As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C which was certified by John Hancock Life Insurance Company ("John Hancock"), the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian, as of December 31, 2011 and 2010 and for the year ended December 31, 2011, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us and in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF PLAN

The following description of DataDirect Networks, Inc. (the "Employer") Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Eligibility

An employee is eligible for salary deferral contributions to the Plan upon the attainment of age twenty and one-half or older. Employees covered under a collective bargaining agreement are not eligible to participate in the Plan. Employees who met the eligibility requirements as of the effective date of the Plan were eligible to participate without regard to the next entry date.

3. Contributions

Participants may elect to contribute, on a tax-deferred basis, from 1% to 100% of their compensation up to the maximum deferral limit per Section 402(g)(1) of the Internal Revenue Code of $16,500 for the year ended December 31, 2011. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows for employer discretionary matching contributions which are determined by the Employer on an annual basis. The Employer elected not to make these contributions for the years ended December 31, 2011 and 2010.

4. Participant Accounts

Each participant's account is credited with the participant's contribution and allocation of the Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (Continued)

5. Investment Options

Participants may direct their contributions, as desired, in any of a variety of investment options held by John Hancock. Participants may change their investment options daily.

6. Benefit Payments

Upon termination of service participants are entitled to receive a lump-sum amount equal to the value of his or her vested account balances. In the event of death, retirement or disability, a participant's beneficiary or the participant is entitled to the total value of the participant's account.

7. Notes Receivable from Participants

Subject to approval by the Employer, participants may borrow up to 50% of their vested balance, not to exceed $50,000 and not less than $1,000. Only one outstanding loan per participant is permitted. The loan shall bear interest at a reasonable rate of interest. Loans must be paid back within five years of the date of issuance, in accordance with terms established by the Employer. Loans for the purchase of a primary residence may be paid back over 30 years.

8. Vesting

Participant contributions, rollovers, Employer qualified matching, Employer qualified nonelective contributions, and actual earnings on all such contributions are fully vested at all times. However, vesting of the Employer matching contribution of portions of participant accounts, plus actual earnings thereon, is based upon the participant's years of service with the Employer as follow:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

9. Forfeitures

Forfeitures of terminated participants' nonvested accounts are used to pay administrative expenses of the Plan. As of December 31, 2011 there were no outstanding forfeitures available.

NOTE A - DESCRIPTION OF PLAN (Continued)

10. Plan Termination

Although it has not expressed such intent, the Employer, by action of its Board of Directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease and all participants who are affected by such termination shall become 100% vested and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the Plan sponsor and the Plan administrator. The Employer is responsible for carrying out the duties imposed under ERISA.

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan maintains its investments in an unallocated group annuity contract with John Hancock. The contract maintains the contributions in pooled separate accounts. The accounts are credited with actual earnings on the underlying investments (pooled separate accounts) and charged for Plan withdrawals and administrative expenses. The contract is included in the financial statements at contract value, which approximates fair value.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition (Continued)

Contributions under the group annuity contract with the custodian can be allocated to guaranteed interest accounts, which are not by definition an investment contract but rather are an investment option offered under the contract. The custodian maintains the contributions in a general account.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Substantially all out-of-pocket administrative expenses of the Plan are paid by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

8. Subsequent Events

Plan management has evaluated subsequent events through October 12, 2012, the date the financial statements were available to be issued.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN

The custodian, John Hancock USA, has been granted discretionary authority to invest and reinvest the assets of the trust, subject to the investment discretion of the individual participants over the employer contributions and participant contributions.

The Employer has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Employer instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by John Hancock Life Insurance Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule. Total investments and notes receivable from participants held and certified by John Hancock in the accompanying statements of net assets available for plan benefits were $8,472,036 and $7,394,868, as of December 31, 2011 and 2010, respectively.

NOTE C - INVESTMENTS AND CERTIFICATION BY CUSTODIAN (Continued)

Net investment loss certified by John Hancock in the accompanying statement of changes in net assets available for plan benefits was $297,120 for the year ended December 31, 2011. Interest income on notes receivable from participants certified by John Hancock in the accompanying statement of changes in net assets available for plan benefits was $2,550 for the year ended December 31, 2011.

During the year ended December 31, 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $299,314 and related entirely to pooled separate accounts.

Investments that represent 5% or more of total net assets available for benefits as of December 31, 2011 and 2010 were as follows:

Investments at fair value:	2011	2010
John Hancock Lifestyle Fund – Conservative	$ 597,837	$ 420,657
John Hancock Lifestyle Fund – Balanced	928,347	694,152
John Hancock Lifestyle Fund – Growth	994,954	841,386
John Hancock Money Market Fund	598,323	453,535
John Hancock Fidelity Contra Fund	**	377,940
John Hancock T. Rowe Price Sci & Tech Fund	637,309	633,444
Oppenheimer Developing Market Fund	**	389,730

** Indicates balance is less than 5% of total net assets.

NOTE D – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements & Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

Level 3 Unobservable inputs which are supported by little or no market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Pooled separate accounts: Valued on an accumulation unit basis as determined by the custodian. The accumulation unit value is based on the quoted market price of the underlying investment held in the account, adjusted for any dividends or distributions received by the custodian and any fees charged pursuant to the contract. The accumulation unit value is not a publically quoted price in an active market. The pooled separate accounts do not have unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant redemptions can be made on any business day and do not have a redemption notice period.

Guaranteed interest account: Valued at contract value, which approximates fair value. Contract value represents contributions made under the contract plus compound interest earned less participant withdrawals and administrative expenses. Interest is earned over a defined term of 3, 5, or 10 years, provided all contributions remain in the account until maturity. Interest rates are established on the first day of the month and apply to all contributions made in the account during the period. Withdrawals taken prior to the end of the guarantee period may be subject to a market value adjustment. The average crediting rate to participants was 2.11% and the yield ranged from .20% to 1.30% during the year ended December 31, 2011.

The primary investment objective of the guaranteed interest accounts is to seek to achieve investment income consistent with the preservation of principal, primarily through investments in federal and other government bonds, corporate bonds and commercial mortgages. Transfers between guaranteed interest accounts are not permitted. The guaranteed interest accounts do not have unfunded commitments relating to its investments, or any significant restrictions on participant-directed withdrawals. Participant-directed transfers between a guaranteed interest account and other investment options may be subject to a market value adjustment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

NOTE E - PARTY-IN-INTEREST TRANSACTIONS

John Hancock is the Plan's custodian and all investments are held with the custodian. R-tech Consultants provides record-keeping services for the Plan. These transactions qualify as party-in-interest transactions. Notes receivable from participants and the related interest income are also considered party-in-interest transactions.

NOTE F – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests in mutual funds, through pooled separate accounts, in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE G - INCOME TAX STATUS

The Employer adopted the nonstandardized prototype cash or deferred profit-sharing plan sponsored by Sungard Corbel LLC, which received a favorable opinion letter from the Internal Revenue Service ("IRS") on August 17, 2010, which stated that the Plan is designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Employer and the Plan's advisors believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Administration errors, if any, which are insignificant or operational in nature, are handled by the administrator in accordance with applicable IRS correction policies. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G - INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Employer has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Employer believes it is no longer subject to income tax examinations for years prior to December 31, 2008

NOTE H - SUBSEQUENT EVENTS
