PACIFIC COAST CONTAINER, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Pacific Coast Container, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Pacific Coast Container, Inc. (the Company) established the Pacific Coast Container, Inc. 401(k) Retirement Plan (the Plan), effective January 1, 1997, to provide participants with a means to fund their retirement on a tax deferred basis. The Plan covers eligible employees of the Company.

The Plan was amended and restated effective January 1, 2010. The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Sections 401(a) and 401(k) and related provisions of the Internal Revenue Code (the Code). The Plan covers all eligible Company employees who have completed at least one year of eligible service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participants may choose to invest their account balance in 20 investment fund options, which provides a full range of investment options. A participant may change his or her choice of investment at any time.

Contributions

Participants may contribute up to 100 percent of their pre-tax annual compensation as defined under the Plan. However, such contributions may not exceed the amount allowed by the Code ($16,500 in 2011). Participants meeting specific age requirements may also take advantage of the Plan's catch up provision which allows qualified participants to contribute up to an additional $5,500. Participants may also contribute amounts representing distributions from other qualified defined contribution or defined benefit plans (rollovers).

The Company may make discretionary matching contributions equal to a percentage of the participants' salary deferrals. Company contributions are subject to certain limitations under the Code. No matching contributions were made on participant contributions for the year ended December 31, 2011.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with directly related account expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants
Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or one-half of their account balance for a period not to exceed five years. Loans are secured by the balance in the participant's account and bear interest at rates based on local prevailing rates as determined by the Plan administrator. Repayment of principal and interest is made through payroll deductions.

Hardship Withdrawals
Hardship withdrawals are allowed subject to the Plan's provisions.

Payment of Benefits
On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition
Investments are reported at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Participant loans are valued at cost, which approximates fair value. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Administrative expenses paid by the Plan are generally charged to the participants' accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent Events

For the year-ended December 31, 2011, the Plan has evaluated subsequent events for potential recognition and disclosure through October 3, 2012, the date the financial statements were available to be issued.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

		Fair Value Measurements Using:	
December 31, 2011	**Fair Value**	**Quoted Prices In Active Markets For Identical Assets (Level 1)**	**Significant Unobservable Inputs (Level 3)**
Mutual Funds	$ 1,201,168	$ 1,201,168	$ -
December 31, 2010			
Mutual Funds	$ 1,255,805	$ 1,255,805	$ -

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 1 Fair Value Measurements (Continued)

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2011 are reported in net appreciation(depreciation) in fair value of investments.

NOTE 4 - INVESTMENTS

During 2011, the Plan's investments (including investments purchased, sold, as well as held during the year) depreciated in fair value as determined by quoted market prices as follows:

Mutual Funds	$ (91,814)

The following presents investments that represent 5% or more of the Plan's net assets at the end of the plan year:

	2011	2010
Dodge & Cox Balanced Fund	$ 173,991	$ 163,059
J.P. Morgan Small Cap Growth Select	149,933	171,243

American Capital World Growth & Income - R4	74,332	88,133
	$ 965,582	$ 1,081,295

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain fully (100%) vested in their accounts.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

There are no differences between net assets available for benefits per the financial statements and the Schedule H in Form 5500.

NOTE 7 - INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with 29 CFR 2520.103-5(c) of the Department of Labor rules and regulations, Wystar Global Retirement Solutions has certified the value of all the investments included in these financial statements and the related realized and unrealized gains and losses except for the value of the loans from the participants.
