Independent Auditor's Report

We have audited the accompanying statements of net assets available for benefits of Aldelano Corporation 401(k) Profit Sharing Plan & Trust as of December 31, 2011 and 2010 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements, referred to above present fairly, in all material respects, the financial statements of Aldelano Corporation 401(k) Profit Sharing Plan & Trust as of and for the years ended December 31, 2011 and 2010, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental schedule of assets held is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

As further discussed in Notes 2 and 6 to the financial statements, the Board of Directors of Aldelano Corporation, the Plan's sponsor, voted on August 10, 2011 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2010 financial statements to the liquidation basis used in presenting the 2011 financial statements.

ALDELANO CORPORATION 401(K) PROFIT SHARING PLAN & TRUST
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1: DESCRIPTION OF THE PLAN

The following description of Aldelano Corporation 401(k) Profit Sharing Plan & Trust provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the corporation who have completed six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company establishes annually a discretionary match for participant contributions to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors and are invested in a portfolio of investments as directed by the Company. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant-Directed Investment Options

Upon enrollment in the Plan, a participant may direct contributions in five percent increments to any investment options available during the year.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service. All participants become 100% vested effective August 10, 2011 due to the Plan termination.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participants' loan account. Loan cancellations upon termination are reflected as benefits paid directly to participants. Interest income is recorded in the fund(s) to which repayments are made. Loan terms range from 6 to 60 months, except for the purchase of a primary residence, which may have a term up to 120 months. The loans are secured by the balance in the participant's vested account and bear interest at prime plus 1 percent at the date of inception and remain fixed thereafter; interest rates historically range from 4.25% to 5.00% and currently range from 4.25% to 5.00% as of December 31, 2010 and there are no outstanding loans as of December 31, 2011. Principal and interest are paid bi-weekly through payroll deductions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1: DESCRIPTION OF THE PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or installments over a fixed period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Amounts

At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$178 and \$0, respectively. These accounts will be used to reduce future employer contributions or administrative fees. During the years ended December 31, 2011 and 2010, forfeitures in the amount of \$780 and \$1,272 were used to reduce employer contributions or administrative fees. Effective August 10, 2011, all employees became 100% vested due to the Plan termination.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Due to the decision to terminate the Plan during 2011, the financial statements for 2011 have been prepared using the liquidation basis of accounting. The 2010 financial statements were prepared on the ongoing accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. See Note 4 for discussions of fair value measurements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Except for certain transactional fees, administrative expenses of the Plan are paid by the Plan sponsor.

Subsequent Events

Subsequent events have been evaluated through October 11, 2012, which is the date the financial statements were available to be issued.

NOTE 3: INVESTMENTS

The Plan's investments that represent five percent or more of the Plan net assets available for benefits as of December 31, 2011 and 2010 are as follows:

	<u>2011</u>	<u>2010</u>
Mutual Funds:		
American Funds Target Retirement date 2010	\$ 164,080	\$ 188,266
American Funds Target Retirement date 2025	14,517	84,977
American Funds Target Retirement date 2020	283*	61,253
American Funds Target Retirement date 2035	73*	129,799
American Funds Target Retirement date 2015	0*	35,375

*Amount is presented for comparative purposes only.

NOTE 4: FAIR VALUE MEASUREMENTS

Generally accepted accounting principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 4: FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at the net asset value (“NAV”) of shares held by the plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2011 and 2010:

Assets at Fair Value as of December 31, 2011

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

DECEMBER 31, 2011 AND 2010

NOTE 5: RELATED PARTY OR PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. At December 31, 2011 and 2010, the Plan used American Funds to act as custodian; as such, the administrative fees paid to American Funds qualify as party-in-interest transactions. Additionally, the Plan holds party-in-interest investments in the form of several mutual funds managed by American Funds and participant loans.

NOTE 6: PLAN TERMINATION

During 2011, the Board of Directors of Aldelano Corporation of Michigan, the Plan's sponsor, voted that effective August 10, 2011, the Plan would be terminated. As such, all contributions to the Plan would cease as of that date and all Plan participants would become 100% vested in all Plan contributions. Final distributions from the Plan were issued as of June 30, 2012.

NOTE 7: TAX STATUS

The Plan adopted a non-standardized 401(k) profit sharing prototype plan document, which received a favorable opinion letter from the Internal Revenue Service stating that the prototype document is acceptable under section 401 of the Internal Revenue Code (IRC). The Plan Administration believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and therefore, the Plan qualifies under section 401(a) of the IRC and the related trust is exempt. Management believes that the Plan has not done anything to jeopardize their tax exempt status and does not have any activities that would generate unrelated business income tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 8: RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
