# McHUTCHISON, INC. 401(k) RETIREMENT PLAN

## NOTES TO FINANCIAL STATEMENTS

December 31, 2011 and 2010

---

### 1. Description of the Plan

The following description of the McHutchison, Inc. (the "Company") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### *General*

The Plan consists of a defined contribution, cash or deferred 401(k) Plan with a discretionary employer matching contribution and a discretionary profit sharing contribution. The Plan is subject to applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code of 1986, as amended.

#### *Eligibility*

The provisions of the Plan provide that, in general, any person employed by the company on a full time basis as an employee, will be eligible to participate in the Plan. Eligible employees may begin participation in the Plan after completion of 90 days of eligibility service and their attainment of age 21.

#### *Contributions*

##### Employee Contributions:

Participants are permitted to contribute up to 50% of their eligible compensation to the Plan on a tax-deferred basis with a maximum of \$16,500 for the years ended December 31, 2011 and 2010.

Participants who attain age 50 by the end of the Plan year may make additional pre-tax "catch-up" contributions of up to \$5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

##### Employer Contributions:

For each Plan year, the Company, in its discretion, may make a matching contribution equal to a discretionary percentage of the participants' elective deferrals. Profit sharing contributions to the Plan are determined by the Board of Directors of the Company in its discretion, based on current year's earnings. Participants employed on the last day of the Plan year are eligible to participate regardless of the number of their hours of service. Participants who terminate during the year must be credited with more than 500 hours of service during the year to participate. Terminated participants due to death, disability or retirement share regardless of the number of hours of service in the Plan year. The Company made no discretionary profit sharing contributions for the years ended 2011 and 2010. The Company made no discretionary matching contribution for the year ended 2011 and 2010, respectively.

### *Participant Accounts*

Each participant's account is credited with the participant's voluntary contribution, the Company's contribution if any, and Plan earnings, and charged with administrative expenses, which are allocated among all participants based on their investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### *Vesting*

In general, Plan participants acquire a non-forfeitable (vested) right in both profit sharing and employer matching contributions (plus any related earnings) allocated to their Plan accounts based on service with the employer. A participant becomes 20% vested after completion of two full years of service with an additional 20% vested each year thereafter and 100% vested after six full years of service. Participants are also 100% vested in profit sharing and employer matching contributions (plus any related earnings), regardless of service, upon reaching normal retirement age, permanent disability or death. Participants are always 100% vested in their elective deferral contributions (plus any related earnings). To earn a year of service, you must be credited with at least 1,000 hours of service during any year.

### *Forfeited Accounts*

Any forfeiture of nonvested Company contributions shall be first used to pay any administrative expenses; any remaining forfeiture will be used to reduce the Company's contributions. At December 31, 2011 and 2010, forfeited nonvested accounts totaled \$30,695 and \$29,751, respectively. The plan administrator used \$0- and \$1,150 of these forfeitures to pay administrative expenses in 2011 and 2010, respectively.

### *Investment Options*

Upon enrollment in the Plan, participants are offered a variety of investment options in a selection of mutual funds.

The selection of mutual funds offered range from fixed-income, equity, money market and a blend of fixed-income and equity portfolios.

### *Notes Receivable From Participants*

Participants may borrow, in certain situations, from their accounts a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their account balance, whichever is less. Loan terms range from 1-5 years, however, if for the purchase of a primary residence a larger repayment term is permitted. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions.

### *Payment of Benefits*

A participant who has reached age 59 ½ is considered of normal retirement age. Employees with one or more years of service are entitled to an annual payment of benefits beginning at normal retirement age or no later than age 70 ½, based on the value of the participant's vested interest in their account. Employees may elect to receive their pension benefits in the form of a lump-sum payment or periodic installments, or any combination of these if the vested portion of their account exceeds \$5,000. If employees terminate before rendering six years of service, they forfeit the right to receive the Company's contribution and earnings portion of their accumulated Plan benefits based on the vesting schedule noted above. Employees will receive the value of their accumulated Plan benefits as a lump-sum distribution upon retirement or termination if the value of their account is less than \$5,000.

## **2. Summary of Significant Accounting Policies**

### *Date of Management's Review*

Subsequent events have been evaluated as of October 11, 2012, the date the financial statements were available to be issued.

### *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting.

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

### *Notes Receivable From Participants*

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

### *Investment Valuation and Income Recognition*

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Payment of Benefits*

Benefits are recorded when paid.

### *Administrative Expenses*

Substantially all administrative expenses are paid by the Company.

## **3. Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices for identical assets or liabilities for active markets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets or liabilities, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 and Level 2 inputs are not available.

### *Level 1 Fair Value Measurements*

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

The following table sets forth, by level, the Plan's investments at fair value as of December 31, 2011 and 2010.

## **7. Plan Termination**

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- a. Upon termination or partial termination of the Plan, the amount credited to the account of each affected Participant shall become fully vested, and shall not thereafter be subject to forfeit.
- b. Upon any such termination all assets remaining in the Trust Fund, after payment of any expenses shall be distributed to the Participants in accordance with the value of such Participant's accounts as of the date of such termination.

**8. Tax Status**

The Plan obtained its latest determination a letter on March 31, 2008 in which the Internal Revenue Service stated that the Plan and related trust, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 and 2010 to Form 5500:

**10. Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that the changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
