Note 1. DESCRIPTION OF THE PLAN

The following description of the Gafcon, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan established as of January 1, 1991 to provide retirement benefits for eligible employees of Gafcon, Inc. (the Company). The Plan covers all employees of the Company who have attained age 21 and have at least 90 days of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to the amount permitted under the Internal Revenue Code. The Company may elect to make an annual discretionary profit sharing contribution. The Company may also elect to make discretionary matching contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, Company profit sharing and matching contributions, and the earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Company profit sharing contributions are allocated to participant accounts based on participant salaries.

Investment Options

Participants may direct the investment of their accounts among various investment options provided by Principal Life Insurance Company.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's profit sharing and matching contributions and earnings thereon is based on years of service. A participant is 100% vested after six years of credited service.

Note 1. DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures can be used to pay administrative expenses and additional Company contributions. For the year ended December 31, 2011, forfeitures of $33,203 were used to pay additional Company contributions and forfeitures of $1,384 were used to pay administrative expenses. For the year ended December 31, 2010, forfeitures of $15,453 were used to pay additional Company contributions and forfeitures of $1,950 were used to pay administrative expenses.

Payment of Benefits

Participants are entitled to a distribution from their accounts at retirement, termination of employment, death or upon incurring permanent disability. Participants may also withdraw any part of their vested account balance upon attaining age 59½.

In addition, participants who meet the hardship withdrawal rules may withdraw all or a percentage of their account balance attributable to their own contributions and vested Company contributions upon approval of the Plan Administrator. After making a hardship withdrawal, a participant is suspended from making contributions to the Plan for a period of six months from the effective date of the withdrawal.

Notes Receivable from Participants

Participants may request loans from the Plan in an amount not to exceed the lesser of: (1) $50,000 or (2) 50% of the participants' vested account balance. Participants' loans are due over terms of up to 5 years, or longer if related to the purchase or improvement of a principal residence. Loans are secured by the participant's account and are repaid via automatic payroll deductions. Loans bear interest at a fixed rate based on prevailing commercial interest rates for loans of comparable risk, as determined by the Plan's administrator. Interest rates on outstanding participant loans ranged from 5.25% to 10.25% at December 31, 2011 and 2010.

Administrative Expenses

Substantially all administrative expenses are paid by the Company.

Note 1. DESCRIPTION OF THE PLAN (continued)

Reclassification

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements. The reclassifications did not affect total net assets available for benefits or changes in net assets available for benefits.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation

The Plan's investments in shares of registered investment companies are stated at fair value determined by quoted market prices which are based on the net asset value of shares held by the Plan at year end.

Guaranteed interest contracts are valued at fair value as estimated by the custodian. Fair value is based on contract value less early withdrawal charges due to restrictions on the sale of the contracts. Investments in guaranteed interest contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contacts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Note 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Tax Status

The Plan is a standardized prototype plan. The prototype plan received a determination letter from the Internal Revenue Service dated March 31, 2008, indicating that the Plan qualifies in form under Section 401(a) and 401(k) of the Internal Revenue Code (the Code) and the underlying Plan is, therefore, exempt from federal income taxes under Section 501(a) of the Code. The Plan is required to operate in accordance with the Code to maintain its tax qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for an uncertain position if it is not more likely than not that the position would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. Generally accepted accounting principals prescribes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 Fair Value Measurements
Fair values are based on publicly quoted prices in active markets for identical assets. The fair value of investments in registered investment companies is based on the publicly quoted net asset value of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements
Fair values are based on observable inputs other than publicly quoted prices in active markets for identical assets. The Plan did not have any level 2 fair value measurements at year-end.

Level 3 Fair Value Measurements
Fair values are based on unobservable inputs used for valuing the asset. The fair value of the guaranteed interest contract is based on contract value less early withdrawal charges due to restrictions on the sale of the contracts.

As of December 31, 2011	Fair Value	Level 1	Level 2	Level 3

Note 4. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investments in the guaranteed interest contract consist of investments in the Principal Fixed Income Option (PFIO). The PFIO is a fully benefit-responsive group annuity contract issued by the Principal Life Insurance Company (PLIC). PLIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The methodology for calculating the interest crediting rate is defined in Article I, Section II of the contract under the term "Composite Credit Rate." Under the terms of the existing contract, the crediting rate is currently reset on a semiannual basis.

The PFIO is a single group annuity contract with a fixed rate of interest. It is not a portfolio of contracts whose yields are based on changes in fair value of underlying assets as would be found in a stable value fund. As a result, the average yield earned by the Plan is the yield earned (i.e. interest credited) on the group annuity contract.

The interest rate history for the contract is as follows:

Time Period	Rate
January 1, 2010-June 30, 2010	3.10%
July 1, 2010-December 31, 2010	2.90%
January 1, 2011-June 30, 2011	2.75%
July 1, 2011-December 31, 2011	2.70%

Note 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to amend, modify, suspend or terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to accounts of participants shall be paid to each participant in accordance with the Plan agreement.

Note 10. PARTY-IN-INTEREST

Principal Life Insurance Company functions as record keeper and investment manager for the Plan assets, disburses benefit payments and executes all investment transactions. As a result, all investment transactions qualify as party-in-interest transactions.

Certain expenses of the Plan are paid for by the Company. The Company is the sponsor of the Plan and, therefore, these transactions qualify as party-in-interest. The most significant of these costs paid by the Company are the salaries for the employees responsible for the Plan administration and fees paid to a third party administrator.

Note 11. SUBSEQUENT EVENTS

Management has evaluated subsequent events for accruals and disclosures through October 12, 2012, which is the date the 2011 financial statements were available to be issued.

Effective August 1, 2012 the Company switched from Principal Life Insurance Company as the Plan's record keeper and investment manager to Putnam Fiduciary Trust Company. The Sharepoint360, LLC 401(k) Profit Sharing Plan was also merged into the Plan on August 1, 2012.
