Plan Administrator and Participants
Air-X-Changers Profit Sharing Pension Plan

We were engaged to audit the accompanying statement of net assets available for benefits of Air-X-Changers Profit Sharing Pension Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the years then ended and the supplemental schedules of (1) Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) and (2) Schedule H, Line 4(j) - Schedule of Reportable Transactions as of or for the year ended December 31, 2011. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, Note 4 and Note 5 which was certified by Manufacturers and Traders Trust Company and Wilmington Trust Retirement & Institutional Services Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustees hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the trustees as of December 31, 2011 and 2010 and for the years then ended, that the information provided to the Plan administrator by the trustees is complete and accurate.

As discussed on Note 1 to the financial statements, the Plan was terminated effective August 31, 2011. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis to the liquidation basis for the period after August 31, 2011.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Air-X-Changers Profit Sharing Pension Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 1 - Description of Plan

The following brief description of the Air-X-Changers Profit Sharing Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a noncontributory defined contribution plan providing retirement, disability, and/or death benefits to all eligible employees of Air-X-Changers, division of Harsco Corporation (the “Company”), Nutter Engineering, former division of AIR-X-CHANGERS Co. - Harsco Corporation and Astralloy Wear Technology, former division of AIR-X-CHANGERS Co. - Harsco Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective August 31, 2011, the Plan was terminated. An employer discretionary contribution was recorded in accordance with Plan provisions for the period from January 1, 2011 through August 31, 2011. Subsequent to the determination by the Internal Revenue Service (“IRS”) that the Plan remains qualified upon termination, all assets in the trust will be distributed to participants in accordance with each participant’s election. Participants from this terminated Plan will continue to be eligible to participate in a Harsco-sponsored 401k plan.

Participation

An employee becomes a participant in the Plan retroactively to the first day of the Plan year in which the employee completes three months of service.

Service Rules

Employees are credited with a year of service for each Plan year during which they have at least 1,000 hours of service.

Employer Contributions

The Company may make a discretionary contribution. Should the Company make a contribution, it will be an amount equivalent to 16.5% of the Company’s operating income before income taxes and plan contributions, but after deducting an amount equal to 15% of the average assets of the Company for the year. However, such amount, if any, shall be made such that non-key employees shall receive an allocation of forfeitures and employer contributions in an amount not less than 3% of the participant’s compensation, subject to certain eligibility requirements. All such contributions for the year or period thereof are limited to the maximum deductible under IRS regulations (general limitation is 10% of annual salaries of active participants) and are further limited so as not to cause the annualized addition to any participant’s account to exceed the lesser of \$49,000 or 100% of the participant’s 415 compensation.

The participants may direct their accounts into various investment options. If the participant fails to provide such direction, contributions are invested in investments held by Manufacturers and Traders Trust Company (“M&T”), which includes the Harsco Pension and Profit Sharing Collective Investment Fund (the “CIF”) and a money market fund.

Notes to Financial Statements

December 31, 2011 and 2010

Note 1 - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the employer's contribution and forfeitures in direct proportion to their respective compensation for such year or period. Realized and unrealized income is allocated pro rata to participants' accounts based on the relationship of the account to total fund assets before the allocation of the current period's contribution.

Vesting and Benefits

Plan participants who terminate their employment with the Company by reason of death, disability, retirement, or by reason of sale, cessation of operations, or a permanent reduction in force at the division, are entitled to receive 100% of their account balance. If the vested account balance does not exceed \$1,000, a lump-sum payment is automatic. If the vested account balance exceeds \$1,000, the assets will generally be held in a trust until the participant's normal or early retirement date. Plan participants terminating their employment for other than the aforementioned reasons are not entitled to the portion of their account related to employer contributions made for Plan years ending on or before December 31, 2006, until completing five years of service, at which time they become entitled to 100%, of that portion, of their account.

In 2008, the Plan was amended so that participants terminating their employment for other than the aforementioned reasons are not entitled to the portion of their account related to employer contributions made for Plan years beginning on or after January 1, 2007, until completing three years of service, at which time they become entitled to 100% of that portion of their account.

On August 31, 2011, all participants became fully vested.

Subsequent Events

The Plan evaluated subsequent events for recognition or disclosure through October 11, 2012, the date the financial statements were available to be issued.

Notes to Financial Statements

December 31, 2011 and 2010

Note 2 - Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

As a result of the Plan termination, the Plan has changed its basis of accounting from the ongoing basis to the liquidation basis for the period after August 31, 2011. For the period January 1, 2011 through August 31, 2011, the Statement of Changes in Net Assets is presented on the ongoing basis of accounting. For the period September 1, 2011 through December 31, 2011, the Statement of Changes in Net Assets is presented on the liquidation basis of accounting. There were no material changes of the financial statements as a result of the change in accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 6 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administration of Plan Assets

The Plan's assets are administered under contracts with M&T and Wilmington Trust Retirement & Institutional Service Company ("Wilmington"), the trustees of the Plan. The trustees invest funds received from contributions, investment sales, interest, and dividend income and make distribution payment to participants.

Investment Fees

Net investment returns reflect certain fees paid by the investment funds, as well as the underlying investment funds of the CIF, to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published documents. These fees are deducted prior to allocation of the Plan's investment earnings activity and thus are not separately identifiable as an expense.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Note 2 - Summary of Significant Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses

Administrative costs, such as legal, accounting, and trustee fees, are paid by the Plan.

New Accounting Standard

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2011-04 "Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards ("IFRSs")," ("ASU 2011-04"). ASU 2011-04 will expand disclosures about fair value measurement and result in common fair value measurement and disclosure requirements in U.S. GAAP and IFRSs. ASU 2011-04 is effective for fiscal years and interim reporting periods beginning after December 15, 2011. Plan management is evaluating the impact of adopting ASU 2011-04 and believes it will not be material to the financial statements but will provide additional disclosures.

Note 5 - Plan Interest in the Harsco Pension and Profit Sharing Collective Investment Fund (Continued)

Financial instruments, which potentially subject the CIF to a concentration of credit risk, consist principally of investments. The CIF limits this risk by diversifying the CIF's investment portfolio. The degree and concentration of credit risk varies depending upon the type and diversity of investments within the portfolio.

Note 6 - Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Company utilizes market data or assumptions that the Company believes market participants would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique.

The fair value hierarchy distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are not active; inputs other than quoted prices that are observable for the asset or liability (e.g., interest rates); and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs that are both significant to the fair value measurement and unobservable.

In instances in which multiple levels of inputs are used to measure fair value, hierarchy classification is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

Air-X-Changers Profit Sharing Pension Plan

Notes to Financial Statements

December 31, 2011 and 2010

Note 6 - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for CIF investments measured at fair value.

Level 1 Fair Value Measurements

Investments in interest-bearing cash are stated at cost, which approximates fair value. The fair values of money market accounts and certain mutual funds are based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks and corporate bonds, notes, and convertible debentures are valued at the closing price reported in the active market on which the individual securities are traded.

Level 2 Fair Value Measurements

The fair values of investments in mutual funds for which quoted net asset values in an active market are not available are valued by the investment advisor based on the current market values of the underlying assets of the mutual fund based on information reported by the investment consistent with audited financial statements of the mutual fund. Further information concerning these mutual funds may be obtained from their separate audited financial statements. Investments in U.S. Treasury notes and collateralized securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

Plan assets are allocated among various categories of equities, fixed income, cash and cash equivalents with professional investment managers whose performance is actively monitored. The primary investment objective is long-term growth of assets in order to meet present and future benefit obligations. The Company periodically conducts an asset/liability modeling study and accordingly adjusts investments among and within asset categories to ensure the long-term investment strategy is aligned with the profile of benefit obligations.

There are no unfunded commitments or redemption restrictions on units of the CIF.

For both Plan and CIF investments, there have been no significant changes in the methodologies used during the year-ended December 31, 2011 and 2010.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes the valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2011 and 2010

Note 7 - Information Certified by Trustees

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2011 and 2010. Accordingly, M&T and Wilmington, the trustees of the Plan, have certified to the completeness and accuracy of all investments and accrued investment income reported in the accompanying Statement of Net Assets Available for Benefits as of December 31, 2011 and 2010, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2011, the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2011 and 2010, and the supplemental Schedule H, Line 4(j) - Reportable Transactions for the year ended December 31, 2011.

Note 8 - Income Tax Status

The Plan obtained its latest determination letter dated May 14, 2009, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable regulations of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2011, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 9 - Related Party Transactions

Certain Plan investments are managed by M&T Investment Group, an affiliate of M&T. The Plan invests in certain funds (directly and indirectly within the CIF) owned by M&T. M&T is the trustee as defined by the Plan, and therefore, transactions in these funds qualify as party-in-interest transactions. CIF transactions in Harsco Corporation common stock and participant-directed investments in Harsco Corporation common stock also qualify as party-in-interest transactions. There were no purchases or sales of Harsco Corporation common stock in the CIF during 2011 and 2010. Purchases of Harsco Corporation common stock in participant-directed accounts were made for \$202,583 and \$275,895 to purchase 6,617 and 11,570 shares in 2011 and 2010, respectively. Sales of Harsco Corporation common stock in participant-directed accounts were made for \$56,312 and \$530,234 to sell 2,573 and 19,209 shares in 2011 and 2010, respectively. All other transactions, which may be considered parties-in-interest transactions, relate to normal plan management and administrative services and the related payment of fees.

Certain administrative functions of the Plan are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

Notes to Financial Statements

December 31, 2011 and 2010

Note 10 - Forfeitures

Based on a decision by the Company, administrative expenses of the Plan are paid from Plan forfeitures and remaining forfeitures are allocated to Plan participants. An employee who returns to employment with the Company for one year can have previously forfeited balances reinstated, subject to vesting provisions as reflected in Note 1. These reinstatement adjustments reduce the amount of forfeitures to be allocated to Plan participants in the year subsequent to forfeiture. Allocated gains and losses on forfeited amounts are also included with the amount that is to be allocated to Plan participants. As of December 31, 2011 and 2010, there were no unallocated forfeitures. The following summarizes the allocation of forfeitures in 2011 and 2010 (in thousands):

	<u>2011</u>	<u>2010</u>
Forfeitures out of participant accounts	\$104	\$352
Gain on forfeitures	-	29
Administrative expenses paid from forfeitures	<u>(6)</u>	<u>(29)</u>
Total Forfeitures Allocated	<u><u>\$98</u></u>	<u><u>\$352</u></u>

Note 11 - Risks and Uncertainties

Investments of the Plan are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment assets reported in participant account balances and in the Statements of Changes in Net Assets Available for Benefits.
