We have been informed by the Plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The plan administrator has obtained a certification from the trustee as of April 11, 2012 and December 31, 2011 and for the period ended April 11, 2012 and year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2012 and 2011 financial statements and supplemental schedule that we did not audit, we are unable to express, and do not express, an opinion on the accompanying 2012 and 2011 financial statements and supplemental schedule taken as a whole. Notes to Financial Statements

April 11, 2012, December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN

The following description of Picis Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan which covered all eligible employees of Picis Inc. (the Company) who had attained the age of 21 and had completed 30 days of service, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On August 20, 2010, the Company was acquired by Ingenix, Inc., a subsidiary of UnitedHealth Group Incorporated. Effective August 30, 2010, all Plan participants who were in recognized employment of the Company became eligible to participate in the UnitedHealth Group 401(k) Savings Plan and ceased contributing to the Plan effective August 30, 2010. During 2011, Ingenix, Inc. changed its name to OptumInsight. On April 11, 2012 all Plan assets were transferred into the UnitedHealth Group 401(k) Savings Plan.

Participant Contributions

Prior to August 30, 2010, participants could elect to contribute a percentage of their annual pretax compensation, as defined in the Plan and limited by the Internal Revenue Code (the Code). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their accounts into various investment options offered by the Plan.

Employer Contributions

The Company, at the discretion of its board of directors, could make matching and/or profit sharing contributions.

Participant Accounts

Each participant's account was credited with the participant's contribution plus the Company matching contributions and allocations of the Company profit sharing contribution and Plan earnings, and was charged with administrative expenses, as required. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their voluntary contributions and Company contributions plus actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN - Continued

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant or beneficiary could elect to receive a lump-sum amount equal to the value of his or her vested account balance, or could roll over his/her benefits into another qualified plan. Withdrawals could be made under certain other circumstances in accordance with the Plan document.

Notes Receivable from Participants

Participants were able to borrow from their account up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. Loan terms ranged from 1 to 5 years except when the use of proceeds was for the purchase of a primary residence, in which case the term may be up to 15 years. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were repaid ratably through payroll deductions.

Forfeitures

Forfeitures represented non-vested Company contributions forfeited by participants who terminated their employment or who withdraw from the Plan. Forfeitures were retained by the Plan and were used to pay for the Plan's administrative expenses. At December 31, 2011 and 2010 the forfeiture balance was \$2,287 and \$2,238, respectively. In 2012, a total of \$1,246 was used to pay plan expenses and \$1,041 related to missing participants was transferred to the UnitedHealth Group Inc. 401(k) Savings Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**Payment of Benefits**

Benefits were recorded when paid.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions in accordance with the provisions of the Plan.

Mutual Fund Fees

Underlying investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus not separately identifiable as an expense.

NOTE C - INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's total net assets available for benefits as of December 31, 2011 and 2010 were as follows:

NOTE C – INVESTMENTS - Continued

During the period ended April 11, 2012 and year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/depreciated in value as follows:

	<u>2012</u>	<u>2011</u>
Mutual Funds:		
Large-cap funds	\$ 486,114	\$ (180,334)
Multi-cap funds	269,502	(36,598)

Net appreciation (depreciation) in fair value of investments at estimated fair value	<u>\$ 1,628,431</u>	<u>\$ (1,001,025)</u>

NOTE D - TAX STATUS OF THE PLAN

The Company has adopted a prototype plan which has been determined by the Internal Revenue Service (IRS), in an opinion letter dated March 31, 2008, to be in accordance with applicable sections of the Code. The Plan has since been amended, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of April 11, 2012, December 31, 2011 and 2010 that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2008.

NOTE E - INFORMATION CERTIFIED BY THE ASSET TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank & Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of April 11, 2012, December 31, 2011 and 2010.
- Investment income (loss) and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period ended April 11, 2012 and year ended December 31, 2011.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2011.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements* establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quotes prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

In 2012, assets were transferred out of the Plan and there were no investments as of April 11, 2012. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2011 and 2010.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2011 and 2010.

Mutual funds – Valued based upon quoted prices in an active market, which represents the net asset value (NAV) of the shares held by the Plan.

Money market – Valued at net asset value of \$1 per share.

We have been informed by the Plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The plan administrator has obtained a certification from the trustee as of April 11, 2012 and December 31, 2011 and for the period ended April 11, 2012 and year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2012 and 2011 financial statements and supplemental schedule that we did not audit, we are unable to express, and do not express, an opinion on the accompanying 2012 and 2011 financial statements and supplemental schedule taken as a whole. Notes to Financial Statements

April 11, 2012, December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN

The following description of Picis Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan which covered all eligible employees of Picis Inc. (the Company) who had attained the age of 21 and had completed 30 days of service, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On August 20, 2010, the Company was acquired by Ingenix, Inc., a subsidiary of UnitedHealth Group Incorporated. Effective August 30, 2010, all Plan participants who were in recognized employment of the Company became eligible to participate in the UnitedHealth Group 401(k) Savings Plan and ceased contributing to the Plan effective August 30, 2010. During 2011, Ingenix, Inc. changed its name to OptumInsight. On April 11, 2012 all Plan assets were transferred into the UnitedHealth Group 401(k) Savings Plan.

Participant Contributions

Prior to August 30, 2010, participants could elect to contribute a percentage of their annual pretax compensation, as defined in the Plan and limited by the Internal Revenue Code (the Code). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their accounts into various investment options offered by the Plan.

Employer Contributions

The Company, at the discretion of its board of directors, could make matching and/or profit sharing contributions.

Participant Accounts

Each participant's account was credited with the participant's contribution plus the Company matching contributions and allocations of the Company profit sharing contribution and Plan earnings, and was charged with administrative expenses, as required. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their voluntary contributions and Company contributions plus actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN - Continued

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant or beneficiary could elect to receive a lump-sum amount equal to the value of his or her vested account balance, or could roll over his/her benefits into another qualified plan. Withdrawals could be made under certain other circumstances in accordance with the Plan document.

Notes Receivable from Participants

Participants were able to borrow from their account up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. Loan terms ranged from 1 to 5 years except when the use of proceeds was for the purchase of a primary residence, in which case the term may be up to 15 years. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were repaid ratably through payroll deductions.

Forfeitures

Forfeitures represented non-vested Company contributions forfeited by participants who terminated their employment or who withdraw from the Plan. Forfeitures were retained by the Plan and were used to pay for the Plan's administrative expenses. At December 31, 2011 and 2010 the forfeiture balance was \$2,287 and \$2,238, respectively. In 2012, a total of \$1,246 was used to pay plan expenses and \$1,041 related to missing participants was transferred to the UnitedHealth Group Inc. 401(k) Savings Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**Payment of Benefits**

Benefits were recorded when paid.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions in accordance with the provisions of the Plan.

Mutual Fund Fees

Underlying investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus not separately identifiable as an expense.

NOTE C - INVESTMENTS

The Plan's investments that represented 5% or more of the Plan's total net assets available for benefits as of December 31, 2011 and 2010 were as follows:

NOTE C – INVESTMENTS - Continued

During the period ended April 11, 2012 and year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/depreciated in value as follows:

	<u>2012</u>	<u>2011</u>
Mutual Funds:		
Large-cap funds	\$ 486,114	\$ (180,334)
Multi-cap funds	269,502	(36,598)

Net appreciation (depreciation) in fair value of investments		
at estimated fair value	\$ <u>1,628,431</u>	\$ <u>(1,001,025)</u>

NOTE D - TAX STATUS OF THE PLAN

The Company has adopted a prototype plan which has been determined by the Internal Revenue Service (IRS), in an opinion letter dated March 31, 2008, to be in accordance with applicable sections of the Code. The Plan has since been amended, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of April 11, 2012, December 31, 2011 and 2010 that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2008.

NOTE E - INFORMATION CERTIFIED BY THE ASSET TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank & Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of April 11, 2012, December 31, 2011 and 2010.
- Investment income (loss) and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period ended April 11, 2012 and year ended December 31, 2011.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2011.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements* establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quotes prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

In 2012, assets were transferred out of the Plan and there were no investments as of April 11, 2012. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2011 and 2010.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2011 and 2010.

Mutual funds – Valued based upon quoted prices in an active market, which represents the net asset value (NAV) of the shares held by the Plan.

Money market – Valued at net asset value of \$1 per share.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by American Funds, an affiliate of the third party administrator of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE H - ADMINISTRATIVE EXPENSES

Administrative expenses associated with custody and recordkeeping of the Plan were paid by the Company. Loan and other transaction fees were charged to participants. The Company provided certain accounting and management services for the Plan at no charge and paid for the annual audit of the Plan.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

We have been informed by the Plan administrator that the trustee holds the certified Plan assets and executes the related transactions. The plan administrator has obtained a certification from the trustee as of April 11, 2012 and December 31, 2011 and for the period ended April 11, 2012 and year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's 2012 and 2011 financial statements and supplemental schedule that we did not audit, we are unable to express, and do not express, an opinion on the accompanying 2012 and 2011 financial statements and supplemental schedule taken as a whole. Notes to Financial Statements

April 11, 2012, December 31, 2011 and 2010

NOTE A - DESCRIPTION OF PLAN

The following description of Picis Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was a defined contribution plan which covered all eligible employees of Picis Inc. (the Company) who had attained the age of 21 and had completed 30 days of service, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On August 20, 2010, the Company was acquired by Ingenix, Inc., a subsidiary of UnitedHealth Group Incorporated. Effective August 30, 2010, all Plan participants who were in recognized employment of the Company became eligible to participate in the UnitedHealth Group 401(k) Savings Plan and ceased contributing to the Plan effective August 30, 2010. During 2011, Ingenix, Inc. changed its name to OptumInsight. On April 11, 2012 all Plan assets were transferred into the UnitedHealth Group 401(k) Savings Plan.

Participant Contributions

Prior to August 30, 2010, participants could elect to contribute a percentage of their annual pretax compensation, as defined in the Plan and limited by the Internal Revenue Code (the Code). Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their accounts into various investment options offered by the Plan.

Employer Contributions

The Company, at the discretion of its board of directors, could make matching and/or profit sharing contributions.

Participant Accounts

Each participant's account was credited with the participant's contribution plus the Company matching contributions and allocations of the Company profit sharing contribution and Plan earnings, and was charged with administrative expenses, as required. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their voluntary contributions and Company contributions plus actual earnings thereon.

NOTE A - DESCRIPTION OF PLAN - Continued

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant or beneficiary could elect to receive a lump-sum amount equal to the value of his or her vested account balance, or could roll over his/her benefits into another qualified plan. Withdrawals could be made under certain other circumstances in accordance with the Plan document.

Notes Receivable from Participants

Participants were able to borrow from their account up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. Loan terms ranged from 1 to 5 years except when the use of proceeds was for the purchase of a primary residence, in which case the term may be up to 15 years. The loans were secured by the balance in the participant's account and bore interest at rates which were commensurate with local prevailing rates as determined by the plan administrator. Principal and interest were repaid ratably through payroll deductions.

Forfeitures

Forfeitures represented non-vested Company contributions forfeited by participants who terminated their employment or who withdraw from the Plan. Forfeitures were retained by the Plan and were used to pay for the Plan's administrative expenses. At December 31, 2011 and 2010 the forfeiture balance was \$2,287 and \$2,238, respectively. In 2012, a total of \$1,246 was used to pay plan expenses and \$1,041 related to missing participants was transferred to the UnitedHealth Group Inc. 401(k) Savings Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Dividends were recorded on the ex-dividend date. Interest income was recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued**Payment of Benefits**

Benefits were recorded when paid.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans were reclassified as distributions in accordance with the provisions of the Plan.

Mutual Fund Fees

Underlying investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earning activity and thus not separately identifiable as an expense.

NOTE C - INVESTMENTS

NOTE C – INVESTMENTS - Continued

During the period ended April 11, 2012 and year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/depreciated in value as follows:

	<u>2012</u>	<u>2011</u>
Mutual Funds:		
Large-cap funds	\$ 486,114	\$ (180,334)
Multi-cap funds	269,502	(36,598)

Net appreciation (depreciation) in fair value of investments at estimated fair value	<u>\$ 1,628,431</u>	<u>\$ (1,001,025)</u>

NOTE D - TAX STATUS OF THE PLAN

The Company has adopted a prototype plan which has been determined by the Internal Revenue Service (IRS), in an opinion letter dated March 31, 2008, to be in accordance with applicable sections of the Code. The Plan has since been amended, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing jurisdictions. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of April 11, 2012, December 31, 2011 and 2010 that there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2008.

NOTE E - INFORMATION CERTIFIED BY THE ASSET TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank & Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of April 11, 2012, December 31, 2011 and 2010.
- Investment income (loss) and interest income from notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period ended April 11, 2012 and year ended December 31, 2011.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2011.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE F - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements* establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its investments into Level 1, which refers to securities valued using quotes prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

In 2012, assets were transferred out of the Plan and there were no investments as of April 11, 2012. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2011 and 2010.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during 2011 and 2010.

Mutual funds – Valued based upon quoted prices in an active market, which represents the net asset value (NAV) of the shares held by the Plan.

Money market – Valued at net asset value of \$1 per share.

NOTE G - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were shares of mutual funds managed by American Funds, an affiliate of the third party administrator of the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE H - ADMINISTRATIVE EXPENSES

Administrative expenses associated with custody and recordkeeping of the Plan were paid by the Company. Loan and other transaction fees were charged to participants. The Company provided certain accounting and management services for the Plan at no charge and paid for the annual audit of the Plan.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE J - SUBSEQUENT EVENTS

Subsequent events were evaluated through October 11, 2012, which is the date the financial statements were available to be issued.
