BERGELECTRIC CORPORATION
MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE A DESCRIPTION OF PLAN

The following description of the BERGELECTRIC CORPORATION (Company) MONEY PURCHASE PENSION PLAN (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General The plan is a defined contribution plan covering all employees of the company who provide services on prevailing wage jobs. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions and funding policy Each month, the Company contributes to the Plan a specific dollar amount per labor dollar paid on prevailing wage jobs. Each employee is credited with the specific percentage applied to the labor dollars worked on each prevailing wage job for the month. All minimum funding requirements have been met.

3. Participants' accounts Each participant's account is credited with the Company's contribution, account earnings, and allocation of the forfeitures of terminated participants' nonvested accounts. The forfeitures are not actual additions to the employee's account but are a reduction of future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant account.

4. Vesting Vesting in the participants' accounts is 100 percent immediately upon entry into the Plan.

5. Payment of benefits Upon termination of service, a participant may elect to receive 1) a lump sum distribution equal to his or her account, 2) a life annuity, or 3) a series of installments not to exceed the life expectancy of the participant or beneficiary.

6. Investment option Each participant is entitled to direct the investment of his or her accrued benefits in various mutual funds, which is limited by the Committee's selection of investment options.

7. Payment of expenses Administrative expenses of the Plan, including the cost of legal and accounting services necessary to administer the Plan, may be paid by the Sponsor or from Plan Assets. Where expenses are paid from Plan Assets, ING, the Plan's record-keeper, maintains an ERISA account called the "EASE" Account (Expense Account for Service Expenditures). Of the revenue ING receives from fund expenses, 15 basis points (0.15%) is allocated to the EASE account. This account is maintained outside of the Plan's assets. Amounts in the EASE account may be used to defray expenses as described above. Any balance remaining in the EASE account as of the last day of the plan year is automatically re-allocated to participants' accounts as additional earnings.

As of December 31, 2011, all amounts accrued had been used to pay administrative, consulting, and accounting and auditing expenses.

BERGELECTRIC CORPORATION
MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Investment valuation and income recognition

   The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

   All interest and dividend income is recorded on the accrual basis.

2. Basis of accounting

   The financial statements are prepared using the accrual method of accounting.

3. Use of estimates

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Payments of benefits

   Benefits are recorded when paid.

5. Date of management's review

   Subsequent events were evaluated through October 5, 2012, which is the date the financial statements were available to be issued.

NOTE C INVESTMENTS

The Plan's investments are held by a trust service administered trust fund. All investments are Mutual Funds or unallocated insurance contracts.

The Plan adopted Fair Value Measurements (*"FASB Codification 820-10-05"*) which establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE C INVESTMENTS (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds: Valued at net asset value ("NAV") of shares held by the Plan at the end of the year.

Investment in insurance contract: Valued at cash asset value at the end of the Plan year. The fair value of the investment is basically the same as the liquidation basis of accounting.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31,

Investments that represent 5% or more of the Plan's net assets are separately identified. All investments are participant directed.

The following table presents fair values of investments that represent 5% or more of the Plan's net assets.

BERGELECTRIC CORPORATION
MONEY PURCHASE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2011

NOTE D INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a contract with ING Life Insurance and Annuity Company. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The contract is included in the financial statements of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported to the Plan by ING. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2011 and 2010 was $25,904,016 and $22,761,133, respectively. The crediting interest rate is based on a formula agreed upon with the issuer.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with ING. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE E PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F RECONCILIATION WITH FORM 5500

Certain assets, income, and expense items may be classified differently on these financial statements, as opposed to Form 5500. The Plan's administrator has prepared the Form 5500 and has segregated asset items and grouped income items that may have been grouped and segregated, differently on these financial statements. There were no reconciling items in 2011 or 2010.

NOTE G TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated February, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter, and has requested a new determination letter from the IRS on August 28, 2011 for amendments to the Plan effective January 1, 2007. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to examination by the U.S. Department of Labor and Internal Revenue Service.

NOTE G TAX STATUS (Continued)

Generally accepted accounting principles requires the evaluation of tax positions taken by the Plan and recognition of a tax liability if the Plan has taken an uncertain tax position that is not more likely than not to be sustained upon examination by the IRS. The Sponsor, on behalf of the Plan, has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audit; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE H RISK AND UNCERTAINTIES

The Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan participants invest 56% of its funds in a contract with ING Life Insurance and Annuity Company and 40% of its funds in ING mutual funds.

NOTE I DOL LIMITED SCOPE AUDIT

These audited financial statements were prepared as a Department of Labor Limited Scope Audit. All transactions involving any investment were not audited, but certified by the trustee as complete and accurate.

NOTE J PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by ING Life Insurance and Annuity Company. ING Life Insurance and Annuity Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $31,675 for the year ended December 31, 2011.
