# **Park Management Group LLC 401(k) Savings Plan**

## **Notes to Financial Statements December 31, 2011 and 2010**

---

### **Note 1: Description of Plan**

The following description of Park Management Group LLC 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

#### **General**

The Plan is a defined contribution profit sharing plan, effective January 1, 1991, covering substantially all qualified employees of Park Management Group LLC (the Plan Sponsor or the Company). In order to participate in the Plan, employees must be at least twenty-one years of age and have completed six months of consecutive service. Employees are only permitted to enter the Plan on the first day of each plan quarter following the service requirement being met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### **Contributions**

The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may deposit pretax contributions to the Plan of up to 100% of their annual compensation, subject to limitations under the IRC. Participants age fifty and older are also allowed to deposit catch-up contributions.

The Plan Sponsor may match, subject to limitation under the IRC, participants' pretax contributions. The Plan Sponsor has elected to match 100% for the first 3% and 50% up to 5% of each participant's pretax contribution. In 2011, the Plan Sponsor's matching contribution was \$242,093.

At the discretion of the Plan Sponsor, employees may deposit rollover contributions from another qualified plan and rollover contributions may be made even though an employee is not eligible to participate in the Plan. Rollover contributions are placed in a separate account and are subject to the rules for investment established by the Plan Sponsor.

#### **Administration**

The Company serves as the Plan administrator. The Plan administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits. The Plan administrator has engaged The Newport Group (Newport) (see Note 7) as a third-party administrator to assist in the administration of the Plan.

The trustee of the Plan is Wilmington Trust Retirement and Institutional Services Company (Wilmington or the trustee) (see Note 3). Wilmington receives all contributions made under the Plan, holds Plan assets, pays benefits as directed by the Plan administrator, and assists in the administration of the Plan. Wilmington serves as the intermediary for all asset purchases and redemptions.

**Expenses**

Administrative expenses of the Plan are primarily paid by the Plan Sponsor. These expenses include, but are not limited to, legal, accounting, and recordkeeping fees. However, transaction fees for notes receivable from participants are paid from the borrowing participant’s account and investment expenses are paid by the Plan. A proportionate share of fees and expenses paid by the Plan is charged to each participant’s account.

**Participant Accounts**

Each participant’s account is credited with pretax contributions made by the participant and the participant’s portion of the Plan Sponsor’s matching contribution and Plan earnings. Earnings, expenses, and gains and losses on investments are allocated to the participants’ accounts annually based on participant account balances, as defined in the Plan Document.

**Vesting**

Participant vesting in the Plan Sponsor’s matching contribution and income earned thereon is based on years of continuous service during which an employee completes at least 1,000 hours of service with the Plan Sponsor. All participants become 100% vested after two years of service. The vesting percentages are as follows:

| <b>Years of Service</b> | <b>Percentage</b> |
|-------------------------|-------------------|
| 1                       | 50%               |
| 2                       | 100%              |

Participants also become 100% vested upon termination of the Plan or upon reaching normal retirement age of sixty-five, early retirement age of fifty-five, disability, or death while an employee of the Plan Sponsor.

Any portion of a participant’s account balance attributable to pretax employee contributions and rollover contributions is 100% vested at the time of contribution and is not subject to forfeiture.

**Investment Options**

Participants are required to make participant-directed allocations of their accounts in increments totaling 100% among various investment options, including certain options for which the trustee or its affiliates serve as investment advisor (see Note 7), selected by the Plan administrator.

**Withdrawals**

A participant may withdraw up to 100% of the participant’s pretax and rollover contributions in the event of an immediate financial hardship, as defined in the Plan Document. Hardship distributions may not exceed the amount of the participant’s financial hardship or be repaid by the participant. If a participant receives a hardship withdrawal, the right to make pretax contributions will be suspended for six months.

In-service withdrawals of all or a portion of a participant’s pretax vested account balance may be withdrawn by a participant after reaching age fifty-nine and one-half. In-service withdrawals of all or a portion of a participant’s rollover account balance may be withdrawn at any time.

Upon normal retirement, pre-retirement after reaching age fifty-five, termination of employment, disability, or death, a participant or beneficiary may elect to receive the value of the vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. The Plan may, upon termination of service of a participant for any reason, automatically pay the benefits owed in a lump sum if the account balance is \$1,000 or less.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

### **Notes Receivable from Participants**

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants generally have terms ranging up to five years, are secured by the balance in the participant's account, and bear interest at a rate determined by the Plan administrator based on prevailing interest rates at the time of the loan. A note used for financing the purchase of the participant's principal residence may be repaid over a period not to exceed ten years. Notes receivable from participants are due and payable if a participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the Plan Document.

Notes receivable from participants are valued at amortized cost, which approximates fair value.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

### **Forfeitures**

Nonvested account balances of terminated employees are forfeited upon the complete distribution of the vested portion of their account as defined in the Plan Document. Forfeitures of terminated employees' nonvested accounts are used to reduce Plan Sponsor matching contributions. Forfeitures were immaterial for the year ended December 31, 2011.

## **Note 2: Summary of Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are reported on the accrual basis of accounting.

### **Common Collective Trust**

Common collective trusts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for fully benefit-responsive common collective trusts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the common collective trusts as well as the adjustment of the fully benefit-responsive common collective trusts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

## Use of Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

## Payments of Benefits

Benefit payments are recorded when paid by the Plan.

## Risks and Uncertainties

The Plan's invested assets ultimately consist of stocks, bonds, fixed income securities, and other investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

## Note 3: Information Certified by Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Wilmington, except for comparing such information to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year):

|                                                            | 2011         | 2010         |

#### **Note 4: Fair Value Measurements**

Accounting Standards Codification (ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets

- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified/contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011.

Investments in mutual funds are valued at quoted market prices as provided by the Plan trustee.

Units of common collective trusts are valued at estimated fair values based on the unit value of the trust as determined by the financial institution sponsoring such trust. The statements of net assets available for benefits present investment contracts and similar type investments at fair value, as well as an additional line item showing an adjustment of the fully benefit-responsive investments from fair value to contract value. The Wells Fargo Stable Value Fund M, which is the common collective trust on the statement of net assets available for benefits as of December 31, 2011 and 2010, is fully benefit-responsive.

The fully benefit-responsive common collective trust provides that participants execute plan transactions at contract value. Interest rates are reset quarterly based on market rates of other similar investments and the current yield of the underlying investments and the spread between the market value and contract value. The trust agreement states the rate cannot be less than zero. The average yield earned by the trust at December 31, 2011 and 2010 is 1.56% and 2.38%, respectively. The average yield earned by the trust with an adjustment to reflect the actual interest rate credited to participants in the trust at December 31, 2011 and 2010 is 2.33% and 2.90%, respectively. Certain events such as plan termination or a plan merger initiated by the Plan Sponsor, may limit the ability of the Plan to transact at contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

Net appreciation or depreciation in the fair value of the investments represents the change in fair value during the year, including realized and unrealized gains and losses.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

#### **Note 5: Income Tax Status**

Effective January 1, 2007, the Plan Sponsor entered into a nonstandardized adoption agreement of the Ceridian Retirement Services Plan (the prototype plan). The prototype plan received a favorable opinion letter from the IRS on March 31, 2008, which stated that the prototype plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has not obtained an individual IRS determination letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and tax exempt as of December 31, 2011.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

## **Note 6: Reconciliation to Form 5500**

## **Note 7: Party-in-Interest Transactions**

The trustee (see Note 1) performs services for, sell products to, and manages and maintains certain investments of the Plan for which fees are charged to the Plan. While the Plan Sponsor pays most of the fees, an insignificant portion is paid by the Plan (see Note 1). Party-in-interest transactions also include notes receivable from participants.

Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

## **Note 8: Plan Termination**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, participants' accounts would become fully vested and distributed in accordance with Plan provisions until all assets have been distributed by the trustee.

## **Note 9: Prohibited Transactions**

The Plan Sponsor deducted via payroll withholding, an aggregate of \$17,780 and \$29,547 during 2011 and 2010, respectively, from participants' gross wages that were not remitted to the Plan in accordance with Department of Labor regulations. The Plan Sponsor filed Form 5330 with the IRS and paid the required excise tax on the transaction. In addition, the Plan Sponsor will make a restoration contribution to the Plan for lost earnings.

**Note 10: Subsequent Events**

The Plan Sponsor has evaluated for subsequent events between the date of the statement of net assets available for benefits of December 31, 2011 and the report date, which is the date these financial statements were available for issuance. Management has concluded there were no subsequent events requiring recognition in the financial statements or disclosure.
