1. Description of Plan

The following description of the Sequoia Equities 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution plan intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code, was established effective April 1, 1992. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan covers all employees of Sequoia Equities, Inc. (the "Company") who meet certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and subsequent amendments.

Plan administration

The Company is the administrator of the Plan and, as such, carries out duties imposed by ERISA. The Company has delegated certain responsibilities for the operations and administration of the Plan. Custodial and recordkeeping services are provided by Capital Bank and Trust Company and California Retirement Plans, respectively. Significant administrative expenses of the Plan, including recordkeeping and audit fees, were paid directly by the Company for the year ended December 31, 2011. Investment fees, which may vary according to the individual investment funds selected, and certain other administrative expenses are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Eligibility

All employees, except employees classified by the Company as temporary or casual employees as defined by the Plan who are scheduled to work less than 1,000 hours in a year, become eligible to participate in the Plan on the first day of the quarter after reaching the age of 21 and completing 3 months of service, as defined by the Plan. Temporary or casual employees who complete a year of service, however, become eligible employees and may enter the Plan on the first day of the quarter after completing a year of service.

1. Description of Plan (continued)

Participant contributions

Participants may elect to contribute through payroll deductions amounts up to 100% of their annual compensation, as defined in the Plan, on a tax-deferred basis, up to a maximum amount allowed by the Internal Revenue Code ("IRC"). Maximum allowed deferral amounts were $16,500 for 2011. Participants over the age of 50 may also contribute an additional $5,500 to the Plan for 2011. Participants may also make rollover contributions of amounts representing distributions from other qualified retirement plans. Effective April 1, 2011, the Plan was amended to begin automatic enrollment with a contribution of 2% of eligible compensation, unless the employee affirmatively elects otherwise of all newly eligible employees as well as existing employees who had a salary deferral arrangement of less than 2%.

All contributions are paid to the custodian for investment in the appropriate investment fund or portfolio in accordance with the participant's directives and the terms of the Plan.

Employer contributions

The Plan sponsor has the option to contribute a matching or profit sharing contribution. No such contributions were made for 2011.

Participant accounts

Each participant's account is credited with the participant's contribution or rollovers and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations of investment earnings are based strictly on the participant's selection of investments and timing of purchase. Other allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contributions plus earnings thereon is based on years of continuous service, as defined by the Plan. Participants are 100% vested after 5 years of credited service. In the event of death, disability or attaining normal retirement age, participants are immediately vested in all Company contributions.

1. Description of Plan (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. All loans must be repaid within 5 years unless the loan is for the purchase of a principal residence for which the loan term may exceed 5 years. The loans are secured by the remaining vested balance in the participant's account and bear interest at rates that range from 5.25% to 10.25%, which is commensurate with prevailing rates. Principal and interest are paid ratably through payroll deductions.

Forfeited accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled $0 and $2,937, respectively. Forfeited accounts will be used to pay plan expenses or reduce future employer contributions in accordance with the provisions of the Plan. Forfeitures of $2,886 were used to pay expenses during the year ended December 31, 2011.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability or death. If a participant's account balance is equal to or less than $1,000, the balance is distributed immediately in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. Balances between $1,000 and $5,000 must be rolled over to an individual retirement plan designated by the administrator if the participant has not requested a distribution. If the account balance is over $5,000, the participant can consent to a distribution paid in the form of a lump-sum cash payment or a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the Plan documents.

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Summary of Significant Accounting Policies (continued)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants represents loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants are recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2011 and 2010. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of benefits

Benefits are recorded when paid.

Recent accounting pronouncements

In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs (ASU 2011-04). ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

2. Summary of Significant Accounting Policies (continued)

Subsequent events

The Plan has evaluated subsequent events through October 9, 2012, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. Information Prepared and Certified by Custodian

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Capital Bank and Trust certified information regarding the cost and fair value of all investment and notes receivable from participants assets held at December 31, 2011 and 2010, and investment and notes receivable from participants transactions entered into during the year ended December 31, 2011, which were used in the preparation of the accompanying financial statements and supplemental schedules.

4. Party-in-Interest Transactions

Certain Plan investments are managed by Capital Bank and Trust Company, an affiliate of American Funds. As the Plan custodian, these investments qualify as exempt party-in-interest transactions specifically exempted from the prohibited transaction rules of ERISA.

5. Investments

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2011	2010
American Funds:		
Investment Company of America	$222,388	$244,256
Washington Mutual Investors Fund	$220,286	$224,006
AMCAP Fund	$166,631	$157,948
American Balanced Fund	$576,846	$480,017
Capital Income Builder Fund	$290,176	$309,040
Capital World Growth and Income Fund	$334,900	$349,364
Small Cap World Fund	N/A	$124,928

During 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $83,472.

6. Fair Value Measurements

The Plan defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally Accepted Accounting Principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are as follows:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date;

- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

- Level 3: inputs are unobservable inputs for the asset or liability supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments measured at fair value on a recurring basis

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2011 and 2010 (Level 1, 2 and 3 inputs are defined above):

Fair Value Measurements	December 31, 2011			
Using Input Type	Level 1	Level 2	Level 3	Total
Registered investment companies				
Growth funds	$ 469,222	$ -	$ -	$ 469,222
Value funds	1,422,208	-	-	1,422,208
Blend funds	329,286	-	-	329,286
Fixed income funds	168,018	-	-	168,018
Target date funds	84,431	-	-	84,431
Total registered investment companies	2,473,165	-	-	2,473,165
Total investments measured at fair value	$2,473,165	$ -	$ -	$2,473,165

6. Fair Value Measurements (continued)

Investments measured at fair value on a recurring basis (continued)

Fair Value Measurements Using Input Type	December 31, 2010 Level 1	Level 2	Level 3	Total
Registered investment companies				
Growth funds	$ 485,498	$ -	$ -	$ 485,498
Value funds	1,362,427	-	-	1,362,427
Blend funds	320,456	-	-	320,456
Fixed income funds	160,507	-	-	160,507
Target date funds	54,681	-	-	54,681
Total registered investment companies	2,383,569	-	-	2,383,569
Total investments measured at fair value	$2,383,569	$ -	$ -	$2,383,569

The Plan's valuation methodology used to measure the fair values of registered investment companies were derived from quoted market prices as all of these instruments have active markets. There has been no change in methodologies used at December 31, 2011 and 2010.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Income Tax Status

Effective April 1, 2006, the Plan adopted the SunGard Corbel Inc. volume submitter plan. The Internal Revenue Service ("IRS") informed SunGard Corbel Inc. by a letter dated March 31, 2008, that its volume submitter plan was designed in accordance with applicable sections of the IRC, and that any employer adopting this form of volume submitter plan will be considered to have a plan qualified under applicable sections of the IRC. The Plan has not requested a separate determination letter from the IRS. However, the Company believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC.

8. Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the Internal Revenue Service. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2011 and 2010. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for 2007 and prior years.
