DELTA SOLUTIONS & STRATEGIES, LLC 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011 (AUDITED) AND 2010 (COMPILED)

1. PLAN DESCRIPTION

The following description of the Delta Solutions & Strategies, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, which became effective on January 1, 2001, is a defined contribution plan covering all eligible employees of Delta Solutions & Strategies, Inc. ("Company") who have attained the age of 21. The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 ("ERISA").

Contributions

Deferral contributions cannot exceed certain limits as set forth by the Internal Revenue Code ("IRC") ($16,500 in 2011 and 2010; $22,000 for employees age 50 or older in 2011 and 2010). The Internal Revenue Service ("IRS") adjusts this limitation each year for cost-of-living increases. Participants may change their contribution percentages throughout the year and may cease making contributions at any time. Rollover contributions are accepted, as permitted by the Plan.

The Company may make matching contributions at the discretion of the Company's board of directors. During the years ended December 31, 2011 and 2010, the Company made matching contributions equal to 25% of each employee's salary deferral.

Participant accounts

Each participant's account is increased with the participant's contributions, their share of Plan earnings and an allocation of the Company's contributions and is decreased by the participant's distributions and their share of Plan losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. PLAN DESCRIPTION (CONTINUED)

Notes receivable from participants

Participants may borrow from their accounts in amounts between $1,000 and the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a fixed rate 2% higher than prime rate in effect at the time of the loan. The term of the note is a maximum of five years, unless the note is for the purchase of a primary residence. Participants may not have more than one note outstanding at any time. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Vesting

All participant and employer matching contributions are 100% vested immediately upon contribution to the Plan. Vesting in the company's nonelective contribution portion of participant accounts is based plan years of service during which they work at least 1,000 hours each plan year. A participant is 100% vested in the portion of their account attributable to nonelective contributions after two plan years of vesting service.

Payment of benefits

Upon termination of service, participants with a vested account balance greater than $5,000 may elect to receive a distribution of their vested balance in the form of a lump-sum payment, direct rollover, partial withdrawal, or installment.

Upon termination of service, participants with a vested account balance greater than $1,000 but less than $5,000 may elect to receive a distribution of their vested balance in the form of a lump-sum payment or direct rollover. If neither is elected, benefits will be paid as a direct rollover to an individual retirement account subject to the provisions of the Plan.

Upon termination of service, participants with a vested account balance less than $1,000 will receive their vested balances in the form of a lump-sum distribution as soon as administratively feasible.

Forfeitures

Forfeitures are used to reduce future Company contributions. As of December 31, 2011 there were $434 unallocated forfeitures. There were no forfeitures applied to Company contributions during the years ended December 31, 2011 and 2010.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Valuation of investments and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses may be paid by the Plan or by the Company at the Company's discretion. These expenses are recorded as incurred.

Financial instruments

The Plan's financial instruments include investments, contributions receivable, and notes receivable from participants. Investments are recorded at fair value. The recorded values of notes receivable from participants approximate fair value as interest rates approximate market rates. All other financial instruments approximate fair values based on their short-term nature.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Tax status

The Plan, which is a prototype plan, obtained its latest prototype determination letter on March 31, 2008, stating that the prototype plan is qualified under Section 401 of the IRC. The IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Plans using prototype documents are no longer required to file for individual determination letters.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdicitions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2008.

Subsequent events

Management evaluated subsequent events through October 11, 2012, the date these financial statements were issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by John Hancock Life Insurance Company as of December 31, 2011.

	2011
Investments at fair market value:	$ 3,045,372

See independent auditor's report.

Investment income (loss)	$ (75,692)

4. INVESTMENTS

The following table presents the fair values of investments which represent 5% or more of the Plan's net assets available for benefits as of December 31,:

	2011	2010	
Lifestyle Conservative	$ 487,776	$ 566,049	
Lifestyle Moderate	213,791	126,145	(a)
Lifestyle Balanced	566,928	823,379	
Lifestyle Growth	752,683	849,800	
Lifestyle Aggressive	437,408	408,547	

(a) - Less than 5% of net assts of available for benefits

5. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce amounts that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used between December 31, 2011 and 2010.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three levels:

Level 1 - quoted prices in active markets for identical assets or liabilities

Level 2 - observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

5. FAIR VALUE MEASUREMENTS (CONTINUED)

The valuation methodologies used for assets measured at fair value are as follows:

Registed investment companies ("RIC") - valued at the net asset value ("NAV") of shares held by the Plan at year-end

Insurance company general account ("General Account")- valued at the NAV of shares held by the Plan at year-end

Fair value measurements of assets recognized in the accompanying financial statements, measured at fair value on a recurring basis, consist of the following as of December 31,:

	2011 (Audited)			
	Level 1	Level 2	Level 3	Total
RIC	$ 3,030,745	$ -	$ -	$ 3,030,745
General Account	14,627	-	-	14,627
	$ 3,045,372	$ -	$ -	$ 3,045,372

	2010 (Compiled)			
	Level 1	Level 2	Level 3	Total
RIC	$ 3,387,127	$ -	$ -	$ 3,387,127

6. PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, the third party administrator, the trustee, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

The Plan invests in certain funds managed by the trustee. During the years ended December 31, 2011 and 2010, the Company paid recordkeeping fees and certain accounting and auditing fees related to the Plan and provided certain administrative services at no cost to the Plan.

7. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the Company's contributions.

8. RISKS AND UNCERTAINTIES

The Plan provides for various investments. Investments in general are exposed to various risks, including interest rate, market and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

The notes receivable from participants are secured by the participants' account balances and, accordingly, the Plan administrator considers risk to be minimal.
