INDEPENDENT AUDITORS' REPORT

The Plan Administrator
FASTAFF, INC 401(K) Plan
Greenwood Village, Colorado

We were engaged to audit the financial statements of FASTAFF, INC 401(K) Plan (the "Plan") as of December 31, 2011 and 2010, and for the year ended December 31, 2011, and the supplemental schedule for the year ended December 31, 2011, as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2, which was certified by Principal Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and the supplemental schedule taken as a whole. The supplemental schedule is presented for the purposes of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and the supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan and Significant Accounting Policies

The following description of FASTAFF, INC 401(K) Plan (the "Plan") (formerly known as the U.S. Nursing Corp. 401(k) Plan) provides only general information. Participants and all others should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established on November 1, 1999. The Plan is available to employees age 21 years or older who have completed three months of service. The Plan excludes employees subject to a collective bargaining agreement and non-resident alien employees from participation in the Plan. Eligible employees may enter the Plan on the first day of the month following completion of the service requirement. The Plan is subject to the provisions of Employee Retirement Income Security Act of 1974 ("ERISA").

The Board of Directors of U.S. Nursing Corp. (the "Company") administers the Plan. As of October 20, 2010, Principal Trust Company ("Principal") serves as trustee, custodian, manages Plan assets, and maintains the Plan's records. The trustee offers Plan participants a variety of investment options through various mutual funds, pooled separate accounts, and guaranteed investment contracts. Orchard Trust Company, LLC ("Orchard"), served as trustee and custodian, managed Plan assets, and maintained the Plan's records prior to October 20, 2010, and was the custodian of a guaranteed investment contract in the Plan until the contract expired in October 2011, after which, the remaining assets were transferred to Principal.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Contributions

Participants may make before-tax contributions up to 67% of their annual compensation, not to exceed $16,500 in 2011 as limited by the Internal Revenue Service ("IRS"), which is adjusted annually by the Secretary of the Treasury for inflation. This maximum percentage may be reduced by the Plan administrator in certain circumstances. The Plan also permits rollover contributions from other qualified retirement plans. Additional catch-up contributions are available to any participant who is age 50 or older and has made the maximum contributions for the year. Employee contributions to the Plan are made through regular payroll deductions. Participants may change their elective deferred contributions at any time during the year.

Subsequent to Plan year-end, the Company may contribute a discretionary matching contribution to the Plan. Participants are eligible to receive the discretionary matching contribution after completing one year of service from the date of hire.

During the year ended December 31, 2011, the Company contributed a discretionary matching contribution equal to 2/3 of the first 6% of employee deferral contributions up to 4% of eligible compensation for the Plan year. The Company contributed $97,456 for the year ended December 31, 2011.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution, rollover contributions, the Company's matching contribution, administrative expenses, and Plan earnings or losses thereon. Each participant self-directs the investment of their account balance. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their voluntary contributions and allocated earnings or losses thereon. Prior to January 1, 2010, all safe harbor matching contributions made to the Plan were 100% vested. Any employer matching contributions made after January 1, 2010 (including forfeitures) and the earnings or losses thereon will vest as follows:

Years of Service	Vested Interest
Less than 1 year	0%
1	25%
2	50%
3	100%

A participant's account becomes 100% vested upon attaining the normal retirement age of 65, upon termination of employment due to death or disability, or if the Plan is terminated.

Participant Loans

Participants are not allowed to borrow from their accounts.

Payments of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested account balance, roll it over to another qualified retirement plan, or leave the vested interest in the Plan. Participants may also elect to receive their distribution in installments. Accounts with balances less than $5,000 may be automatically distributed upon a distribution event. In the event of a distribution where the participant balance is greater than $1,000 and less than $5,000, and the participant has not elected a distribution, the vested balance will be paid as a distribution to an individual retirement account established in the name of the participant by the participant. Participants may not make withdrawals from their accounts prior to age 59½, except in the event of disability, death, or termination of employment, without being subject to certain restrictions and penalties. Distributions are reflected in the financial statements when paid.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Participant Termination and Forfeitures

If at the time of distribution, the participant is not 100% vested, the non-vested portion ("forfeitures") of the participant's account shall be placed in a separate account and will be used to offset matching contributions or pay Plan expenses. During the year ended December 31, 2011, $24,713 in forfeitures were used to off-set employer contributions. Unallocated forfeitures at December 31, 2011 and 2010 were $7,433 and $25,198, respectively.

Investment Valuation and Recognition of Gain or Loss

Investments are recorded at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

In accordance with generally accepted accounting principles, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is a relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, as the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in fixed income guaranteed option funds. As required by generally accepted accounting principles, the statements of net assets available for benefits presents the fair value of the stable value fund, with an adjustment of the guaranteed option funds from fair value to contract value as of December 31, 2011 and 2010.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying statement of changes in net assets available for benefits and is determined as the difference between the fair value at the beginning of the year (or date of purchase if purchased during the year) and the fair value at the end of the year (or selling price if sold during the year). Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 1 - Description of the Plan and Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Additionally, some of the investments held by the Plan are invested in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of comparable U.S. companies.

Finally, the Plan provides participants the ability to invest in various pooled separate accounts and guaranteed interest accounts, which may in turn invest in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial loans. The value, liquidity, and related income of those securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Note 2 - Investments

Principal and Orchard have certified in writing to the Plan administrator that the stated amounts for investments at fair value as of December 31, 2011 and 2010 and the income earned thereon for the year ended December 31, 2011, as reflected in the accompanying financial statements and the supplemental schedule, are complete and accurate.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by Principal and Orchard, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

Note 2 - Investments (continued)

The fair value of investments greater than 5% of net assets was the following:

	December 31, 2011		December 31, 2010	
Principal Fixed Income Guaranteed Option	$ 1,973,476		$ 324,009	*
Janus Balanced S Fund	$ 1,251,569		$ 1,664,114

Guaranteed Portfolio Fund	$ -	*	$ 2,330,592	

* Represents less than 5% of net assets for the respective year and presented for comparative purposes.

During 2011, the Plan's investments, including gains and losses on investments bought and sold as well as held during the year, (depreciated) appreciated in value as follows:

Mutual funds	$ (164,347)
Pooled separate accounts	55,141
Guaranteed portfolio funds	19,779
	$ (89,427)

Note 3 - Fair Value Accounting

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 3 - Fair Value Accounting (continued)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value measured on a recurring basis as of December 31, 2011 and 2010.

Assets at fair value as of December 31, 2011 are as follows:

Total	$ 4,840,478	$ 5,730,862	$ 324,009	$ 10,895,349

Note 3 - Fair Value Accounting (continued)

The valuation technique used to measure fair value of the mutual funds was based upon quoted market prices for the underlying investments at the last reported sales price.

The valuation technique used to measure fair value of the pooled separate accounts was the net asset value of units held by the Plan at year-end. The net asset value of these accounts is based on the market value of its underlying investments. The net asset value is not a publicly quoted price in an active market. There are no unfunded commitments and the units may be redeemed on a daily basis.

The valuation technique used to measure fair value of the guaranteed portfolio funds was based on the valuation formula disclosed in the annuity contract, as calculated by the annuity provider. The funds are guaranteed insurance contracts, which are not investments, but rather group annuity contracts with a guarantee backed by the assets in the general account of Principal Life. The general account consists of multiple investments, which include corporate bonds, asset-backed securities, commercial real estate mortgages, government bonds, and short-term cash equivalents. There are no unfunded commitments, and the units may be redeemed on a daily basis.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no changes to the valuation techniques used during the period.

Level 3 Changes

The following is a reconciliation of the beginning and ending balances for assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) during the year ended December 31, 2011:

	Short-Term Fixed Income
Beginning balance	$ 324,009
Total gains or losses (realized/unrealized) included in earnings	(67,034)
Purchases	2,127,595
Sales	(2,649,249)
Transfers into Level 3	2,238,155
Ending balance	$ 1,973,476

Note 4 - Income Taxes

On March 31, 2008, the IRS issued an opinion letter indicating that the prototype plan document adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has since been amended; however, the Plan administrator believes that the Plan continues to be operated and administered in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 5 - Administration of the Plan

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the costs of certain outside services for the Plan. Certain fees may be charged directly to participant accounts.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated for any reason, all participants become 100% vested, and the Plan administrator is to distribute each participant's interest to the participant or the participant's beneficiary.

Note 7 - Related Party Transactions

Certain Plan investments are shares of separate accounts managed by Principal, who serves as the trustee, manages Plan assets, and maintains the Plan's records, as defined by the Plan; therefore, these transactions qualify as party-in-interest. These transactions are exempt from prohibited transaction rules. Fees paid by the Plan for investment management services were included a reduction of the return earned on each fund.

Note 8 - Reconciliation to Form 5500

Net assets available for benefits as of December 31, 2010 and net depreciation in fair value of assets for the year ended December 31, 2011 for financial reporting purposes differ from the amounts shown on the Plan's Form 5500 due to the adjustment from fair value to the contract value for fully benefit-responsive contracts of $17,053 as of December 31, 2010.

Note 9 - Subsequent Events

The Plan has evaluated all subsequent events through October 11, 2012, which is the date the financial statements were available for issuance.
