Independent Auditor's Report

To the Participants and Administrator of
Life Technologies Corporation 401(k) Savings and Investment Plan

We were engaged to audit the accompanying statements of net assets available for benefits of the Life Technologies Corporation 401(k) Savings and Investment Plan as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedules of assets (held at end of year) as of December 31, 2011 and delinquent participant contributions for the year ended December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by The Bank of New York Mellon, the current trustee of the Plan and Fidelity Management Trust Company, the former trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustees holds/hold the Plan's assets and executes/executed transactions. The Plan Administrator has obtained certifications from the trustees regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the current trustee as of December 31, 2011 and for the period from July 26, 2011 to December 31, 2011, and the former trustee as of and for the year ended December 31, 2010, and for the period from January 1, 2011, to July 25, 2011.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The supplemental schedules are presented for the purposes of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified or provided by the current and former Trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Life Technologies Corporation 401(k) Savings and Investment Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all employees of Life Technologies Corporation, formerly known as Invitrogen Corporation (the Company), except temporary employees or Post Doctoral Fellow, who are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan merger and transfer of assets

On December 21, 2009 the Board of Directors of Life Technologies Corporation (the “Plan Sponsor”) approved the merger of the Employee 401(k) Savings Plan of Applied Biosystems, Inc. (the “AB Plan”) into the Invitrogen Corporation 401(k) Savings and Investment Plan (the “Invitrogen Plan”) on December 31, 2009. Additionally, on January 1, 2010, the surviving Plan (the Invitrogen Plan) was renamed the Life Technologies Corporation 401(k) Savings and Investment Plan.

Contributions

Each year, participants may contribute from 1% to 75% of pretax annual compensation, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company is required to make contributions equal to 75% of each participant’s elective contributions, up to 6% of annual compensation, as defined in the Plan. The Company also may elect to contribute a discretionary non-matching contribution for each Plan year; however, no such discretionary non-matching contributions were made in 2011. Company contributions are allocated to participants’ selected investment options.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. At any time, participants may transfer amounts between investment funds.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of service, as defined in the Plan document. Prior to January 1, 2010, a participant was 100% vested upon completion of five years of credited service. Effective January 1, 2010, employees vest in Company contributions at a rate of 50% per year, over two years.

Vesting for employees on disability continues through the disability period. Additionally, a participant shall be 100% vested if he is terminated as a result of the closing of the Company’s business operations in a geographic area and is not immediately reemployed by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Notes Receivable from Participants and Hardship Withdrawals to Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) 50% of the sum of the participant's vested account balance or (b) \$50,000 minus the participant's highest outstanding loan balance in the preceding 12 months. The loans are collateralized by the balance of the participant's vested account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Participants may request a hardship withdrawal up to the lesser of (a) the amount needed to meet the immediate financial hardship or (b) the portion of their account balance which was contributed by the employee, not including earnings thereon. Six months must lapse after a hardship withdrawal before a participant can resume salary reduction contributions.

Payment of Benefits

Upon termination of service or due to death, disability and retirement, if vested benefits are \$1,000 or less, the participant will receive a lump-sum distribution. If vested benefits exceed \$1,000, the participant may choose to leave the benefits in the Plan or have the benefits dispersed through a lump-sum distribution.

Forfeited Accounts

At December 31, 2011 and 2010, forfeited non-vested accounts totaled approximately \$2,985,000 and \$923,000, respectively. These accounts have been used to reduce employer contributions.

Administrative Expenses

While some administrative expenses are paid by the Company, at its discretion, most administrative expenses are paid by the Plan. The expenses paid by the Plan include trustee fees and commissions. Certain accounting and administrative functions of the Plan are performed by employees of the Company at no cost to the Plan. The administrative expenses paid by the Company during 2011 were immaterial to the Financial Statements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting:

The financial statements are presented on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under terms of the plan. The Statements of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

Concentration of Credit Risk

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's concentration of credit risk and market risk are dictated by the Plan's provisions as well as those of ERISA and the participants' investment preference. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the financial statements.

Recently Issued Accounting Pronouncements:

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs*, (ASU 2011-04). ASU 2011-04 amended ASC 820, *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (IFRSs). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

NOTE 3 – INFORMATION CERTIFIED AND PROVIDED BY FIDELITY MANAGEMENT TRUST COMPANY AND BANK OF NEW YORK MELLON

The assets of the Plan were held in a trust fund administered by Bank of New York Mellon (the “Trustee” or “Bank of New York Mellon”) at December 31, 2011. The assets of the Plan were transferred from Fidelity Trust Company, (the “Former Trustee”, or “Fidelity”) to Bank of New York Mellon during 2011. Prior to the transfer in 2011, the assets of the Plan were held in a trust fund administered by Fidelity. The following is a summary of the Plans’ asset information as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included throughout the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information provided by Bank of New York Mellon, and Fidelity, for the applicable periods, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee and Former Trustee that information provided to the Plan Administrator by the Trustee and Former Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL’s Rules for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan’s independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

Bank of New York Mellon certified the completeness and accuracy of \$40,100,909 of net depreciation in fair value of the aforementioned investment in common/collective trusts for the year ended December 31, 2011. Fidelity certified the completeness and accuracy of \$33,469,211 of net appreciation in fair value of the aforementioned investment in mutual funds for the year ended December 31, 2011.

Fidelity certified the completeness and accuracy of \$4,898,696 of dividend and interest income on investments and \$139,669 of interest on notes receivable from participants for the year ended December 31, 2011. BNY Mellon certified the completeness and accuracy of \$3,598,437 of dividend and interest income on investments and \$113,514 of interest on notes receivable from participants for the year ended December 31, 2011.

In addition, the Plan maintains a stable value fund which earns interest and dividends that are distributed to the Plan. The following reconciles the fair value to the contract value for the stable value fund at December 31. The fair value to contract value adjustment for the stable value fund is calculated by management and is not certified by Fidelity Management Trust Company or Bank of New York Mellon.

NOTE 4 – FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification, or ASC, Topic 820, *Fair Value Measurements and Disclosures* defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. This topic also emphasizes that fair value is a market-based measurement under three categories which are as follows:

- Level 1** Quoted prices in active markets for identical assets or liabilities;
- Level 2** Quoted prices for similar assets and liabilities in active markets, quoted prices in markets that are not active, or inputs which are observable, either directly or indirectly, for substantially the full term of the asset or liability;
- Level 3** Prices or valuation techniques that require inputs that are both significant to the fair value measurement and unobservable (i.e., supported by little or no market activity).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual funds: Valued at net asset value ("NAV") of shares held by the plan at year-end.

Guaranteed investment contract in collective trust: Valued at fair value by discounting the related cash flows on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

Life Insurance policies: The cash surrender value of the life insurance policies are determined and reported by the insurance company as of the anniversary date of the policies.

Common collective trusts: The investments are public investment vehicles using the NAV provided by the fund administrator. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Pooled separate accounts: The investments are public investment vehicles using the NAV provided by the fund administrator. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

(a) The Fidelity Managed Income Portfolio, and Vanguard Retirement Savings Trust II are commingled pools, not mutual funds, with the objective of preserving principal while earning interest income. Portfolio investments are comprised of short-term bonds and other fixed income securities, including U.S. Treasury bonds, government agency securities, corporate bonds, mortgage-backed securities, commercial mortgage-backed securities, asset-backed securities and derivative instruments such as futures, swaps and options. Third party wrap contracts are purchased to permit the use of book value accounting to maintain a constant net asset value (NAV) and to provide for the payment of participant-directed withdrawals and exchanges at book value under most circumstances. Interest is credited under wrap contracts. Instead of immediately recognizing gains and losses, recognition occurs over time by adjusting the interest rate credited to the Portfolio. Investments may also include contracts offered by insurance companies and other approved financial institutions that provide for the payment of a specified rate of interest to the Portfolio and the repayment of principal at maturity. All investment contracts and fixed income securities

purchased for the Portfolio must satisfy the credit quality standards of Fidelity Management Trust Company and Vanguard Fiduciary Trust Company.

(b) The Fund strives to achieve the same return as a particular market index, such as the S&P 500 Index, the MSCI EAFE Index, or the Dow Jones US Total Stock Market Index, regardless of market conditions.

(c) The Funds are part of the US Equity Growth Pool, which provides investors with exposure to the stock of companies of all sizes utilizing various managers who employ a growth investment philosophy. Typically the pool will consist of large, mid and small cap managers, including both active and passive index strategies. The allocation of the pool will attempt to provide each investor with equal exposure to all three market cap segments. Growth investing is characterized by investing in stocks that managers believe have the potential to grow earnings at an above average rate compared to the industry or the overall market.

(d) The Fund is part of the US Equity Value Pool, which provides investors with exposure to the stock of companies of all sizes utilizing various managers who employ a value investment philosophy. Typically the pool will consist of large, mid and small cap managers, including both active and passive index strategies. The allocation of the pool will attempt to provide each investor with equal exposure to all three size segments. Value investing is characterized by investing in stocks that managers believe the market has undervalued relative to that stocks' intrinsic value.

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2011, there were no significant transfers in or out of Levels 1, 2, or 3.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the trustee, and therefore, these transactions qualify as party-in-interest transactions as defined by ERISA.

NOTE 6 – TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated May 14, 2009, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator has indicated that it will take the necessary steps, if any, to maintain the qualified status of the Plan, and the related trust.

NOTE 7 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2011, participant contributions totaling \$2,190 were deposited with the Trustee later than the required timeframe as stated by the United States Department of Labor (DOL). DOL regulations require that employee contributions be transferred to the Trustee as of the earliest date on which such contributions can be reasonably segregated from the employer's general assets. The Sponsor has taken corrective action to timely transmit participant contributions to the trustee, and will make a contribution to the Plan in the amount of the lost earnings on the late deposits. The lost earnings have an immaterial effect on the financial statements. The Sponsor has filed Form 5330 and paid the IRS prohibited transaction excise tax.
