A.C.S. & SONS INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan:

The following description of the A.C.S. & Sons Inc. Profit Sharing 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all full-time employees of A.C.S. & Sons, Inc. (the "Company") who have completed one year of service and age eighteen years old or older, as defined. The Plan also immediately covers all employees whose compensation is determined by the Davis-Bacon Act, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA").

Contributions:

Employee:

Participants may elect to defer a portion of earned compensation, as defined by the Plan. Effective July 2011, participants covered by the Davis-Bacon Act have a portion of their benefits allocated directly to the Plan based on a prevailing wage contract to help satisfy the fringe benefit requirements of the law. This contribution is based on the amount of hours the participant worked during the Plan year. Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and money market funds as investment options for participants. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions.

In addition, each participant may elect to defer up to 100% of any cash bonus paid by the employer during the Plan year.

A participant may, with the consent of the Plan, make a rollover contribution to the Plan at any time. Rollover contributions are assets transferred to the Plan from other qualified plans in which employees participated prior to their employment with the Company.

Employer:

Each year, the Company may make discretionary contributions to participant plan accounts. The Company made no such contributions in 2011.

Qualified non-elective:

The Company was required to make a qualified non-elective contribution in the amount of \$37,826 as of December 31, 2011. This contribution was a result of refunds due to highly compensated employees (for failure to satisfy the ADP testing requirements) not being made in a timely manner.

A.C.S. & SONS INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan (concluded):

Contributions (concluded):

Qualified non-elective (concluded):

In accordance with the Internal Revenue Service ("IRS") guidelines, the Company followed the one-to-one correction method whereas the Company contributes a dollar for dollar match of the excess contribution amount which is then allocated to nonhighly compensated employees. This amount will be paid to the Plan in 2012.

Participant accounts:

Each participant's account is credited with (a) the participant's contributions, (b) the Company's discretionary contributions and (c) allocations of the Plan earnings, losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting:

Each participant's elective deferrals, including the Davis-Bacon Act contributions, are fully vested at all times. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service at 20% per year starting in year two.

Payment of benefits:

Upon termination of service due to death, disability, retirement or upon attainment of age 59-1/2, participants may elect to receive their account balance in either a lump-sum cash amount or monthly, quarterly, semiannual, or annual cash installments. Participants may not receive distributions prior to termination of service due to death, disability, retirement or reaching age 59-1/2, unless the distribution is for a proven financial hardship.

Forfeitures:

At both December 31, 2011 and 2010, forfeited nonvested accounts totaled \$0. Forfeitures during the year ended December 31, 2011 totaled \$5,042 which were used to offset administrative expenses.

Note 2 - Summary of accounting policies:

Basis of presentation:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

A.C.S. & SONS INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of accounting policies (concluded):

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on mutual funds bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded upon payment to participants.

Subsequent events:

The Plan has evaluated subsequent events through October 11, 2012, which is the date the financial statements were available to be issued.

Note 3 - Fair value measurements:

The Plan values its financial assets and liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data.

Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

A.C.S. & SONS INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 3 - Fair value measurements (continued):

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

In determining fair value, the Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Financial assets carried at fair value at December 31, 2011 and 2010 are classified in the tables below in one of the three categories described above:

Total assets at fair value	<u>\$4,325,280</u>	<u>\$231,333</u>	<u>\$ -</u>	<u>\$4,556,613</u>

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 or 2010.

Investments in mutual funds are valued at the net asset value of shares held by the Plan at year-end. Level 1 instrument valuations are obtained from real time quotes for transactions in active exchange markets involving identical assets. The investment in the money market funds is valued at the net asset value of shares held by the Plan at year end (Level 2).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Party-in-interest transactions:

Certain Plan investments are shares of mutual funds managed by Fulton Bank, N.A. (the "trustee"). Therefore, these transactions qualify as party-in-interest transactions.

A.C.S. & SONS INC. PROFIT SHARING 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 - Plan termination:

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA, and to amend or modify the Plan at any time.

Note 6 - Tax status:

The Plan obtained its latest determination letter dated March 31, 2008 in which the IRS stated that the form of the Plan, as then designed, was in compliance with Sections 401(a) and 501(a) of the Internal Revenue Code ("Code"). The Plan has been amended since it received the determination. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of December 31, 2011.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

Note 7 - Investments:

The following presents investments that represent 5% or more of the Plan's net assets as of December 31, 2011 and 2010:

Note 8 - Certification by the trustee:

The following account balances and transactions were obtained from statements certified by the trustee:

Statement of net assets available for benefits:
Investments

Statement of changes in net assets available for benefits:
Investment income (loss)

Schedule of assets (held at end of year)

Note 9 - Administrative expenses:

Expenses incurred in connection with the administration of the Plan are paid by the assets of the Plan to the extent not offset by forfeitures or paid by the Company. Fees paid by the Plan amounted to \$18,564 for the year ended December 31, 2011.

Note 10- Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
