INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Rochester Management, Inc. Savings Plan:

We were engaged to audit the accompanying statements of net assets available for benefits of the Rochester Management, Inc. Savings Plan (the Plan) as of December 31, 2011 and 2010, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, and ADP Retirement Services, the record-keeper of the Plan as an agent for JP Morgan Chase Bank N.A., for the period from January 1, 2010 to November 18, 2010, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that Reliance Trust Company held the Plan's investment assets and executed investment transactions from November 19, 2010 to December 31, 2011, and that JP Morgan Chase Bank N.A. held the Plan's investment assets and executed investment transactions for the period from January 1, 2010 to November 18, 2010. The plan administrator has obtained certifications from the trustee and the agent on behalf of JP Morgan Chase Bank N.A. as of and for the years ended December 31, 2011 and 2010, that the information provided to the plan administrator by the trustee and the agent on behalf of JP Morgan Chase Bank N.A. is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. 1. DESCRIPTION OF PLAN

The following description of the Rochester Management, Inc. Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan established to provide retirement benefits for the employees of Rochester Management, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Administration
The Company is the sponsor and the administrator of the Plan. ADP Retirement Services (ADP) is the Plan's third-party administrator and provides recordkeeping services to the Plan. Reliance Trust Company (Reliance) became the trustee of the Plan's assets effective November 19, 2010. JP Morgan Chase Bank, N.A (JP Morgan) was a trustee of the Plan for the period from November 4, 2009 to November 18, 2010, and TD Ameritrade Trust Company (TD Ameritrade) was a trustee of the Plan prior to September 20, 2010.

Eligibility
Individuals become eligible to participate in the Plan after attainment of age 21 and completion of six months of service as defined in the Plan document. Participation commences on the first day of the quarter coinciding with, or next following, attainment of eligibility requirements.

Contributions
Participants may make voluntary pre-tax and Roth contributions in the form of salary reductions based on a percentage of their annual compensation, subject to certain limitations of the Plan and under the Internal Revenue Code (IRC). The Company makes matching contributions on behalf of the Plan's participants. The Company matches 100% of employee contributions on the first 2% of their compensation, 50% of employee contributions on the next 1% of their compensation, and 25% of employee contributions on the next 2% of their compensation. Participants with ten or more years of service, if deferring at least 5% of Plan compensation, will receive an additional 1% match. Additionally, the Company has the ability to make discretionary profit sharing contributions as determined by its board of directors. No profit sharing contributions were made in either 2011 or 2010. Participants may direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan.

The Plan also includes an automatic enrollment provision. Newly eligible employees who have otherwise not affirmatively opted out of enrolling in the Plan are automatically enrolled. Employees enrolled as a result of this provision must defer 2% of their compensation to the Plan.

1. DESCRIPTION OF PLAN (Continued)

Participant Accounts
Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) actual earnings/losses thereon. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in all employee contributions and actual earnings/losses thereon. Participants must accrue three years of service to become fully vested in all Company contributions.

Forfeitures
Forfeitures of non-vested accounts are used to pay any administrative expenses of the Plan or to reduce the Company's matching and profit sharing contributions. There were no forfeitures used during 2011. Forfeitures used during 2010 totaled $245 and were used to reduce the Company's matching contributions.

Administrative Expenses
The majority of the Plan's administrative expenses are paid by the Company.

Notes Receivable from Participants
Notes receivable from participants are recorded at their outstanding principal balance plus any accrued but unpaid interest at year-end. The term of loan repayment must be for a reasonable period of time as per the Plan Document. Notes receivable from participants bear interest at the prime rate plus 1% and are fixed at the time of the loan.

Hardship Withdrawals
Hardship withdrawals are permitted from the Plan from the participant's pre-tax and Roth elective deferral accounts.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, participants receive a distribution of their vested account balances. Participants can elect a lump sum payment or installment payment.

Plan Termination
Although the Company has not expressed any intent to do so, the Company has the right to terminate the Plan at any time subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)
In accordance with Accounting Standards Codification (ASC) 962, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. During 2011, the Plan invested in a common/collective trust which held fully benefit-responsive investment contracts. Therefore, the December 31, 2011 statement of net assets available for benefits presents the fair value of the investment in the common/collective trust as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The 2011 statement of changes in net assets available for benefits is prepared on a contract value basis.

Investments
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are reflected on a trade day basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurements
The ASC 820 framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Section 820 are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2: Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

See Note 4 for a description of where the Plan's assets fall within the fair value hierarchy.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties
The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in their values could occur in the near term and that such changes could materially affect the amounts reported in the accompanying financial statements.

Notes Receivable From Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are reclassified as distributions based upon the terms of the plan document.

Benefit Payments
Benefit payments are recorded when paid.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

4. INVESTMENTS

Investment in Common/Collective Trust

Upon termination of the Bank of America, N.A. Retirement Preservation Trust, formerly the Merrill Lynch Retirement Preservation Trust, (the Retirement Preservation Trust) on February 28, 2011, the Federated Capital Preservation Fund replaced the Retirement Preservation Trust as an investment option in the Plan. The Federated Capital Preservation Fund (the Capital Preservation Fund) is a common collective trust fund with underlying investments in investment contracts and is valued at fair value and then adjusted by the issuer to contract value. The Capital Preservation Fund invests principally in guaranteed investment contracts, separate account guaranteed investment contracts, synthetic guaranteed investment contracts and a money market mutual fund, which are intended to maintain a constant net asset value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus credited earnings, less participant withdrawals.

The investment objective of the Capital Preservation Fund is stability of principal and high current income. There is no unfunded commitment and there is no redemption notice period, except related to employer-initiated events as described in the following paragraph.

Certain events could limit the ability of the Plan to transact at contract value with the issuers of the contracts held by the Capital Preservation Fund. These events include, but are not limited to, layoffs, bankruptcy, plant closings, plan termination, mergers, and early retirement incentives. These events may cause liquidation of all or a portion of a contract at a market value adjustment.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting based on data as of the last business day of the month prior to the end of the quarter. The yield and crediting interest rates averaged 1.74% and 3.03% for the year ended December 31, 2011.

Through October 6, 2010, the Retirement Preservation Trust was invested in fully benefit-responsive contracts and reported at contract value. Effective October 6, 2010, the trustee of the Retirement Preservation Trust approved a resolution to terminate the Retirement Preservation Trust and commence liquidation of its assets, changing it from a stable value fund measured at contract value to a short-term bond fund measured at fair value.

The Retirement Preservation Trust sought to preserve principal, maintain high liquidity and earn an appropriate market return. There was no unfunded commitment. In addition, there was no redemption notice period and redemption frequency was immediate. There were no other redemption restrictions in the Retirement Preservation Trust. Individual participant accounts invested in the common collective trust fund were maintained on a unit value basis. Participants did not have beneficial ownership in specific underlying securities or other assets in the Retirement Preservation Trust, but had an interest therein represented by units valued daily. Issuances and redemptions of units were made on such days based upon the net asset value per unit.

4. INVESTMENTS (Continued)

Investment in Common/Collective Trust (Continued)
Prior to October 6, 2010, the Retirement Preservation Trust was a stable value fund that sought to provide preservation of capital, liquidity and current income at levels that were typically higher than those provided by money market funds and similar to short or intermediate term bond funds without the volatility, before deduction of expenses. The Retirement Preservation Trust invested primarily in traditional guaranteed investment contracts and wrapped portfolios of fixed income investments. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals and administrative expenses. The Retirement Preservation Trust imposed certain restrictions on the Plan and the fund itself may be subject to circumstances that impact its ability to transact at contract value.

Fair Value Measurements
The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2011:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Growth	$2,205,429	$ -	$ -	$2,205,429
Income	3,383,482	-	-	3,383,482
Value	216,485	-	-	216,485
Common/collective trust	-	251,281	-	251,281
	$5,805,396	$ 251,281	$ -	$6,056,677

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2010:

	Level 1	Level 2	Level 3	Total
Mutual funds:				
Growth	$2,532,768	$ -	$ -	$2,532,768
Income	3,812,883	-	-	3,812,883
Value	353,149	-	-	353,149
Common/collective trust	-	294,255	-	294,255
	$6,698,800	$ 294,255	$ -	$6,993,055

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2011 and 2010.

Mutual funds: Valued at fair value based on quoted market prices in active markets.

Common/collective trust: The Capital Preservation Fund, which primarily holds investments in fully benefit-responsive contracts, is valued at fair value as calculated by the issuers using a discounted cash flow model, which considers (i) recent fee bids as determined by recognized dealers, (ii) discount rate, and (iii) the duration of the underlying portfolio securities. The fair value of the Plan's investment in the Capital Preservation Fund is based on its proportionate ownership of the underlying investments.

4. INVESTMENTS (Continued)

Fair Value Measurements (Continued)
Effective October 6, 2010, the Retirement Preservation Trust held by the Plan was invested in a short-term bond fund. The trust was valued at amortized cost, which approximated fair value. Prior to October 6, 2010, the Retirement Preservation Trust held by the Plan was a stable value fund valued at fair value based on the underlying unit value of the fund's investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net Appreciation (depreciation) in Fair Value of Investments
During 2011 and 2010, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) in value as follows:

	2011	2010
Mutual funds	$ (302,769)	$ 610,667
Common/collective trust	-	1,840
	$ (302,769)	$ 612,507

5. RECONCILIATION TO FORM 5500

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the change in net assets available for benefits per Form 5500 for the years ending December 31:

	2011	2010
Change in net assets available for benefits per the financial statements	$ (861,018)	$ 1,104,533
2009 adjustment from fair value to contract value for underlying fully benefit-responsive investment contracts included in investment appreciation upon conversion of common/collective trust in 2010.	-	15,106
Change in net assets available for benefits per Form 5500	$ (861,018)	$ 1,119,639

6. TAX STATUS

The Plan is designed from a prototype plan offered by ADP. The Internal Revenue Service has determined and informed ADP, by letter dated March 31, 2008, that the written form of the underlying prototype plan document is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan has not yet applied for its own determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

For employee benefit plans, their tax-qualified status itself is deemed to be an uncertainty, as events could potentially occur to jeopardize their tax-qualified status. As of December 31, 2011 and 2010, the Plan does not have any uncertain tax positions. The Plan files the Annual Return/Report of Employee Benefit Plan (Form 5500) in the U.S. federal jurisdiction. The Plan is no longer subject to U.S. federal income tax examinations by tax authorities for years before 2008.

7. PARTY- IN-INTEREST TRANSACTIONS

Certain plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

8. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 9, 2012, which is the date the financial statements were available to be issued.

Management Representations
We have requested certain representations from management that are included in the management representation letter dated October 9, 2012.

Management Consultations with Other Independent Accountants

If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors.
