NOTE 1. PLAN DESCRIPTION

The following description of the Contractors Wardrobe 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Contractors Wardrobe and its affiliates (the "Company" and the "Plan Sponsor") established the Plan to provide deferred compensation benefits for its eligible employees. All Company employees are eligible to participate in the Plan when they have completed one year of service. In addition, employees must be employed on the last day of the Plan year in order to be eligible for Company profit sharing contributions. The Company is responsible for administering the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Contributions

Participants may contribute, subject to certain limitations under the Internal Revenue Code ("IRC"), up to 90 percent of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan.

Company Contributions

The Company may make a Company profit sharing contribution at the option of the Board of Directors. For the year ended December 31, 2011, the Company did not make a profit sharing contribution.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 10 percent vested after completing one year of service, 20 percent after two years of service and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Forfeitures

Forfeitures may be used to first to pay Plan administrative expenses and then reduce future Company contributions. For the year ended December 31, 2011, no forfeitures were utilized and there are none available for future use as of December 31, 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the Company's contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. PLAN DESCRIPTION (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount or installment payments, as permitted under the Plan if the account balance exceeds $5,000. For balances less than $5,000, a lump sum distribution will be made. For termination of service for any other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Reliance Trust Company (the "Trustee").

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. The investments and changes therein of the funds have been reported to the Plan by the Trustee using fair value.

Investments are valued daily. Interest income is recorded on an accrual basis. Dividend income is included in net depreciation of investments.

Administrative Expenses

Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

Concentration of Risk

The Plan's investments have exposure to risk to the extent that the investments are subject to market and interest rate fluctuations that may materially affect the value of the investment balances.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Benefits Payable to Participants

Benefits are recorded when paid.

Fair Value

The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is traded and therefore classified as Level 1 within the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

NOTE 5. TAX STATUS

The Company adopted a prototype plan which is the subject of a favorable tax opinion letter dated March 31, 2008. The Plan has been subsequently amended and the Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2008.

NOTE 6. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Participant-directed investments and participant loans as shown in the accompanying Statements of Net Assets Available for Plan Benefits of $1,356,248 and $44,188, respectively, as of December 31, 2011 and $1,314,626 and $29,716, respectively, as of December 31, 2010.

c. Total assets as of December 31, 2011 as shown in the accompanying Schedule of Assets (Held at End of Year).

NOTE 7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments in registered investment companies are managed by the Trustee of the Plan. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Plan's recordkeeper, ADP, received $12,365 for loan administration and transaction fees which were paid by the affected participants in the Plan. In addition, the Company utilizes a broker that received indirect fees of $11,399.

NOTE 8. PARTICIPANT LOANS

Participants in the Plan may borrow against their vested account balance within specified guidelines, as defined in the Plan. The loans are stated at the unpaid principal amount, secured by the balance in the participant's account and bear interest at rates ranging from 5.25 percent to 8.00 percent. Principal and interest is paid ratably through payroll deductions.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
