statements and supplemental schedules of the PPNYC Retirement Plan (the "Plan") as of December 31, 2011 and 2010 and for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Orchard Trust Company, LLC, the trustee of the Plan and the custodian of all of the investments held by the Plan other than the fixed annuity funds, and First Great-West Life & Annuity Insurance Company, the custodian of the fixed annuity funds held by the Plan (collectively referred to as the "Custodians"), except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the Custodians held the Plan's investment assets and executed investment transactions. The Plan administrator has obtained a certification from the Custodians as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan's administrator by the Custodians is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Custodians have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

PPNYC Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the PPNYC Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

(a) General

The Plan is a prototype 401(k) plan with optional profit-sharing plan provisions with the intent to qualify under Section 401(a) of the Internal Revenue Code (the “Code”) of Planned Parenthood of NYC, Inc. (“PPNYC” or the “Plan Sponsor”). As such, the Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) Plan Administration

The Board of Directors of PPNYC administers the Plan. The investment manager, custodian, and party which directed the custody and management of the Plan’s assets is First Great-West Life & Annuity Insurance Company (“FGWLAIC”) for the Plan’s fixed annuity funds and Orchard Trust Company, LLC for the remaining investments for the year ended December 31, 2011 (collectively referred to as the “Custodians”). Furthermore, Orchard Trust Company, LLC was the Plan’s trustee for the years ended December 31, 2011 and 2010.

(c) Eligibility and Contributions

The Plan covers substantially all employees of PPNYC over the age of 21 and upon completion of one year of service (a minimum of 1,000 hours of service). Such employees are eligible to make contributions in the Plan and are entitled to a 3% safe-harbor contribution of eligible compensation made by PPNYC. The participating employees may elect to contribute up to the maximum amount allowed by law (\$16,500 in 2011) each year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

(d) Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) PPNYC’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants.

(e) Vesting

The participants are immediately vested in their own and PPNYC’s contributions, and actual earnings thereon.

(f) Payment of Benefits

Retirement benefits are normally payable at age 65 and are based on the accumulated value in the participant’s account at that time. The Plan allows for early retirement at age 55. On termination of service due to death, disability, retirement or other termination of employment, the amount paid to the participant or, in case of death, to the participant’s beneficiary, can be in a cash lump sum or an annuity at the participant’s option, with spousal consent where applicable.

(g) Administrative Expenses

Plan expenses are charged to the Plan unless paid directly by PPNYC. PPNYC absorbed the majority of the Plan’s expenses for the year ended December 31, 2011.

PPNYC Retirement Plan

Notes to Financial Statements

(h) Notes Receivable – Participant Loans

Loans made to Plan participants must be made according to loan provisions specified in the Plan document or in loan procedures adopted by the Plan. The loan and any outstanding loan balance may not be more than 50% of the participant's vested account or \$50,000, whichever is less. The minimum loan amount is \$1,000 and the minimum vested account balance must be at least \$2,000. When a participant takes a loan from the Plan, the loan remains an asset (held by the Custodians) of the Plan. The Custodians hold an executed note and pledge of security. Only one loan per participant may be outstanding at a time. The interest rates on the outstanding loan are based on the rates available from commercial lending institutions. These loans are repaid by the employee through payroll deductions and directly to the custodian no less than quarterly.

(i) Forfeited Accounts

At December 31, 2011, forfeitures amounted to \$11,875 mainly as a result of compliance testing corrections. These accounts will be used to pay future administrative expenses and the remaining amount will be used to reduce future employer contributions.

(j) Plan Termination

Although it has not expressed any intent to do so, PPNYC has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will remain 100% vested and the net assets of the Plan will be distributed as prescribed by ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting; accordingly, contributions, interest and dividend income are recorded as earned.

Fair Value Measurements

Accounting Standards Codification ("ASC") 820, "Fair Value Measurements and Disclosures", establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that inputs that are most observable be used when available. Observable inputs are inputs that market participants operating within the same marketplace as the Plan would use in pricing the Plan's asset or liability based on independently derived and objectively determined market data. Unobservable inputs are inputs that cannot be sourced from a broad active market in which assets or liabilities identical or similar to those of the Plan are traded. The Plan estimates the price of any assets for which there are only unobservable inputs by using assumptions that market participants that have investments in the same or similar assets would use as determined by the money managers administering each investment based on the best information available in the circumstances. The input hierarchy is broken down into three levels based on the degree to which the exit price (exchange price that would be received for an asset or paid to transfer a liability) is independently observable or determinable as follows:

Level 1 – Valuation based on quoted market prices in active markets for identical assets or liabilities. Since valuations are based on quoted market prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

PPNYC Retirement Plan

Notes to Financial Statements

Level 2 – Valuation based on quoted market prices of investments that are not actively traded or for which certain significant inputs are not observable, either directly or indirectly.

Level 3 – Valuation based on inputs that are unobservable and reflect management's best estimate of what market participants would use as fair value.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Contracts

As described in ASC 962, "Plan Accounting-Defined Contribution Pension Plan", investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for benefits is prepared on a contract value basis.

FGWLAIC has confirmed to the Plan Sponsor's management that contract value approximates fair value and, accordingly, no adjustment for the difference between the contract value and fair value was presented on the statements of net assets available for benefits as of December 31, 2011 and 2010.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold, as well as held during the year.

New Accounting Pronouncement

Fair Value Measurements

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2011-04, "Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs (Topic 820): Fair Value Measurement", to provide a consistent definition of fair value and ensure that the fair value measurement and disclosure requirements are similar between U. S. GAAP and International Financial Reporting Standards. ASU No. 2011-04 changes certain fair value measurement principles and enhances the disclosure requirements particularly for Level 3 fair value measurements. ASU No. 2011-04 is effective for the Plan prospectively for the year ending December 31, 2012. The Plan is currently evaluating the impact of pending adoption of ASU No. 2011-04 on its financial statements.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. These funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Fair Value Measurements

The Plan's assets and liabilities recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 2 for a discussion of the Plan's policies regarding this hierarchy.

A description of the valuation techniques applied to the Plan's major categories of assets and liabilities measured at fair value are as follows:

Mutual Funds: Valued at the net asset value ("NAV") of shares reported daily on national exchange.

Fixed Annuity Fund: The values for fixed annuity funds are reported daily based on the valuation method disclosed in the annuity contract, as calculated by the annuity provider. The contract value equals accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals and applicable fees.

The fixed annuity fund is reported at contract value which PPNYC's management has determined approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables present the level within the fair value hierarchy at which the Plan's financial assets are measured on a recurring basis at December 31, 2011 and 2010. The assets are presented on a disaggregated basis by class, determined by the nature and risk associated with the investment:

There were no transfers between levels during the year ended December 31, 2011.

4. Tax Status

Effective April 29, 2010, the Plan adopted a standardized form of a prototype plan sponsored by Orchard Trust Company. There have been no amendments since 2010. The prototype plan has received a favorable determination letter dated March 31, 2008 from the Internal Revenue Service ("IRS") to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is currently designed and being operated to be in compliance with the applicable requirements of the Code.

PPNYC Retirement Plan

Notes to Financial Statements

Under ASC 740-10, "Income Taxes", a plan must recognize the tax benefit associated with tax positions taken for tax return purposes when it is more likely than not that the position will not be sustained upon examination by a taxing authority. The Plan does not believe there are any material uncertain tax positions taken and, accordingly, will not recognize any liability for unrecognized tax benefits under ASC 740-10. The Plan will file Department of Labor Form 5500 tax returns, as required, and all other applicable returns in jurisdictions where it is required. For the years ended December 31, 2011 and 2010, there was no interest or penalties recorded or included in the financial statements. The Plan is subject to routine audits by a taxing authority. The Plan administrator believes the Plan is no longer subject to income tax examination for the years prior to 2008.

5. Investments

The following table presents investments that represent 5% or more of the Plan's net assets as of December 31, 2011 and 2010:

<i>December 31,</i>	2011	2010
American Funds Europacific Growth R3	\$ 1,317,760	\$ 1,440,327

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) depreciated in value as follows:

<i>December 31, 2011</i>	
Mutual funds	\$(687,023)

6. Information Certified by the Plan's Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

<i>December 31,</i>	2011	2010
Mutual funds	\$9,910,014	\$10,187,971
Fixed annuity fund	4,134,231	3,926,983

PPNYC Retirement Plan

Notes to Financial Statements

Year ended December 31, 2011

Interest on notes receivable - participant loans	\$ 23,945
Interest and dividend income	335,454
Net depreciation in fair value of mutual funds	(687,023)

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. Investment Contract With Insurance Company

The Plan has a benefit-responsive investment contract with FGWLAIC. FGWLAIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. FGWLAIC is contractually obligated to repay the principal and a specified interest rate that are guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract with FGWLAIC is fully benefit-responsive, the contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by FGWLAIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuers or otherwise. FGWLAIC indicates that contract value approximates fair value for this investment at December 31, 2011. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0.0%. Such interest rate is reviewed on a quarterly basis for resetting.

Inputs used to determine the crediting interest rate include each contract's portfolio market value relative to contract value. At December 31, 2011 and 2010, the average yield earned by the contract and the average crediting interest rates were 2.03% and 2.49%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

8. Party-In-Interest Transactions

PPNYC provides to the Plan certain accounting and administrative services for which no fees are charged. Great-West Retirement Services and FGWLAIC are parties-in-interest as defined in the rules under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

Notes to Financial Statements

9. Late Remittances

During the Plan year December 31, 2011, employee withholdings in the aggregate amount of \$281,246 were not remitted within the appropriate time period by PPNYC. This transaction constituted a prohibited transaction as defined by ERISA. PPNYC was aware of the occurrence and took the appropriate steps to correct the situation. Furthermore, PPNYC reimbursed the Plan for the lost earnings with respect to late remittances amounting to \$146.

10. Subsequent Events

The Plan's management has performed subsequent event procedures through September 25, 2012, which is the date the financial statements were available to be issued and there were no other subsequent events requiring adjustments to the financial statements or disclosures as stated herein.
