1. DESCRIPTION OF THE PLAN

The Creative Food Ingredients, Inc. Profit Sharing/401(k) Retirement Plan (the "Plan"), established February 27, 1964, and as amended, is a defined contribution profit sharing and 401(k) Plan established for the employees of Creative Food Ingredients, Inc. (the "Company").

General – An employee who is not a member of a collective bargaining unit covered by a collective bargaining agreement may become a participant in the Plan after such employee has completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian of the Plan's assets is TD AMERITRADE Trust Company. The Plan provides for one trustee who is appointed by the Board of Directors of the Company. At December 31, 2011, the trustee was Jeffrey Arcand.

Contributions – Employer contributions to the Plan are determined at the discretion of the Board of Directors of the Company and can be allocated to participants in the form of a matching contribution based upon the deferred contribution, on a per capita basis based upon the number of qualifying participants or discretionary contributions based upon covered compensation as defined in the Plan. For the plan years ended December 31, 2011 and 2010, the Board elected to not make an employer contribution.

In addition, employees who are eligible to participate may elect to contribute at least 1% but not more than 18% of their covered compensation to the Plan up to the Internal Revenue Service dollar limitations.

Contributions received from participants for 2011 are net of payments of $3,566 made in March 2012 to certain active participants to return to them excess deferred contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount is also included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2011.

Payment of Benefits – Benefits paid directly to participants upon retirement or withdrawal from the Plan can be made in the form of cash or investments, at market value, at the time of distribution.

Benefits Payable – Net assets available for benefits included benefits of $125,836 and $301,710 due to participants who have withdrawn from participation in the Plan as of December 31, 2011 and 2010, respectively.

Forfeited Accounts – Forfeitures arising from terminations are used first to offset administrative expenses, employer matching contributions, then employer discretionary contributions. Forfeitures available to offset future employer matching contributions amounted to approximately $11 at December 31, 2011. There were no forfeitures available to offset future employer matching contributions at December 31, 2010. No forfeitures were used to offset administrative expenses or employer contributions during the years ended December 31, 2011 or 2010.

Plan Termination – Although the Company intends to continue the Plan indefinitely, it nevertheless assumes no contractual obligation to do so and reserves the right to terminate the Plan with respect to its employees at any time by action of its Board of Directors.

1. DESCRIPTION OF THE PLAN (continued)

In the event of termination of the Plan, its assets are to be allocated to Plan participants and beneficiaries along the following priorities:

1. Contributions made by employees, if any;
2. Contributions made by employer which are vested;
3. All other benefits under the Plan.

Vesting – Participants are immediately 100% vested for the amount in their 401(k) account which represents amounts attributable to their deferral contributions. Vesting of employer contributions are calculated based on an employee's length of service, as follows:

Years of Service	Nonforfeitable Percentage
Less than 1	0%
1 less than 2	10%
2 less than 3	20%
3 less than 4	30%
4 less than 5	40%
5 or more	100%

Administrative Expenses – Administrative expenses are provided for at the expense of the Plan.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition – The Plan determines the fair value of assets and liabilities which are subject to reporting at fair value based on standards established within generally accepted accounting procedures. The standards establishes a hierarchy for the determination of fair value, as well as disclosure requirements relative to those assets and liabilities. The hierarchy identifies three levels of input. Level 1 inputs are generally quoted market prices for identical assets or liabilities, which are actively traded on an exchange. Level 2 inputs generally consist of market prices for identical assets which are not actively traded or market prices of similar assets or liabilities which are actively traded on an exchange. Level 3 inputs are referred to as unobservable inputs and consist primarily of information derived by management where Level 1 and Level 2 inputs are not available. These may include such things as present value of expected future cash flows or other valuation methodologies. Under the hierarchy, Level 1 inputs are the most preferred followed by Level 2 and Level 3. Level 3 inputs are to be used when neither Level 1 nor Level 2 inputs are available.

An investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for investments measured at fair value as of December 31, 2011 and 2010:

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Mutual funds: Valued based on the quoted market price available on an active market, which represents net asset values of the shares held by the Plan at year end.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The Plan presents in the statements of changes in net assets available for benefits, the net appreciation (depreciation) of investments, which includes unrealized and realized gains and losses on investments that were held or sold during the year and the change in contract value of fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividend income is recognized on the ex-dividend date.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Subsequent Events – Management of the Plan has evaluated the effects of all subsequent events through October 8, 2012, the date the financial statements were available to be issued, to determine if events or transactions occurring through that date require potential adjustment or disclosure in the financial statements.

3. INVESTMENTS

All of the Plan's assets are held by TD AMERITRADE Trust Company. Participants may allocate their account balances among one or more mutual fund accounts. The following table presents the fair value of the Plan investments. An investment that represents 5% or more of the Plan's net assets at December 31, 2011 and 2010 is separately identified.

	2011	2010
Manning & Napier Pro-Blend Extended Term Class S	$ 1,073,981	$ 1,109,535
Manning & Napier Pro-Blend Moderate Term Class S	777,467	800,752
American Funds Growth Fund of America R5	239,223	163,212
Manning & Napier Pro-Blend Maximum Term Class S	188,696	328,393
Wells Fargo Stable Return Fund	89,403*	188,758

* Indicates investment that did not meet 5% threshold for the year, but is shown for comparative purposes.

For the years ended December 31, 2011 and 2010 the Plan's investments (including gains and losses on investments bought and sold, as well as held during the period) appreciated (depreciated) in value by $(74,006) and $244,606, respectively.

4. FAIR VALUE MEASUREMENTS

The Plan uses fair value measurements to record fair value adjustments to certain assets and to determine fair value disclosures (as discussed in Note 2). The following table presents the balances of the assets of the Plan measured at fair value on a recurring basis at December 31, 2011:

	Level 1	Level 2	Total
Mutual funds, at fair value	$ 2,344,507	$ 89,403	$ 2,433,910

The following table presents the balances of the assets of the Plan measured at fair value on a recurring basis at December 31, 2010:

	Level 1	Level 2	Total
Mutual funds, at fair value	$ 2,454,663	$ 188,758	$ 2,643,421

5. CUSTODIAN CERTIFICATION

The following is a summary of the unaudited information regarding the Plan as of December 31, 2011 and 2010, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the TD AMERITRADE Trust Company, the Plan's custodian, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate:

a. Statements of net assets available for benefits, as of December 31:

	2011	2010
Investments, at fair value	$ 2,433,910	$ 2,643,421

b. Additions to net assets for the years ended December 31:

	2011	2010
Net appreciation (depreciation) in fair value of investments	$ (74,006)	$ 244,606
Interest and dividend income	30,572	28,171

c. Schedule of assets (held at end of year) See supplemental schedule on page 9.

6. INCOME TAX STATUS

The Plan obtained its latest determination letter on September 26, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of mutual funds managed by Manning & Napier Advisors, Inc. ("Manning"). As Manning is the Plan's investment advisor, these transactions qualify as party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
