Independent Auditors' Report

We were engaged to audit the accompanying statement of net assets available for benefits of the Broadpoint 401(k) Plan ("the Plan") as of December 31, 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule as of year December 31, 2011, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2010 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by Principal Life Insurance Company, the trustee of the Plan. Their report, dated September 13, 2011, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplementary schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information in the Plan's December 31, 2011 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying December 31, 2011 financial statements and schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the December 31, 2011 financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Broadpoint 401(k) Plan
Notes to Financial Statements
December 31, 2011 and 2010

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Broadpoint 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General:
Broadpoint, Inc. (the "Company") established the Plan effective October 1, 1991. The Plan is a defined contribution plan covering all employees of Broadpoint, Inc. who are not leased and whose terms and conditions of employment are not determined by a collective bargaining agreement. An eligible employee is entitled to participate in the Plan after reaching the age of 21. Entry to the plan is on the first day following eligibility. Administration of the Plan is performed by Broadpoint, Inc.

The trustees of the Broadpoint 401(k) Plan entered into a merger and transfer agreement with the trustees of the MTPCS, LLC 401(k) Profit Sharing Plan & Trust effective December 28, 2011. All Plan assets were transferred in a qualified plan asset transfer to the MTPCS, LLC 401(k) Profit Sharing Plan & Trust. The Broadpoint 401(k) Plan ceased to exist as of December 28, 2011.

Investments:
The Plan's fund investments are held in trust by the Plan trustee, Principal Life Insurance Company. The Plan assets are directed by participants and controlled by the trustees. Fair value is determined by quoted market prices.

Net investment income (losses) for the year result from interest and dividends received, gain (loss) recognized on the sale of assets and unrealized appreciation (depreciation) due to changes in the market value of the investments held at year end.

Notes Receivable from Participants:
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balances. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. Participants pay plan expenses related to the issuance of the loan. A participant may not have more than one loan outstanding at a time. The loan is secured by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Participant loans at December 31, 2011 and 2010 were $0 and $95,151, respectively. Participant loans in the amount of $32,602 were transferred to the MTPCS, LLC 401(k) Profit Sharing Plan & Trust before December 31, 2011.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Participants' Interests:
Participants are allowed to direct the investment of their accounts among several investment choices. Each participant account is credited with (a) the participant's elective deferral contribution, (b) the Company's contributions, (c) forfeitures of terminated participants' nonvested accounts, and (d) the participant's individual gains or losses from the investments chosen by the participant.

NOTE 1 - DESCRIPTION OF PLAN - (continued)

Employee Contributions:
The Plan allows for employee pre-tax contributions, which are deferred from income taxation under the Internal Revenue Code. Each participant may elect to reduce his or her salary or wages and contribute that amount to the Plan. The reduction may not be more than the limits under Internal Revenue Code section 402(g) as adjusted annually. Eligible employees may elect to contribute up to 100% of their annual salary in any combination to the Plan's offered investments. The Plan also allows for "catch up" employee pretax contributions and transfers from other qualified plans.

Employer Contributions:
The Plan provides that Broadpoint, Inc. will make matching contributions in an amount to equal 50% of the first 6% of an employee's eligible compensation that is contributed to the plan as deferral contributions, but in no case in an amount which is in excess of the amount allowable as a tax deduction under the Internal Revenue Code. Contributions are to be funded no later than the date the Broadpoint, Inc. federal income tax return is due.

The Company may also make a discretionary and a qualified non-elective contributions for any plan year. To be eligible for a Company discretionary or qualified non-elective contribution, a participant must have provided 1,000 hours of service and be employed on the last day of the plan year.

Forfeitures:
Forfeitures of non-vested matching contributions and non-vested employer non-elective contributions are applied first to any plan expenses and then to reduce employer contributions. Plan forfeitures at December 31, 2011 and 2010 were $0 and $3,636, respectively. Forfeitures in the amount of $43,474 were used to fund the December 31, 2011 employer matching contribution for a total matching contribution of $57,258 allocated to participants for the year ended December 31, 2011.

Vesting:
Participants are immediately vested in their elective deferrals plus actual earnings thereon. Vesting in the Company's matching, discretionary, and qualified non-elective contributions and earnings thereon is based on covered years of service. For purposes of determining a participant's vested benefit, years of service are computed on the basis of completed plan years of service and include all years of service with the employer.

Vesting for matching, discretionary and non-elective contributions is as follows:

Years of Service	Vested Percentage
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Distribution Provisions:
Pursuant to plan provisions, distributions may be made from the Plan upon the participant's normal retirement, disability, death or termination of employment. If such participant's account balance exceeds $5,000, distribution may be postponed until the participant has reached age 70 1/2. The normal form of payment under the Plan is a lump sum distribution, although installment distributions are permitted.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting:
The accompanying financial statements have been prepared on the accrual basis of accounting. Additions to the Plan are recognized when earned. Benefits are recorded when paid. Deductions from the Plan are recognized when the liability is incurred.

Investment, Valuation and Income Recognition
The Plan's fund investments are held in the name of the Plan by the Plan trustee, Principal Life Insurance Company. The investments are stated at fair market value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Fees:
Administrative fees and all other fees associated with the plan have been paid by the Plan.

Accounting Estimates:
The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 - INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for reporting under ERISA. All investment information disclosed in the accompanying financial statements and schedules including investments held at December 31, 2011 and December 31, 2010, and net appreciation in fair value of investments, interest, dividends, gain on sales of assets, investment expenses and administrative fees for the year ended December 31, 2011 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the Trustee.

Accordingly, as permitted under such election, the following information was not subjected to any auditing procedures performed by the independent public accountants, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule:

	2011	2010
Market value of investment assets	$ -	$ 4,174,764
Notes receivable from participants	$ -	$ 95,151
Plan income	$ 3,767	$ 455,808

NOTE 4 - INVESTMENTS

The following presents the fair values of investments that represent 5% or more of net assets available for benefits at December 31:

	2011	2010
Principal Money Mkt Sep Acct	$ -	$ 826,997
Principal Lifetime 2020 Sep Acct	-	306,869
Principal Lifetime 2030 Sep Acct	-	811,342
Principal Lifetime 2040 Sep Acct	-	238,104
Principal Lgcap S&P 500 Idx Sep Acct	-	323,790
Principal U.S. Property Sep Acct	-	249,957
Principal Midcap Growth III Sep Acct	-	297,396

During the Plan years ended December 31, 2011 and December 31, 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) by $(1,423) and $448,858, respectively.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board (FASB) developed the Accounting Standard Codification (ASC) 820, “Fair Value Measurements,” to establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the “Fair Value Measurements” guidance are described as follows:

Level 1 - observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

Level 2 - observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 - FAIR VALUE MEASUREMENTS - (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Guaranteed investment contracts: Valued at fair value representing the amount plan sponsors would receive if they terminated the contract at the reporting date, which is book value less an early withdrawal charge.

Pooled separate accounts: Valued at the net asset value ("NAV") based on the market value of the underlying investments.

Assets itemized below were measured at fair value during the years ended using the market approach. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As all Plan assets were transferred out of the Plan prior to December 31, 2011, there is no December 31, 2011 fair value hierarchy table shown. The realized gain on the guaranteed investment contracts is presented as the net gain in guaranteed investment contracts on the Statements of Changes in Net Assets Available for Benefits. The realized gain on the real estate equity investment is included in the net loss in pooled separate accounts on the Statements of Changes in Net Assets Available for Benefits. The following tables present a reconciliation of the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) due to the transfer at the end of the reporting period.

	Real Estate Equity
Balance, January 1, 2011	$ 179,942
Realized gains (losses)	26,870
Purchases, sales, issuances, settlements, net	(23,425)
Transfers, loan withdrawals, merger	(183,387)
Balance, December 31, 2011	$ -

Purchases, sales, issuances, settlements, net	(10,003)

NOTE 6 - TAX STATUS

The Plan provisions are based on a prototype plan. An Internal Revenue Service letter dated March 31, 2008, stated that the form of the prototype plan was acceptable under the Internal Revenue Code. The plan has been amended since receiving the determination letter. However, the plan administrator and the plan sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statement.

The Plan evaluates all significant tax positions as required by generally accepted accounting principles in the United States. As of December 31, 2011, the Plan does not believe that it has taken any tax positions that would require the recording of any additional tax liability nor does it believe that there are any unrealized tax benefits that would either increase or decrease within the next twelve months. The Plan's income tax returns are subject to examination by the appropriate regulatory authorities as of December 31, 2011, the Plan's federal tax returns generally remain open for the last 3 years.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts and the assets will be distributed to participants in proportion to their respective account balances.

NOTE 8 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. Plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is also the trustee for the Plan and, therefore, is a party-in-interest.The transactions with Principal Life Insurance Company qualify as party-in-interest transactions. The Plan paid fees to Principal in the amount of $17,211 for the year ended December 31, 2011.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
