Independent Auditors' Report

The Trustees
FB Bancorp 401(k) Plan
San Antonio, Texas

We were engaged to audit the financial statements of FB Bancorp 401(k) Plan as of December 31, 2011 and for the year then ended, and the supplemental schedule as listed in the accompanying table of contents. These financial statements and the supplemental schedule are the responsibility of the Plan's management.

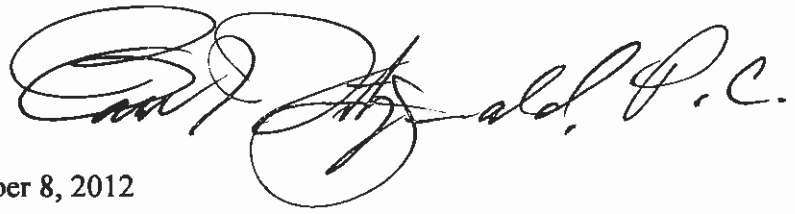

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information in Note 3 for the year 2011, which was certified by John Hancock Life Insurance Company (U.S.A.), the custodian of the plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2011 that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2011 financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

We have compiled the accompanying statement of net assets available for benefits of FB Bancorp 401(k) Plan as of December 31, 2010. We have not audited or reviewed the accompanying financial statement and, accordingly, do not express an opinion or provide any assurance about whether the financial statement is in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statement.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist the plan administrator in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

1. Description of Plan

The following brief description of the FB Bancorp 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of FB Bancorp (the Company), except employees who are members of a collective bargaining unit and non-resident aliens, who have attained the age of 21 and who have completed six months of service. Entry dates are the first day of each calendar month of the plan year, coincident with or next following the satisfaction of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to a maximum amount determined the by Federal Government, which for the years 2011 and 2010 was $16,500. Also participants who have obtained the age of 50 before the close of the Plan year are eligible to make catch-up contributions, which for the years 2011 and 2010 was an additional $5,500. The Company may, at its discretion, match a portion of participant contributions, make a non-elective discretionary contribution known as a profit sharing contribution, or make a safe harbor contribution to satisfy certain compliance requirements. Contributions are subject to certain limitations. The Company made a 4% safe harbor matching contribution for eligible employees during the year 2011.

Participant Accounts

Participants may direct their contributions to selected investments as made available by the Plan administrator. Participants may change their investment options throughout the year via direct telephone or website access with John Hancock Life Insurance Company (U.S.A.) (John Hancock).

Each participant's account is credited with the participant's contribution, the Company's contributions (if any), and an allocation of Plan earnings. The Company's matching contributions, if any, depend on the amount of the each participant's elective deferral contribution and is based upon a matching percentage set by the Company. Plan earnings are credited to each participant's account based upon the performance of the investments selected at each valuation date. The benefit to which a participant is entitled is the benefit that can be derived from the participant's vested account.

1. Description of Plan (continued)

Payment of benefits

On termination of service, a lump-sum amount will be distributed equal to the value of the participant's vested interest in his or her account.

Vesting

Participants are 100% vested at all times in the accrued benefits from their elective contributions and the Company's safe harbor contributions. Participants become 20% vested after two years of service and increasing 20% per year until 100% vested after the completion of six years of service in all matching and non-elective discretionary contributions made by the Company and the earnings thereon.

Forfeitures

Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts from nonvested accounts may be used by the Plan for several purposes including reducing the Company's matching and non-elective contributions or applied to reduce administrative expenses of the Plan. There were no unallocated forfeitures at December 31, 2011 and 2010.

Notes Receivable from Participants

Loans are available to all participants. The amount that may be borrowed is the lesser of $50,000 or 50% of the participant's vested interest in the Plan. The $50,000 maximum amount will be reduced by the participant's highest outstanding loan balance in the previous 12 months, even if amounts have been repaid. A participant may have no more than one (1) loan outstanding at any one time. The interest rate charged will be a reasonable rate of interest as determined by the Administrator. Until otherwise determined by the Administrator, the interest rate will be prime rate of interest on the date the loan originates. The interest rate remains constant throughout the term of the loan. The loans are secured by the balance in the participant's account. All loans must be repaid within five years except for the purchase of a primary residence, which have a maximum repayment period of twenty (20) years. Principal and interest are paid ratably through payroll deductions each pay period.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract. If applicable the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The John Hancock group annuity contract does not meet the basic criteria to be considered fully benefit-responsive. Specifically, the criteria that all distributions from the contract be at contract (or "book") value is not met. Therefore, the Statement of Net Assets Available for Benefits presents the fair value of the investment contract and an adjustment from fair value to contract value is not required.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at the value reported to the Plan by John Hancock, which represents approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan management to make estimates and assumptions that affect the reported amounts assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

The employer pays for expenses incident to the administration of the Plan, except for investment expenses and custodian processing fees related to participant initiated transactions.

Recent Accounting Pronouncements

ASU No. 2010-06, Fair Value Measurements and Disclosures - In January 2010, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2010-06, *Improving Disclosures about Fair Value Measurements*, which amended ASC Topic 820, *Fair Value Measurements and Disclosures,* by adding new disclosure requirements for Levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to Level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide Level 3 activity of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The plan prospectively adopted the new guidance in 2010, except for the Level 3 reconciliation disclosures, which were adopted in 2011.

ASU No. 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards - In May 2011, the FASB issued ASU No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirement in U.S. GAAP and International Financial Reporting Standards*, which amends ASC Topic 820, to provide a consistent definition of fair value and to ensure that fair value measurement and disclosure requirements are similar between U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 changes certain fair value measurement principals and enhances the disclosure requirements particularly for Level 3 fair value measurements. ASU No. 2011-04 is effective for the Plan prospectively for the year ending December 31, 2012. The Plan is currently evaluating the impact of pending adoption of ASU No. 2011-04 on its financial statements.

2. Summary of Significant Accounting Policies (continued)

Date of Management's Review

Subsequent events were evaluated through October 8, 2012, which is the date the financial statements were available to be issued.

3. Information Certified By John Hancock

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information certified by John Hancock for the year 2011, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of participant directed investments in this Plan that were certified by John Hancock. Individual investments that represent 5% or more of the Plan's net assets available for benefits as of December 31, 2011 are separately identified below:

John Hancock Retirement Choices at 2010	**$ 265,801**
John Hancock Retirement Choices at 2020	**167,515**
John Hancock Retirement Choices at 2025	**359,524**
Oppenheimer Int'l Bond	**234,472**
Oppenheimer Int'l Growth Fund	**173,512**
Total Return Fund	**195,912**
U.S. High Yield Bond Fund	**158,652**
Other investments certified by John Hancock Life Insurance Company (U.S.A.)	**1,552,353**
	$ 3,107,741

John Hancock also certified the completeness and accuracy of the net depreciation in fair value of investments of $72,702 for the year ended December 31, 2011.

During 2011, the Plan's investments depreciated in fair value by $72,702 as follows:

Pooled separate accounts	$ (72,702)

3. Information Certified By John Hancock (continued)

The following table presents the fair value of participant directed investments in this Plan as of December 31, 2010. Individual investments that represent 5% or more of the Plan's net assets available for benefits are separately identified below:

John Hancock Retirement Choices at 2010	$ 279,901
John Hancock Retirement Choices at 2025	287,285
John Hancock Retirement Stable Value Fund	158,214
Oppenheimer Int'l Bond	195,706
Oppenheimer Int'l Growth Fund	178,372
The Growth Fund of America	249,119
Other investments certified by John Hancock Life Insurance Company (U.S.A.)	1,731,748
	$ 3,080,345

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a framework for measuring fair value in accordance with accounting principles generally accepted in the United States of America. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for major categories of investments measured at fair value:

Level 2 Fair Value Measurements

The fair values of pooled separate accounts reported by the insurance company are measured based upon data provided by outside valuation service providers who in turn generally use the mean of bid and asked prices but may also use alternative observable pricing inputs for certain securities.

Level 3 Fair Value Measurements

The group annuity contract is a guaranteed investment contract with an insurance company and is not actively traded and significant other observable inputs are not available. Thus, the fair value of contract is determined by discounting the related cash flows based on current yields of similar instruments with comparable durations.

4. Fair Value Measurements (continued)

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2011:

	Level 1	Level 2	Level 3	Fair Value
Pooled separate accounts	$ -	$ 3,097,501	$ -	$ 3,097,501
Group annuity contract	-	-	10,240	10,240
	$ -	$ 3,097,501	$ 10,240	$ 3,107,741

The Plan's investments, measured at fair value by the three levels of the fair value hierarchy as described above are as follows at December 31, 2010:

	Level 1	Level 2	Level 3	Fair Value
Pooled separate accounts	$ -	$ 2,922,131	$ -	$ 2,922,131
Group annuity contract	-	-	158,214	158,214
	$ -	$ 2,922,131	$ 158,214	$ 3,080,345

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the group annuity contract with the insurance company for the years ended December 31, 2011 and 2010:

Year Ended December 31, 2011	
Beginning balance	$ 158,214
Total gains or losses included in changes in net assets available for benefits	2,845
Purchases, issues, sales, and settlements:	
Purchases	18,280
Issues	-
Sales	(167,954)
Settlements	(1,145)
	-
Ending balance	$ 10,240

4. Fair Value Measurements (continued)

Year Ended December 31, 2010	
Beginning balance	$ -
Total gains or losses included in changes in net assets available for benefits	9
Purchases, issues, sales, and settlements:	
Purchases	158,205
Issues	-
Sales	-
Settlements	-
Ending balance	$ 158,214

5. Investment Contract with Insurance Company

As described in Note 2, the John Hancock group annuity contract is not a benefit-responsive investment contract and therefore fair value is the relevant measurement basis. Fair value as reported by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and processing fees. Participants may ordinarily direct withdrawal or transfer of all or a portion of their investment at contract value or market value depending on the reason for the withdrawal. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2011 and 2010 was $10,240 and $158,214, respectively. The average yield and crediting interest rates for the year 2011 were 1.97% and 3.02%, respectively.

6. Tax Status

The Internal Revenue Service has provided an opinion and informed the Plan's sponsors by a letter dated March 31, 2008 that the Plan is qualified and not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan administrator is not aware of any course of action or series of events, including amendments that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, no uncertain positions taken or expected to be

6. Tax Status (continued)

taken would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

7. Related Party Transactions

Certain Plan investments are investments managed by John Hancock. John Hancock is the custodian of Plan assets and they provide participant accounting and, therefore these transactions qualify as party-in-interest transactions. Total fees paid by the Plan for investment management and other services amounted to $2,736 for the year ended December 31, 2011.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed intent to do so, the employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all participants would become fully vested in their account balances.
