INDEPENDENT AUDITORS' REPORT

Trustees and Participants EZ Loader Boat Trailers, Inc. Amended and Restated Employees' 401(k) Profit Sharing Plan and Trust Spokane, Washington

We were engaged to audit the accompanying statements of net assets available for benefits of the EZ Loader Boat Trailers, Inc. Amended and Restated Employees' 401(k) Profit Sharing Plan and Trust as of December 31, 2011 and 2010, the related statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets held for investment as of December 31, 2011 and 2010. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of the EZ Loader Boat Trailers, Inc. Amended and Restated Employees' 401(k) Profit Sharing Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established by a resolution of the Board of Directors of EZ Loader Boat Trailers, Inc. (Company) in May 1969. The Plan and Trust agreement was subsequently amended and restated. The Plan and Trust were created to provide certain benefits to employees in the event of retirement, permanent disability, death, or termination of employment. The Trust is designed to constitute a part of the EZ Loader Boat Trailers, Inc. Amended and Restated Employees' 401(k) Profit Sharing Plan, which qualifies for tax exemption under Section 401 of the Internal Revenue Code.

The Plan is a defined contribution plan which covers eligible employees of the Company who have completed one year of service. In 1991 the Plan was amended to include a 401(k) salary deferral arrangement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all subsequent statutory revision thereto.

Contributions

The Plan contains provisions for the following types of contributions:

- Participants may make voluntary tax-deferred contributions to the Plan through payroll deductions of up to 100% of pretax annual compensation subject to Internal Revenue Service maximum limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participating employees may make additional voluntary contributions (in after-tax dollars) up to 10% of their gross compensation. Participants may also contribute amounts representing distributions from other qualified benefit or defined contribution plans.
- The Company may make employer matching contributions for participants making voluntary tax-deferred contributions. Such matching contributions are at the discretion of the Company's Board of Directors. The Company may contribute an amount equal to 50% of the employee's before-tax contribution, up to a maximum of 5% of the employee's annual compensation. The Company did not make a matching contribution for the years ended December 31, 2011 and 2010. In addition, the Company may make additional profit-sharing contributions at the discretion of the Board of Directors. No profit sharing contributions were made for the years ended December 31, 2011 and 2010.

Each participating employee may designate the percentage of his or her total contribution, including the Company's matching portion, to be invested in any of the available investment options offered by the Plan.

1. DESCRIPTION OF THE PLAN, Continued:

Payments of benefits

Participants are eligible to receive 100% of their account balance at normal retirement (age 65), death, or permanent disability. Participants who terminate employment are eligible to receive their vested account balance after separation from service.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Net assets of the Plan are obligated for the benefits which have accrued to participating employees. Participant salary deferrals are fully vested at all times. Such benefits which have accrued to a participating employee attributable to employer contributions are vested (i.e., become nonforfeitable) pursuant to a prescribed schedule. The vesting schedule provided 20% vesting after one year of covered service, and additional 20% vesting for each year thereafter, until five years of covered service whereupon employees are 100% vested.

Participant loans

Participants may borrow from their account up to the lesser of 50% of their vested account balance or \$50,000. Loan terms cannot exceed five years except for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest, as determined by the plan administrator. Principal and interest are paid ratably through periodic payroll deductions.

Administration of the Plan

The Plan is administered by a committee consisting primarily of Company management. Plan assets are held and invested by Fidelity Management Trust Company (Fidelity) in accordance with a custodial agreement with the Administrative Committee. Records of participant account activity are processed and maintained by Fidelity which also performs other administrative support services for the Plan. Substantially all expenses of operating and maintaining the Plan are paid by the Plan.

1. DESCRIPTION OF THE PLAN, Continued:

Forfeitures

To the extent attributable to matching contributions, forfeitures are first allocated to reduce employer matching contributions for the Plan year in which the forfeiture occurs. Forfeitures of employer profit sharing contributions are allocated to the remaining participants' accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

As described in Accounting Standard Codification 962 ("ASC 962") "Plan Accounting – Defined Contribution Pension Plans", investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by ASC 962, the statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, and have been certified by the plan sponsor.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued:

Payment of benefits

Benefits are recorded when paid.

Fair Value Measurement

Effective January 1, 2008, the Plan adopted the provisions of ASC 820, "Fair Value Measurements and Disclosures", for the Plan's financial assets and financial liabilities.

For each major category of assets and liabilities that are measured at fair value on a recurring basis, the following hierarchy levels are:

- Level 1
 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2
 - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3
 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS

At December 31, 2011 and 2010, financial assets of the Plan are as follows:

	December 31, 2011	December 31, 2010
Interest bearing cash equivalent, corporate debt		
securities and U.S. government and agency		
securities (fair value hierarchy Level 1)	\$11,652,274	\$12,750,638
Life insurance company pooled separate		
accounts (fair value hierarchy Level 2)	415,496	393,192

The valuation of the Level 2 assets above is discussed in Note 9 below.

4. INVESTMENTS

The Plan's investments are held and maintained by Fidelity. The fair value of investments at December 31, 2011 and 2010 (investments that represent 5% or more of the Plan's net assets in either year are separately identified), as certified by the Plan's trustee was as follows:

	2011		2010
Mutual funds:			
Fidelity Fund	\$ 1,087,719	\$	1,391,356
Fidelity Puritan	1,395,531		1,558,392
Fidelity Low PR STK	531,288		800,740
Fidelity Contrafund	2,574,976		3,139,276
Fidelity Freedom 2020	1,038,914		1,426,959
Fidelity Retirement Money Market	2,734,768		2,057,506
Other mutual funds	2,289,078		2,376,409
Common/collective trust:			
Fidelity MGD Inc. Port	415,496		393,192
Total investments at fair value Adjustment from fair value to contract value for	 12,067,770	3	13,143,830
fully benefit-responsive investment contracts	(10,248)		(3, 197)
Total investments, net	\$ 12,057,522	\$	13,140,633

The Plan's mutual funds investments including gains and losses on investments bought and sold, as well as held during the year (depreciated) appreciated in fair value by \$(156,856) and \$1,323,529 for the years ended December 31, 2011 and 2010, respectively.

5. RELATED-PARTY TRANSACTIONS

Certain Plan assets are shares in mutual funds and a common/collective trust fund managed by Fidelity which is the Plan's investment advisor and trustee; therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in mutual funds and common/collective trusts. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. BENEFITS PAYABLE

There were no benefits payable to persons who have withdrawn from participation in the earnings and operations of the Plan at December 31, 2011 and 2010.

9. INVESTMENT CONTRACT

In 2002, the Plan entered into a benefit-responsive investment contract with Fidelity Investment Group. Fidelity Investment Group maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at fair value and adjusted for the difference between fair value and contract value as reported to the Plan by Fidelity Investment Group. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Certain events limit the ability of the plan to transact as contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion or equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of investment income per the financial statements to Form 5500 for the years ended December 31, 2011 and 2010:

2011

2010

	2011	2010
Investment income per the financial statements	\$ 30,355	\$ 1,484,174
Prior year adjustment from fair value to contract value for fully benefit-responsive investment contracts	(3,197)	6,898
Current year adjustment from fair value to contract value for fully benefit-responsive investment contracts	10,248	3,197
Investment income per Form 5500	\$ 37,406	\$ 1,494,269

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 for the years ended December 31, 2011 and 2010:

	<u>2011</u>	<u>2010</u>
Net assets available for benefits per the financial statements	\$12,176,082	\$13,292,134
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	10,248	3,197
Net assets available for benefits per Form 5500	\$12,186,330	\$13,295,331

11. INCOME TAXES AND INCOME TAX STATUS

The Company has analyzed it filing positions in all jurisdictions where it is required to file income tax returns, and found no positions that would require a liability for unrecognized income tax benefits to be recognized. The Company has established that they will deduct any interest and penalties assessed as interest deductions in its financial statements. The Company is subject to tax examinations for the years 2009 through 2011.

The Trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code as a tax-exempt organization. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service, and the plan sponsor believes that the Plan continues to qualify and to operate as designed.

12. SUBSEQUENT EVENTS

Management evaluates, as of each reporting period, events or transactions that occur after the date of the statement of net assets available for benefits through the date that the financial statements are issued or are available to be issued. The Company has evaluated its financial statements as of December 31, 2011 for subsequent events through September 5, 2012, the date the financial statements were available to be issued, and determined that no recognized subsequent events and nonrecognized subsequent events existed.
