A. DESCRIPTION OF PLAN

The following description of the Hughes Enterprises, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions, which are subject to the provisions of the Employee Retirement Income Security Act (ERISA).

Eligibility Requirements

The Plan is a defined contribution plan covering all full-time employees (including leased employees) EXCEPT:

1. Union Employees (as defined in Plan Section 1.18)
2. Non-resident aliens (as defined in Plan Section 1.18)

who have one year of service and are age twenty-one or older. It is subject to the simple 401(k) provisions.

Effective Date of Participation

An Eligible Employee who has satisfied the eligibility requirements will become a Participant for all purposes of the Plan on the earlier of the first day of the seventh month or the first day of the Plan Year coinciding with or next following the date on which such requirements are satisfied.

Service

No service with a predecessor Employer shall be recognized. The Hours of Service Method shall be used for the following purposes:

1. The eligibility computation period after the initial eligibility computation period shall shift to the Plan Year after the initial computation period.
2. The vesting computation period shall be the Plan Year.
3. Sharing in allocations or contributions (the computation period shall be the Plan Year).

The Hours of Service Method applies to all Employees on the basis of actual hours for which an Employee is paid or entitled to payment. A Year of Service is defined as a computation period during which an Employee has completed at least 1,000 Hours of Service.

Vesting

The vesting schedule of employer contributions, based on a Participant's Years of Service, is a 6 year graded scale with Eligible Employees' contributions and Employer matching contributions vested at 20% per year commencing year two; resulting in an Eligible Employee being 100% vested in employer contributions after year six. Regardless of the vesting schedule, Participants shall become fully vested upon death or total and permanent disability. Normal Retirement Age is defined as the date of the Participant's 65th birthday with no Early Retirement provision provided.
The employee is always 100% vested in their own contributions they make.

Contributions

Each Participant may elect to contribute up to 15% of pretax annual compensation, as defined in the Plan. The Company will make a matching contribution in an amount equal to 100% of the Deferral Contributions subject to a maximum of 5% of each Participant's eligible compensation contributed to the Plan. Participants will NOT share in such allocations, regardless of service, if not actively employed at the end of the Plan Year. The Company may also, at its discretion, make an Employer's Profit Sharing contribution, which is not limited to current or accumulated Net Profits. The same stipulations for employment eligibility apply on Profit Sharing contributions as those for Matching Contributions. Rollovers will be accepted by the plan from any Eligible Employee, even if not a Participant.

Roth Contributions

The Plan has been amended to allow Roth 401(k) contributions. A Roth 401(k) contribution to the Plan allows individuals to make after tax contributions and withdraw any associated earnings together with the after-tax contribution completely tax free at retirement.

Distributions

Distributions under the Plan may be made in lump-sums or substantially equal installments. Pursuant to Plan Section 6.12(b), no annuities are allowed and the joint and survivor rules of Code Sections 401(a)(11) and 417 will not apply to the Plan. Distributions may be made as soon as administratively feasible at the Legible Participant's (Fully Vested) election. No Early Retirement provision is provided; however, Hardship Distributions are permitted from a Participant's Elective Deferral Account.

Participant Loans

Participants may borrow in the form of a loan a minimum amount of $1,000 against any of the accounts making up their portfolio balance. Furthermore, a Participant may have a maximum of two loans outstanding at any time. Loans will be treated as a Participant directed investment and will become due and payable in their entirety upon the occurrence of a distributable event (other than satisfaction of the conditions for an in-service distribution). The loan interest rate is determined at the time of the initial loan. The rates range from 4% to 9.5%.

Forfeitures

Except as provided in Plan Section 1.27, a Forfeiture will occur as of the earlier of (1) the last day of the Plan Year in which the Former Participant incurs five consecutive 1-Year Breaks in Service, or (2) the distribution of the entire vested portion of the Participant's Account. Forfeitures will be used to pay any Administrative Expenses. Any remaining Forfeitures attributable to Matching Contributions will be used to reduce any Employer contribution.

B. SUMMARY OF ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassed as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

C. INVESTMENTS

The following presents participant directed investments that aggregated represent 5% or more of the Plan's assets at December 31 of either year.

	2011	2010
Fidelity Capital Appreciation Fund	$414,609	$571,845
Fidelity Freedom 2020 Fund	$1,235,943	$1,021,367

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) decreased in value by $386,026 which was represented by mutual funds.

D. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

E. ERISA COMPLIANCE BOND

The Hughes Enterprises, Inc. 401(k) retirement Plan is required to maintain a Bond pursuant to ERISA. The Plan is in compliance with this Bond with $500,000 in coverage.

F. RELATED PARTY TRANSACTIONS

Hughes Enterprises, Inc. provides to the Plan certain accounting and administrative services for which no fees are charged.

G. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. SUBSEQUENT EVENTS

The Trustees and Management of Hughes Enterprises Inc. have evaluated events through September 28, 2012. No additional information or changes were noted for this report.

J. FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2011 and 2010.

Common stocks, corporate bonds, and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.
Mutual Funds: Valued at the net asset value (NAV) of shares held by the plan at year-end.
Participant loans: Valued at amortized costs, which approximates fair value.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2011 and 2010:

	Assets at Fair Value as of December 31, 2011

K. Tax Status

The Plan is a Master Prototype Plan sponsored by Fidelity Investments. The Plan relies on the opinion letter issued to the Prototype Sponsor (Fidelity) by the Internal Revenue Service as evidence that this Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the initial opinion letter. However, the Plan administrator and the Plan sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The plan administer has analyzed the tax positions taken by the plan, and has concluded as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
