INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
F.C.B. 401 (k) Plan

We were engaged to audit the financial statements of F.C.B. 401 (k) Plan as of December 31, 2011 and 2010, and for the year ended December 31, 2011 and the supplemental schedules as of December 31, 2011 and 2010, as listed in the accompanying index. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standard generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the F.C.B. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The sponsor of the Plan is First Commercial Bank (the "Company").

General

The Plan is a defined contribution plan effective on January 1, 1995 covering all eligible full-time employees of the Company. The last amendment was adopted on March 1, 2010. Employees of the Company are eligible to participate in the Plan generally reach age 21 and on the first day of the month following the date of hire except noted otherwise in the plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (the "ERISA").

Contributions

Each year, participants may contribute up to the maximum amounts allowed by law for the plan year, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefits or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company's matching contribution is equal to the lesser of 100% of participant's elective deferrals or 5% of participant's eligible earnings.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (1) the Company's contribution, (2) the Plan earnings, and (3) forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their voluntary contributions and actual earnings thereon. Vesting in the Company's contribution plus actual earnings thereon is based on years of service as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the vested portion of the amount in a participant's account, or a single sum distribution of a portion of the vested account balance depending on the amount vested upon distribution. For participants with accounts balance between $1,000 and $5,000, if the participant does not choose a distribution option, the plan sponsor will roll over the balance to a special safe harbor IRA. For participants with accounts balances of $5,000 or more, they may elect to remain in the Plan or to receive the value of their vested interest in the form of lump-sum distribution.

Investment Elections

The investments of the Plan are self-directed by the participants. Investment elections may be changed at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Accordingly, actual results could differ from those estimates.

Payment of Benefits

Participants may receive benefits upon death, disability, retirement, severance from employment, age 59 ½ withdrawals or reasons of proven financial hardship.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on the quoted market closing price at the end of the last business day of the Plan year. Purchase and sales of investment transactions are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Administrative Expenses

Administrative expenses of $614 representing trustee's administrative fees for the year ended December 31, 2011, was paid by the Plan.

Risks and Uncertainties

The Plan provides for various investment options in a number of combinations of mutual funds. Such investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in the values of the Plan's investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

New Accounting Pronouncements

During 2010, the Plan adopted the provisions of a new accounting standard which requires that defined contribution plans classify participant loans as participant notes receivable rather than as investments as was previously required and measure the participant loans at the unpaid principal balance plus accrued interest rather than fair value. The Plan retrospectively adopted the new standard in 2010. The adoption of this standard has no impact on the Plan's net assets or changes in net assets.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The plan administrator has elected the method of annual compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Fidelity Management Trust Company, except for comparing, such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule - Schedule of Assets (Held at End of Year):

		2011		2010
Interest-bearing cash	$	**1,296,459**	$	1,017,242
Registered investment companies		**6,310,484**		6,418,534
Total investments		**7,606,943**		7,435,776

The information certified includes investment loss of $133,713 for the year ended December 31, 2011.

4. INVESTMENTS

FID Freedom 2035		477,989
FID Sel Natural Res		691,531
Fidelity Retire Mmkt		410,395

5. INCOME TAX STATUS

The Company adopted a nonstandardized prototype Standardized Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service in 2005, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Company has also received a favorable determination letter from the Internal Revenue Service dated May 12, 2008 on its latest amendment adopted on December 19, 2006. The Company is of the opinion that the Plan is currently being operated in compliance with the applicable requirement of the IRC and that the trust, which forms apart of the Plan, is tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. FAIR VALUE MEASUREMENT

FASB ASC 820, Fair Value Measurements and Disclosures, specifies a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (observable inputs). In accordance with FASB ASC 820, the following summarizes the fair value hierarchy:

Level 1 Inputs – Unadjusted quoted market prices for identical assets and liabilities in an active market that the Plan has the ability to access.

Level 2 Inputs – Inputs, other than the quoted prices in active markets that are observable either directly or indirectly.

Level 3 Inputs – Inputs based on prices or valuation techniques that are both unobservable and significant to the overall fair value measurements.

FASB ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall with different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010.

Registered investment companies: Valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end.

The method described above may produce a fair calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, while the Plan believes its valuation method are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. FAIR VALUE MEASUREMENT (continued)

The following table presents the Plan's assets and related valuation inputs within the fair value hierarchy utilized to measure fair value as of December 31, 2010 and 2009:

2011	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ **1,296,459**	$ -	$ -	$ **1,296,459**
Registered investment companies	**6,310,484**	-	-	**6,310,484**

2010	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 1,017,242	$ -	$ -	$ 1,017,242
Registered investment companies	6,418,534	-	-	6,418,534

7. NOTES RECEIVABLE FROM PARTICIPANTS

Under the terms of the Plan, participant may borrow from their vested balances, subject to certain limitations as set forth in the Plan and the Internal Revenue Code. The loan amount must be between a minimum of $500 and a maximum of $50,000. Only 50% of the participant's vested balance is available for the loan. The amounts borrowed carry fixed interest rates which are based on the indexed rate published by the Federal Reserve Bank. Loans are payable in full upon the participant's termination of employment from the Company. No employee loans were granted during the year ended December 31, 2010. Employee loans granted during the year ended December 31, 2011 totaled $51,124.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by trustee of the plan.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

10. SUBSEQUENT EVENTS

The Plan administrator has performed subsequent events procedures through September 14, 2012, which is the date the financial statements were available to be issued. There were no subsequent events requiring adjustment to the financial statements or disclosures as stated herein.
