NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The Parts Associates, Inc. Profit Sharing Plan and Trust (the "Plan") was established by Parts Associates, Inc. (the "Company") on January 2, 1963 and was amended and restated effective January 1, 2010. Below is a summary of the provisions of the Plan. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan for eligible employees of the Company who have attained age 18. The Plan is subject to the provisions of ERISA, as amended.

Contributions

Participants may make voluntary contributions through payroll deductions, on a pretax basis, up to the maximum amount allowed by law. Unless otherwise directed, employees are automatically enrolled with a 3% deferral once eligibility requirements have been met. Participants direct the investment of their contributions into various investments offered by the Plan. The Company does not match employee contributions. The Company, at its discretion, can make discretionary profit sharing contributions to the Plan which are allocated within Plan provisions. No Company profit sharing contributions were made for the years ended December 31, 2011 and 2010.

Participant Accounts

Separate accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, an allocation of the Company contributions and plan earnings. Participants may also be charged with an allocation of any administrative expenses not paid directly by the Company.

Vesting

A participant has a 100% non-forfeitable vested interest in their portion of contributions and earnings thereon. Subject to certain conditions, Company contributions and earnings credited to a participant's account become 100% vested after three years of service (0% in years one and two, 100% in year three). However, Company contributions and the earnings and appreciation thereon credited to a participant's account become fully vested in the event of a participant's death, termination due to disability or attaining the age of 59½.

Payment of Benefits

Distribution of a participant's interest in his or her account can be made upon termination of employment or the attainment of age 70. Participants who have completed 20 years of service and attained age 55 are eligible to take an in-service distribution from their pre-March 31, 2003 account balance. Distributions can be made in a lump sum payment or quarterly installments over a period up to ten years.

Administrative Expenses

Administrative expenses are paid for by the Company or the Plan, at the Company's discretion.

PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 1. Description of Plan (Continued)

Forfeitures

At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$114,677 and \$61,800, respectively. During 2012, these accounts were allocated among participants eligible to receive a Company contribution in accordance with Plan provisions.

Termination Provision

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

The Company has evaluated subsequent events through October 1, 2012, which is the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of the money market fund consist of a short-term investment fund that maintains daily liquidity and has a constant value of \$1.00 and is classified as a Level 1 investment. The shares of mutual funds are valued at quoted market prices in active markets for identical investments, and are classified as Level 1.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 3. Unaudited Information

The investment information contained in the statements of net assets available for benefits, the investment income and net (depreciation) appreciation in fair value of investments in the statements of changes in net assets available for benefits and the supplemental schedule of assets (held at end of year) were derived from information certified by PNC Bank, N.A., the Plan's trustee, as complete and accurate in accordance with ERISA rules and regulations, and was not audited by independent auditors.

The fair market value of individual assets that represent 5% or more of the Plan's net assets are as follows:

	<u>2011</u>	<u>2010</u>
PNC Government Money Market Fund	\$3,655,771	\$3,658,544
PIMCO Total Return Admin	1,200,261	1,512,038
Value Line Emerging Opportunities	448,234	495,278
Artio Global International Equity A	*	591,096
Wells Fargo Advantage Small Cap Value A	*	642,720

* Investment did not represent 5% or more of the Plan's assets for the period presented

Changes in net assets related to investments include the following:

	<u>2011</u>	<u>2010</u>
Net (depreciation) appreciation in fair value of investments:		
Mutual funds	\$ (141,140)	\$ 586,712
Interest and dividends	63,329	50,367

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

Level 1 – Quoted market prices in active markets for identical assets and liabilities.

Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data.

Level 3 – Unobservable inputs in which little or no market exists.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

Note 4. Fair Value Measurements (Continued)

The methods described in Note 2 above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There are no changes in the methodologies used from 2010 to 2011. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011
