NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2011 AND 2010

NOTE A - DESCRIPTION OF THE PLAN

The following description of the R. J. Martin Holding Company, Inc. Employee Stock Ownership Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is an Employee Stock Ownership Plan (ESOP) covering all eligible employees who have at least one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered and operated by the R. J. Martin Holding Company, Inc. administrative committee. The following companies are adopting employers of the Plan: R. J. Martin Holding Company, Inc., R. J. Martin Electrical Contracting, Inc., R. J. Martin National Contracting, Inc. and R. J. Martin Electrical Services, Inc.

Plan benefits are paid for and funded solely by contributions from R. J. Martin Holding Company, Inc. (the Company) into a trust fund with the trustees of the Plan.

Eligibility

Employees of the Company are generally eligible to participate in the Plan after one year of service as long as they meet the other eligibility requirements of the Plan. The Plan agreement should be referred to for a more complete description of other eligibility requirements.

Contributions

For each plan year, the Company's annual contributions to the Plan are discretionary up to 25% of the eligible compensation paid to all plan participants during the plan year. The Company may contribute to the Plan any amounts in the form of Company stock or dividends related to such Company stock, which the Company determines at its sole discretion.

Forfeitures

If plan participation ceases because of termination of employment other than death, disability or retirement, a participant may forfeit some or all plan benefits depending upon his or her years of service and the Plan's vesting schedule. Plan forfeitures are first used to restore previously forfeited accrued benefits as required under the Plan and, secondly to pay for plan administrative expenses. All remaining forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the plan year. In 2008, the Company began absorbing plan administrative expenses in lieu of using forfeitures for this purpose. Forfeitures are not allocated until the occurrence of a forfeitable event as defined under the Plan. For the years ended December 31, 2011 and 2010, cash forfeitures were \$979 and \$1,606, respectively, and common stock forfeitures were 121 shares and 161 shares, respectively.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

DECEMBER 31, 2011 AND 2010

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

Participant Accounts

A separate individual book account is established for each participant. Each participant's account is credited as of the last day of each plan year with an allocation of shares of contributed Company common stock, S Corp distributions, investment income and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the plan year will receive an allocation. Allocations of Company stock and forfeitures are based on a participant's eligible compensation, relative to total eligible compensation. Allocations of S Corp distributions and investment income are based on the individual participant book account balance, relative to the total book account balance.

Vesting

If a participant's employment with the Company ends for any reason other than retirement, disability or death, he or she will vest in the balances in his or her account based on years of service with the Company. As a result of the requirements of the Pension Act of 2006, a new vesting schedule was adopted for Company contributions made after 2006. Participants are 100% vested in post-2006 contributions after 6 years of service and in pre-2007 contributions after 7 years of service.

Payment of Benefits

No distributions from the Plan will be made until a participant retires, dies (in which case, payment shall be made to his or her beneficiary), becomes disabled or otherwise terminates employment with the Company. Distributions are made in cash equal to the fair market value of the Company stock and all prior cash dividend distributions and the earnings thereon, excluding any non-vested portion of the participant's account balance. Participants are not taxed on any earnings or Company contributions until the funds are withdrawn from the Plan. Benefits are recorded when paid.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. In each of the first five years after becoming a qualified participant, a participant may diversify up to 25% of his or her stock account balance, less any previously diversified. In the sixth year, the percentage changes to 50%. For diversification purposes, "account balance" includes the actual account balance plus all prior diversification distributions. Participants who elect to diversify receive a cash distribution.
