MORAN & COMPANY
MORAN & COMPANY 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2011 AND 2010

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of Moran & Company 401(k) Plan (the "Plan") provides only general information. For more complete description of the Plan's provisions, refer to the agreement governing the Plan (the "Plan Agreement").

General

The plan was established in 1999 to provide pension and profit sharing benefits to all qualifying employees of Moran & Company. The plan is subject to the provisions of the Employee Retirement Income Security of 1974, as amended. Participation in the plan is entirely voluntary. An eligible employee is any person who is at least age 21 and employed by Moran & Company. The participant becomes eligible to participate in the Plan after the Employee completes one year of service. The Plan's Retirement Committee and plan administrator control and manage the operation and administration of the Plan. The Retirement Committee has all powers necessary to carry out the provisions of the Plan and to satisfy the requirements of any applicable law. Correll Co. is custodian and record keeper of the Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan subject to limitations as determined by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Employer contributions may be made to match 100% of participant elective contributions up to 5% of compensation. The employer contribution is 100% vested at the time of the contribution.

Participant Accounts

Each participant's account is credited with their allocation of contributions and allocations of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all the contributions plus actual earnings thereon.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions in any of the available investment options. Participants may change their investment options quarterly.

Participant Loans

Participants may borrow from their accounts up to a maximum equal to the lessor of $50,000 or 50 percent of their account balance. Loan terms range from 1-5 years. This time frame can be extended for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's interest in his or her account, or annual installments. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution.

Termination

The company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates and Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Tax Status

The Plan obtained its latest determination letter in 2001, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. Plan management and Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2011 and 2010, there are no participants who have requested payments who remain unpaid.

Administrative Costs

The employer absorbs all administrative costs except for management fees charged by the Plan custodian.

NOTE 5 - FAIR VALUE MEASUREMENTS

Investment Valuation and Income Recognition

The Plan has determined the fair value of certain assets and liabilities through application of ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

Level 1 - Valuations for assets and liabilities traded in active exchange markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2011 and 2010

		Fair Value Measurements at Reporting Date Using

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

The Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25444 invests in an insurance company group annuity contract with a guaranteed interest rate (3.45% at December 31, 2011) adjusted quarterly. The average annual interest rates creditied to the group for 2011 and 2010 were 3.6% and 3.9%, respectively. This group investment is valued at market value based upon the fair value of the underlying assets and adjusted to the contract value or at level 3 of the investment hierarchy. Participant loans are valued at their outstanding balance which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 6 - DEFERRED BENEFITS

Amounts allocated to separated participants with deferred vested benefits at December 31, 2011 and 2010 are $775,901 and $347,937, respectively.

NOTE 7 - RISKS AND UNCERTAINTIES

The Plan provides for various variable investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer association or relatives of such persons.

Certain Plan investments are in funds managed by the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were $ 10,752 in 2011.

NOTE 9 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2012, the date the financial statements were issued.

In 2011, the Department of Labor examined the books and records of the Plan sponsor. This examination resulting in the finding that some employee contributions were not timely deposited into the plan during the time period from February 15, 2008 to October 22, 2010. A payment of $3,299.87 was made to the plan on February 17, 2012 to cover the lost opportunity costs of the affected participants. This amount is shown as an accounts receivable as of December 31, 2011 on the Statements of Net Assets Available for Benefits. Moran & Company has taken all the corrective action required by the Department of Labor and no further action is being taken at this time. Further, the Plan Sponsor has corrected previous procedures which allowed the delinquent participant contributions.
