OTC GLOBAL HOLDINGS LP 401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the OTC Global Holdings LP 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by OTC Global Holdings, LP (the "Partnership").

General

The Plan was adopted in 2003, and is a defined contribution plan covering substantially all hourly and salaried employees of the Partnership, subject to certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan is a profit sharing plan with a cash or deferred option. Such a plan is commonly referred to as a "401(k)" Plan. The purpose of the Plan is to provide employees with retirement benefits. Major provisions of the Plan in effect as of December 31, 2011, are summarized below; however, participants should refer to the Plan document for specific plan provisions.

Eligibility

All employees of the Partnership who are at least 21 years old are eligible for participation in the Plan the first day of the month coinciding with or following their hire date or after age requirements are met.

Contributions

Each year, participants may elect to defer up to 100% of compensation up to the maximum amount allowed by the Internal Revenue Service (IRS). The maximum limit allowed was $16,500 for 2011. Additionally, participants who are at least 50 years old may make "catch-up" contributions up to $5,500 for 2011. Participants may elect to make Roth 401(k) deferrals which are subject to federal income taxes in the year of deferral. However, these deferrals are not subject to federal income taxes when distributed to participants. Each year, the Partnership may make matching and profit sharing contributions. For the year ended December 31, 2011, no matching or profit sharing contributions were made.

At the discretion of the Partnership, participants may be permitted to roll over into the Plan distributions received from other retirement plans and certain IRAs within 60 days from the receipt of the distribution.

Vesting

Partnership discretionary matching contributions and profit sharing contributions are 20% vested for each year of service beginning with the second year, until 100% vested after six years of service. Participants are automatically vested in their employee contributions and employer contributions upon death, disability or retirement.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among alternative investment funds provided under the Plan.

Participants may change their investment elections at any time, as well as transfer existing balances between investment options.

NOTE 1 – DESCRIPTION OF PLAN – CONTINUED

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. Loan transactions are treated as a transfer between investment funds and the loan fund. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Up to two loans may be outstanding at any time for each participant. Loan repayments are made by payroll deduction.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or their beneficiary may elect to receive a lump-sum distribution or payments in equal periodic installments equal to the value of the participant's vested account or defer such benefits until a later date. If the distribution is $5,000 or less, the form of payment is either a lump-sum distribution or a rollover to a qualified plan if elected so in a timely manner.

At the age of 70½, certain rules require the participants to take minimum distributions in the form of an annuity.

Forfeitures

Participants terminating employment prior to full vesting forfeit their non-vested portion of Partnership contributions. Forfeitures are used to pay Plan administrative expenses or to reduce Partnership's contributions. At December 31, 2011 and 2010, there were no forfeited non-vested accounts.

Withdrawals

An in-service withdrawal can be made while still employed, if the participant qualifies and the withdrawal is approved by the Plan Administrator. Participants are able to make withdrawals from employee contributions and vested employer contributions for financial hardship and qualifying emergencies, as defined by the Plan. A participant may make unrestricted withdrawals of their vested balance on or after age 59½.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Partnership's contributions and (b) Plan earnings, and charged with withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings, account activity or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The net change in the fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change. See Note 3 for further discussion of fair value measurements.

The John Hancock Stable Value Fund (the "Fund") is a collective investment trust which invests primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company, and in book value stabilizing agreements offered by high quality financial institutions. The Fund is fully benefit-responsive and honors eligible redemptions at $1 per unit.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2011 and 2010, the fair value of investment contracts was equal to their contract value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Notes Receivable From Participants

Notes receivable from participants are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document; thus, no allowance for doubtful accounts has been recorded as of December 31, 2011 and 2010.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Subsequent Events

The Plan has evaluated subsequent events through the date the financial statements were available for issuance on October 12, 2012. No matters were identified affecting the financial statements or related disclosures that have not already been disclosed elsewhere in these financial statements.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan measures and reports certain assets and liabilities at fair value and within a hierarchal disclosure framework which prioritizes and ranks the level of observable inputs used in measuring fair value. At each financial statement date, the Plan performs an analysis of all assets and liabilities subject to fair value measurements.

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets and liabilities, or other inputs derived principally from, or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Pooled separate accounts are valued at the NAV per unit based on either the observable NAV of the underlying investment or the NAV of the underlying pool of securities. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, divided by the number of shares outstanding. There are currently no redemption restrictions on these investments.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The John Hancock Stable Value Fund is a collective investment trust which invests in fully benefit responsive guaranteed investment contracts, primarily in guaranteed insurance contracts, collateralized mortgage obligations, managed bond portfolios, and cash. The investments are carried at contract value. The fair value of the John Hancock Stable Value fund, a collective investment trust fund, was determined based on information provided by the issuer of the collective trust fund. The underlying fund equals the number of shares multiplied by the closing NAV per share quoted by the collective investment trust fund. Participant transactions (issuances and redemptions) may occur daily. A withdrawal request of any number of units from the fund on any business day will be subject to timing restrictions as set forth in the fund audited financial statements. It is the intent of the fund to provide all withdrawals at contract value, and to honor all such withdrawal requests as soon as reasonably.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

The pooled separate accounts have been classified based on the general characteristic of the investment focus and strategy with further clarification below:

(1) This class represents investments in an actively managed pooled separate account fund that invests primarily in both equity and debt securities of domestic companies.

(2) This class represents investments in an actively managed pooled separate account fund that invests in primarily equity securities in mostly foreign companies.

(3) This class represents investments in actively managed pooled separate accounts with investments in a variety of fixed income investments which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(4) Short term investments are valued at $1.00/unit, which approximates fair value. Amounts are generally invested in actively managed pooled separate accounts or interest bearing accounts.

(5) This class represents investments in actively managed pooled separate accounts with investments in varying mixes and allocations of fixed income and equity securities. The mix and allocation is directly correlated with the retirement year goal the pooled separate account is identified with.

(6) The strategy seeks maximum total return by utilizing underlying investments that are mostly investment grade debt securities, but may invest a limited percentage of total assets in high-yield securities.

(7) The strategy seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals, while maintaining a competitive rate of interest. The fund will invest primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company and, in book value stabilizing agreements offered by high quality financial institutions.

In the event of Plan termination, including partial termination, participants will become fully vested in their accounts.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan Sponsor adopted a Prototype Non-Standardized Profit Sharing Plan. The Internal Revenue Service has determined and informed the Prototype Sponsor by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Prototype Plan has been amended since receiving the determination letter. The Plan itself had not received a determination letter from the IRS. However, the Plan Administrator and the Plan Sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The Plan incurs expenses related to general administration, recordkeeping and investment advisory services. Expenses such as commissions and broker fees, charged by the Trustee are paid by the Plan. Fees paid by the Plan to the Trustee for these services totaled $3,844 for the year ended December 31, 2011.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

Pursuant to the Department of Labor Reg. 2580.412-11, an employer is required to segregate participant contributions from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. During the years ended December 31, 2011 and 2010, the Partnership did not timely segregate participant contributions, including loan repayments, totaling $826,921 and $734,637 respectively, in a timely manner. Although these contributions were remitted to the Plan, the Partnership did not contribute lost earnings associated with these late remittances. As required, they continue to be reported as late through the year the lost earnings were contributed. The Partnership calculated lost earnings pursuant to guidelines established by the Department of Labor. The amounts of lost earnings, which are immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits. The lost earnings for 2010 were remitted in 2011and 2011 lost earnings will be remitted to the Plan in 2012.
