INDEPENDENT AUDITORS' REPORT

To the 401(k) Plan Evaluation Committee
Community Physical Therapy & Associates, Ltd. 401(k) Plan
Chicago, Illinois

We were engaged to audit the accompanying statements of net assets available for benefits of Community Physical Therapy & Associates, Ltd. 401(k) Plan (the "plan") as of December 31, 2011 and 2010 and the statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Transamerica Life Insurance Company, the trustee of the plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Transamerica Life Insurance Company holds the plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2011 and 2010, and for the year ended December 31, 2011, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information in the plan's financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

COMMUNITY PHYSICAL THERAPY & ASSOCIATES, LTD. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2011 and 2010 and for the Year Ended December 31, 2011

NOTE 1 - Description of the Plan

The following description of the Community Physical Therapy & Associates, Ltd. 401(k) Plan (the "plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the plan's provisions.

General

The plan is a defined contribution plan established by Community Physical Therapy & Associates, Ltd. (the "company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees who have completed at least three months of service during the plan year, as defined in the plan, are eligible to participate and are automatically enrolled unless a waiver is received. Employees must have completed at least 1,000 hours of service with the company during the preceding 12 month period, as defined in the plan, and be employed on the last day of the plan year to be eligible for profit sharing and company matching contributions. Upon enrollment in the plan, a participant may direct employer and employee contributions to any combination of available investment options maintained by Transamerica Life Insurance Company. The minimum amount which may be invested in any one option is 1% of the contribution.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), subject to IRS contribution maximums. Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions).

During 2011, the company matched 3% of the participants' contribution. The company may, at its option, increase or decrease the matching contribution percentage. Matching contributions of $25,894 were made by the company for the year ended December 31, 2011. Annual contributions from all sources are subject to certain limitations as defined by the Internal Revenue Service.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the company's contributions and plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction and rollover contributions plus earnings thereon. All participants are also immediately vested in the company's matching portion of their accounts plus actual earnings thereon as well.

NOTE 1 - Description of the Plan (cont.)

Notes Receivable from Participants

The plan agreement includes provisions authorizing loans from the plan to participants. The maximum amount of a loan shall not exceed the lesser of $50,000 or 50% of the participant's vested account balance as of the valuation date preceding the loan. The loans are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 9.25%. The term of the loan cannot exceed five years, unless the purpose of the loan, as determined at the time of the application, is to acquire or construct a principal residence for the participant, then the repayment of the loan shall not exceed thirty years. Principal and interest is paid ratably through payroll deductions.

Deemed Distributions

The plan treats participant loans that are in default due to a missed payment, and outstanding loan balances when a terminated participant takes a distribution, as deemed distributions.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the plan agreement. The plan provides for normal retirement at age 59 1/2. If the value of the vested benefit is $5,000 or less, a lump-sum distribution will be made; otherwise, the participant may elect to receive the benefit as a lump-sum payment or in installments over a period of time not to exceed the participant's life expectancy determined at the time of distribution. For termination of service due to other reasons, a participant may receive the vested portion of their account balance as a lump-sum distribution. Participants experiencing financial hardship may withdraw a portion of their account balance as defined in the plan.

Forfeited Accounts

As of December 31, 2011 and 2010, forfeited non-vested accounts totaled $78 and $4,398, respectively. The plan was amended on January 1, 2005 to allow all participants to be immediately vested in the company's matching portion of their accounts, and as a result, there will be no new forfeitures allocated back to the company.

Plan Amendment

The company has the right to amend the plan at any time by action of its Board of Directors. In no event, however, will an amendment retroactively reduce the accrued benefit of any participant or beneficiary unless such amendment is required by the Internal Revenue Code.

Termination of Plan

Although it has not expressed any intent to do so, the company has the right under the plan to terminate the plan at any time subject to the provisions of ERISA.

Administrative Expenses

At the company's discretion, administrative expenses may be paid by the company or the plan. For the years ended December 31, 2011 and 2010, the company elected to pay some administrative expenses.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared on the accrual basis of accounting. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The plan's investments in pooled separate accounts are valued at fair value using quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 Fair Value of Financial Instruments for details on inputs, valuation techniques and fair value measurement level within the fair value hierarchy. Cash equivalents are recorded at contract value.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represents the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

GAAP requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued interest.

Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update No. 2010-06, "Fair Value Measurements and Disclosures," which requires new disclosures and provides clarification of existing disclosures about fair value measurements. More specifically, this update requires: (a) an entity to disclose separately the amounts of significant transfers in and out of Levels 1 and 2 fair value measurements and to describe the reasons for the transfers; and (b) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for fair value measurements using significant unobservable inputs (Level 3 inputs). This guidance clarifies existing disclosure requirements for the level of disaggregation used for classes of assets and liabilities measured at fair value and requires disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements using Level 2 and Level 3 inputs.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent Accounting Pronouncements (cont.)

The update was effective for the 2010 plan year, except for the disclosure requirements related to the purchases, sales, issuances and settlements in the rollforward activity of Level 3 fair value measurements. Those disclosure requirements will be effective for the 2011 plan year. The adoption of this guidance did not have a material impact on the plan's financial statements.

In May 2011, the FASB issued Accounting Standards Update No. 2011-04, "Fair Value Measurement," which aligns disclosures related to fair value between GAAP and International Financial Reporting Standards. The standards update includes changes to the wording used to describe many of the requirements in GAAP for measuring fair value and changes to the disclosure of information about fair value measurements. More specifically, the changes clarify the intent of the FASB regarding the application of existing fair value measurements and disclosures as well as changing some particular principles or requirements for measuring fair value or for disclosing information about fair value measurements. This update will be effective for the plan in 2012. The plan is evaluating the impact that the application of this update will have on its financial statements.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - Information Prepared and Certified by Trustee (Unaudited) (cont.)

During the year ended December 31, 2011, the plan's investments (including gains and losses on investments bought, sold, and held during the year) reported investment income (loss) as follows:

Net appreciation (depreciation) in fair value of investments:	
Cash equivalents	$ 11,127
Pooled separate accounts	(99,005)
Interest and dividends	6,856
Net Investment Loss Certified by Trustee	$ (81,022)

Investments, in general, are subject to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value of Financial Instruments

The plan follows GAAP for measuring, reporting, and disclosing fair value. These standards apply to all assets and liabilities that are measured, reported, and/or disclosed on a fair value basis.

As defined in the accounting standards, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Assets and liabilities measured, reported and/or disclosed at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Observable market based inputs or unobservable inputs that are corroborated by market data. Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Unobservable inputs that are not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued daily at the closing price of the underlying investments, which are actively traded securities.

Cash equivalents: Consists of a deposit liability with no maturities that is valued at contract value which is the equivalent of fair value.

The plan sponsor is responsible for the determination of fair value. Accordingly, they perform periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

Total Investments	$ 5,237,376	$ 4,883,174	$ 354,202	$ -

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

There are no amounts owed to participants who have withdrawn from the plan as of December 31, 2011 and 2010.

NOTE 6 - Parties In Interest

Certain plan investments are shares of pooled separate accounts or cash equivalents managed by Transamerica Life Insurance Company, the trustee as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the plan for investment expenses amounted to $23,295 for the year ended December 31, 2011.

Fees for administrative expenses paid by the plan sponsor on behalf of the plan totaled $2,775 for the year ended December 31, 2011.

NOTE 7 - Tax Status

The plan obtained its latest determination letter on July 6, 2005, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has been amended since receiving the determination letter. The plan administrator believes that the plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the plan was qualified and the related trust was tax-exempt at the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the plan. The financial statements effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2011 and 2010, there are no uncertain positions taken or expected to be taken. The plan has recognized no interest or penalties related to uncertain tax positions. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the plan is no longer subject to income tax examinations for years prior to 2008.

NOTE 8 - Subsequent Events

The plan has evaluated subsequent events occurring through October 8, 2012, the date that the financial statements were available to be issued, for events requiring recording or disclosure in the plan's financial statements.
