(1) DESCRIPTION OF PLAN

The following description of Greencore USA, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. **General** - The Plan is a defined contribution 401(k) plan covering substantially all employees of Greencore USA, Inc. (the Plan Sponsor) (the Company) who are 21 years of age and have been employed for six months. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. **Contributions** - Each year, participants can contribute up to 100% of pre-tax annual compensation, subject to annual limitations, and become eligible for Company matching contributions after one year of employment. The Plan allows for catch up contributions for those participants age 50 years or older and for participants to rollover distributions from other qualifying plans. During 2011, the Company matched 50% of participants' deferrals up to a maximum of 3% of compensation. The Plan has a discretionary profit sharing component for those employees who have worked more than one year of service (1,000 hours) and are employed at the end of the Plan year. There was no profit sharing contribution made by the Company for the year ended December 31, 2011.

c. **Participant Accounts** - Each participant's account is credited with the participant's contributions, the Company's contributions, and an allocation of plan earnings and appreciation (depreciation) in fair value of investments and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The accounts are participant directed.

d. **Vesting** - Participants are immediately vested in their voluntary contributions and actual earnings thereon. Upon death, disability, or retirement, a participant becomes 100% vested in Company contributions. Otherwise, vesting in Company contributions and earnings thereon, occurs according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

e. **Payment of Benefits** - The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65. Upon termination of service due to death, disability or retirement, a participant may receive a lump-sum amount in cash equal to the value of his or her account. Participants with balances below $1,000 at separation of service receive distributions in a lump-sum as soon as practicable.

(1) **DESCRIPTION OF PLAN** (Continued)

e. **Payment of Benefits** (Continued)

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the Internal Revenue Code or standards established by the Secretary of the Treasury or his delegate.

f. **Notes Receivable from Participants** - Participants may borrow, from their fund accounts, an aggregate amount up to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan allowed is $1,000 and participants are allowed two outstanding loans at any one time. Loans bear interest at rates determined by the plan administrator, and is ordinarily the prevailing prime rate at the time of the loan (at December 31, 2011 and 2010, the interest rates ranged from 3.25% to 6.25%). There was $52,238 and $76,488 of notes receivable from participants as of December 31, 2011 and 2010, respectively. Principle and interest is paid ratably through payroll deductions.

Loans must be repaid over a period not to exceed five years unless the loan proceeds are used for the purchase of a primary residence, in which case a ten year repayment period is allowed. As of December 31, 2011, loans mature through June 2016.

g. **Forfeitures** - Forfeited balances are available to first pay for Plan expenses and then reduce future Company contributions. As of December 31, 2011 and 2010, the Plan has $29,343 and $27,679 of unallocated forfeitures, respectively. During 2011, there was $3,135 of new forfeitures $167 was applied to pay for investment advisory and management fees and $1,304 was applied to reduce Company contributions.

(2) **SIGNIFICANT ACCOUNTING POLICIES**

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these footnotes are to the FASB Accounting Standards Codification. The financial statements of the Plan have been presented on the accrual basis of accounting in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion on fair value measurements.

(2) **SIGNIFICANT ACCOUNTING POLICIES** (Continued)

Investment Valuation and Income Recognition (Continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Gains and losses are recognized as incurred upon sale or maturity of investments or based on market value changes during the period. Net depreciation in fair value of investments includes realized and unrealized gains and losses.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's investment advisory and administrative fees are allocated to the individual participant accounts in accordance with the Plan document. Certain expenses of maintaining the Plan are paid by the Company and, therefore, are not included in the accompanying financial statements.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Subsequent Events

Subsequent events have been evaluated through October 10, 2012, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition for disclosure in the financial statements.

(3) FAIR VALUE MEASUREMENT

Management follows the criteria of the *Fair Value Measurements* standard. This standard defines fair value, establishes a framework for measuring fair value under U.S. GAAP, and expands disclosures about fair value measurements. The criterion establishes a fair value framework that prioritizes the inputs and assumptions used to measure fair value. The three levels of the fair value framework are as follows:

- Level 1 – Valuations based on quoted prices available in active markets for identical assets and liabilities.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable either directly or indirectly for the asset or liability.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement for the assets or liabilities.

A qualifying asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement. The methods used for valuing the qualifying assets and liabilities are not necessarily an indication of the risks associated with those assets.

There have been no changes in the methodologies used at December 31, 2011 and 2010.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and money market funds: Valued at the quoted net asset value of shares held by the Plan at year-end. Mutual funds and money market funds are measured using Level 1 inputs.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) **FAIR VALUE MEASUREMENT** (Continued)

The following table presents by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011:

(4) INVESTMENTS

Investments that represent more than 5% of the Plan's net assets available for benefits at December 31, 2011 and 2010, are as follows:

	2011	2010
Oakmark Equity & Income Fund	$428,123	$450,830
Premier Money Market Fund (Babson)	$313,376	$284,382

AmerFunds EuroPacific Growth Fund	$110,629	$115,125
Nuveen Tradewinds Value Opp Fund	$ -	$101,301

During 2011, the Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $105,001.

(5) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

(6) PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and transactions with investment funds managed and held by the asset custodian are considered party-in-interest transactions. During 2011, the Plan paid the asset custodian investment management and advisory fees of $14,158.

(7) TAX STATUS

The Internal Revenue Service has determined in its opinion letter dated March 31, 2008, that the ADP prototype non-standardized plan document adopted by the Plan constitutes a qualified trust under Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since receiving this letter. The plan administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Information returns filed for the prior three years, remain subject to examination by the IRS. The plan administrator does not expect that the amounts of unrecognized tax benefits will change significantly within the next twelve months.

(8) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

(9) INFORMATION PREPARED AND CERTIFIED BY ASSET CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified that the investment market values and composition as of December 31, 2011 and 2010, and investment income (excluding interest income - notes receivable from participants) for the year ended December 31, 2011 in the accompanying financial statements and supplemental schedule is complete and accurate.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

(10) RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the IRS Form 5500 as of December 31, 2010:

Net assets available for benefits per the financial statements	$1,983,292
Less – Participant contributions receivable	(3,388)
Less – Employer contributions receivable	(3,601)
Net assets available for benefits per the Form 5500	$1,976,303

The IRS Form 5500 net assets available for benefits agrees with the financial statements net assets available for benefits as of December 31, 2011.
