Independent Auditor's Report

To the Plan Administrator
RPC, Inc. Retirement Savings Plan
St. Augustine, Florida

We were engaged to audit the accompanying statements of net assets available for benefits of the RPC, Inc. Retirement Savings Plan (the "Plan") as of December 31, 2011 and 2010, and the related statement of changes in net assets available for benefits for the year ended December 31, 2011, and the supplemental schedule of schedule H ,line 4i – schedule of assets (held at end of year) as of December 31, 2011. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Massachusetts Mutual Life Insurance Company, as custodian and State Street Bank and Trust Company, as trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian and trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained certifications from the custodian and trustee regarding the completeness and accuracy of the information summarized in Note 3 that was provided to the Plan Administrator by the custodian and trustee as of and for the year ended December 31, 2011, and as of December 31, 2010.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of Plan

The following description of the RPC, Inc. Retirement Savings Plan (the "Plan"), as amended and restated effective December 29, 2009, provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan, established in 1995, is a defined contribution Plan available to substantially all employees of RPC, Inc. (the "Company" or "Employer") with at least three months of service as of the next enrollment date (first day of each quarter). Collectively bargained employees and non- resident aliens are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On November 9, 2010, the Plan document was amended to comply with the recent changes made under the following legislations: Heroes Earnings Assistance and Relief Tax Act of 2008, Worker, Retiree and Employer Recovery Act of 2008 and Emergency Economic Stabilization Act of 2008

Contributions: Each year, participants may contribute up to 100% of their compensation to the Plan up to the Internal Revenue Code ("IRC") maximum limits. The maximum allowable pre-tax voluntary contribution, as determined by the Internal Revenue Service ("IRS"), was $16,500 for 2011. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $5,500. The Plan has a 5% automatic enrollment provision, increased by 1% annually on January 1 of each year with the first increase starting January 1, 2011, up to a maximum of 10% of compensation. If no investment selection is made by an automatically-enrolled employee, the appropriate age-based T. Rowe Price Retirement Series fund will be selected as the default investment option. Participants may change the deferral election to a different percentage or amount, including zero, at any time. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company provides for matching contributions of 25% of participant contributions up to 10% of compensation. Effective May 1, 2011, the Company's matching contributions (which were temporarily discontinued during 2009) were restored. The Company may also make discretionary employer contributions to employees who have at least one year of service with a minimum of 1,000 hours in a 12-month consecutive period. For the year ended December 31, 2011, the discretionary employer contributions amounted to $2,023,218. In addition, the Company may make special contributions which include the qualified non-elective contributions ("QNEC"). No QNEC was made during the year ended December 31, 2011.

Participant accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, their pro rate share of the Employer's matching contribution and discretionary contribution (if any), and an allocation of Plan earnings and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant compensation or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in their contributions and any QNEC plus or minus actual earnings and losses thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus or minus actual earnings and losses thereon is based on years of continuous service. The Plan provides for 20% vesting of a participant's account for each full year of credited service as defined in the Plan agreement. Participants are 100% vested after five years of credited service.

Regardless of years of service, participants become 100% vested in their accounts upon reaching normal retirement age, death, permanent disability, or upon termination of the Plan.

Note 1. Description of Plan (Continued)

Investment options: Upon enrollment in the Plan, participants may elect to invest both participant and Company contributions in various investment options as more fully described in the Plan's literature. The Plan currently offers a variety of pooled separate accounts and a guaranteed investment account as investment options for participants. Participants may change their investment options at any time.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000, up to the lesser of $50,000 or 50% of the participant's vested balance in the Plan. A participant may not have more than one note outstanding at any time. The notes, which are collateralized by the balance in the participant's account, bear interest at a fixed rate (prime plus 1%), which ranged from 4.25% to 10.00% as of December 31, 2011. Principal and interest are repaid ratably through payroll deductions. All notes are repaid within a period of five years, except notes for the participant's principal residence, which must be repaid in a reasonable period of time, not to exceed fifteen years.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or receive regular installments over a set number of years, if such vested interest is greater than $5,000, up to age 70 1/2. The normal retirement age, as defined by the Plan, is age 65. If a participant terminates before retirement and has a vested account balance in excess of $5,000, they may elect a lump sum payment or annual installments over a set number of years. Vested account balances less than $5,000, but greater than $1,000, absent direction from the participant, will be distributed into an individual retirement account for the participant. Vested account balances less than $1,000 will be distributed as a lump sum as soon as administratively practicable.

Participants may request hardship withdrawals of elective deferrals, rollover contributions, and vested employer contributions under certain circumstances as defined in the Plan document.

Forfeited accounts: Any non-vested account balance remaining after the distribution of a terminated participant's vested account balance is forfeited. Forfeitures of participants' non-vested account balances are to be used to reduce future Company contributions or pay Plan expenses. As of December 31, 2011 and 2010, there were forfeited non-vested accounts in the amount of $37,237 and $107,760, respectively. During the year ended December 31, 2011, $95,338 of forfeitures were used to reduce employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis with respect to fully benefit-responsive investment contracts.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest income is recorded on the accrual basis as earned. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. The Plan presents in the statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Contributions: Contributions from Plan participants and the matching contribution from the Employer are recorded in the year in which the participant contributions are withheld from amounts paid. Discretionary employer and QNEC contributions are recognized upon authorization as the underlying compensation is recognized. All participants and employer contributions are participant-directed.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Administrative expenses of the Plan are paid by the Plan or the Company, as provided in the Plan agreement.

Income taxes: GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by a tax authority. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2008.

Accounting pronouncements adopted: In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-06 *Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements*, which required new disclosures about transfers of financial assets and liabilities between Levels 1 and 2. ASU 2010-06 also clarified that fair value measurement disclosures are required for each class of financial assets and liabilities, and disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. These requirements were implemented in 2010. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes. The guidance related to Level 3 reconciliation measurements is effective for periods beginning on or after December 15, 2010, and has been adopted (see Note 4).

Note 2. Summary of Significant Accounting Policies (Continued)

Accounting pronouncements not yet effective: In May 2011, the FASB issued ASU 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS*. ASU 2011-04 amended Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, to converge the fair value measurement guidance in GAAP and International Financial Reporting Standards (IFRS). Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. Plan management is currently evaluating the effect that the provisions of ASU 2011-04 will have on the Plan's financial statements.

Subsequent events: Management has evaluated subsequent events (events occurring after December 31, 2011) through October 11, 2012, which is the date these financial statements were available to be issued.

Note 3. Investment Information Certified or Provided by Custodian and Trustee

The following is a summary of the Plan's asset information as of December 31, 2011 and 2010, and for the year ended December 31, 2011, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified or provided by Massachusetts Mutual Life Insurance ("MassMutual"), the custodian of the Guaranteed Investment Account and from State Street Bank and Trust Company, ("State Street"), the trustee under the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian and trustee that information provided to the Plan Administrator by the custodian and trustee related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to this information, except for comparing such certified information to information included in the Plan's financial statements and supplemental schedule.

The following table presents the assets held by the Plan as of December 31, 2011 and 2010, which were certified by the custodian and trustee. Single assets representing more than 5% of the Plan's net assets are separately identified.

Description	**2011**	2010
Investments, at fair value:		
MassMutual Guaranteed Investment Account * *	**$ 36,153,627**	$ 32,800,247
Pooled separate accounts:		
Oppenheimer Global Strategic Income Fund	**6,293,879**	7,212,528
T. Rowe Price Retirement 2030 Fund	**6,750,515**	6,532,050
Babson Premier Diversified Bond Fund	**6,091,174**	5,521,124
Other funds	**45,237,059**	46,560,629
	$ 100,526,254	$ 98,626,578
Notes receivable from participants*	**$ 3,413,563**	$ 3,551,329

*Amount represents less than 5% of Plan's net assets for the years presented.

**MassMutual also certified the contract value of this investment at $31,238,823 and $29,533,808 as of December 31, 2011 and 2010, respectively.

Note 3. Investment Information Certified or Provided by Custodian and Trustee (Continued)

MassMutual also certified to the completeness and accuracy of $992,004 of net depreciation in fair value of pooled separate accounts and $894,448 of interest related to the guaranteed investment account and $150,856 of interest related to notes receivable from participants for the year ended December 31, 2011.

Note 4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at fair value based on the observable net asset value ("NAV") of the underlying investments.

Guaranteed investment account: Valued at estimated liquidation value based on the Barclay's Capital U.S. Aggregate Index.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes it valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table sets forth by major type and level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2011 and 2010:

	December 31, 2011			
	Level 1	**Level 2**	**Level 3**	**Total**
Guaranteed investment account	**$ -**	**$ -**	**$ 36,153,627**	**$ 36,153,627**

Total	$ -	$ 65,826,331	$ 32,800,247	$ 98,626,578

Changes in fair value levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments form one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. We evaluated the significance of transfer between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2011 and 2010, there were no transfers in or out Levels 1, 2 and 3, except for transfers between Levels 2 and 3 as noted in the Level 3 reconciliation on the following page.

Note 4. Fair Value Measurements (Continued)

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investments for the year ended December 31, 2011:

	Level 3 Assets
	Guaranteed Investment Account
Balance, beginning of year	$ 32,800,247
Contributions	5,483,790
Interest	894,448
Loan interest and principal repayments	1,422,594
Unrealized gain relating to investments held at report date	1,648,365
Disbursements	(2,883,182)
Administration fee	(11,142)
Loan distributions	(276,121)
Transfers into/out of Level 3	(2,925,372)
Balance, end of year	$ 36,153,627

Change in unrealized appreciation on the guaranteed interest account represents differences between the fair value and the contract value of this account. Those changes in unrealized appreciation are not reflected in the statement of changes in net assets available for benefits. They are included in the adjustment from fair value to contract value for fully-benefit responsive investment contracts in the statement of net assets available for benefits.

The following table sets forth a summary of the Plan's Level 2 investments for which fair value is estimated using NAV per share as of December 31, 2011 and 2010:

Note 4. Fair Value Measurements (Continued)

(a) The investment objective of the funds in this category have portfolios that are fairly representative of the overall stock market in size, growth, rates, and price and tend to invest across the spectrum of U.S. industries. Selected funds within this category focus on companies in rapidly expanding industries and often feature investments in energy, financial, or manufacturing sectors.

(b) The investment objective of the funds in this category invest mainly in U.S. government bonds, foreign government bonds, and domestic corporate bonds that have average durations greater than 3.5 years and less than six years.

(c) The investment objective of the funds in this category invest in stocks of various sizes and mixed characteristics. Selected funds within this category invest in funds that are projected to grow faster than other mid-cap stocks such as those in the technology, healthcare, and services sectors.

(d) The investment objective of the funds in this category invest primarily in stocks outside of the United States and will typically have less than 20% of assets invested in U.S. stocks.

(e) The investment objective of the funds in this category primarily invest in companies at the smaller end of the market-capitalization range and tend to own an array of value and growth stocks. Selected funds within this category tend to favor companies in up-and-coming industries or young firms in their early growth stages and invest in funds in the technology, healthcare, and services sectors.

(f) This category includes investments in high-quality, short-term securities. Investments in this category can be redeemed immediately at the current net asset value per share.

Note 5. Guaranteed Investment Account

As of December 31, 2011 and 2010, the Plan has a guaranteed investment account with MassMutual Retirement Services (MMRS) which, as described in Note 2, has been determined to be fully benefit-responsive. The MMRS guaranteed investment account is provided through a group annuity contract. Under the terms of the group annuity contract, a crediting rate is established for amounts invested in the guaranteed investment account and participants may direct permitted withdrawal and/or transfer transactions of all or a portion of their account balance at contract value. Contract value represents contributions plus credited interest less participant withdrawals and fees. Because the trust fund is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits to the fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The principal is guaranteed as long as the contract is in force.

Certain events may limit the ability of the Plan to transact at contract value. Such events include but may not be limited to the following: (1) removal from the Plan of one or more groups or classifications of participants; (2) partial or complete Plan termination; or (3) Plan disqualification. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield earned for 2011 was 2.94%. The average yield credited to participants for 2011 was 2.94%. The crediting interest rate is based on a formula agreed upon with the issuer, and guaranteed not to be less than 3%. However, the average yield earned by the Plan and credited to participants may differ from the guaranteed rate due to interest being credited based on contract values, the timing of cash flows, the process by which rates may be reset during the plan year and simplified assumptions used in the calculation of the average yield credited to participants. Such interest rates are reviewed on a quarterly basis for resetting.

Note 6. Plan Termination and Amendment

Although it has not expressed any intent to do so, the Company has the right under the Plan agreement to amend any or all provisions of the Plan as well as discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Parties-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Accordingly, the contributions remitted by the Company are considered party-in-interest transactions. Certain Plan investments in pooled separate accounts and the guaranteed investment account were managed by MassMutual. MassMutual is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to MassMutual by the Plan for recordkeeping services amounted to $52,050 for the year ended December 31, 2011. Certain employees of the Company provide administrative services for the Plan and are not reimbursed for their services from the Plan.

Note 8. Income Tax Status

The Plan has adopted a non-standardized form of a prototype plan document sponsored by MassMutual. The prototype plan has received an opinion letter dated May 11, 2009, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. Once qualified, the Plan is required to operate in conformity with the Internal Revenue Code to maintain its qualification. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provision of the Internal Revenue Code.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of the investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 10. Reconciliation of the Financial Statements to the Form 5500

Fully benefit-responsive investment contracts are reported at fair value in the accompanying statements of net assets available for benefits as of December 31, 2011 and 2010, with a corresponding adjustment of net assets available for benefits from fair value to contract value for those investments. Fully benefit-responsive investment contracts are reported at contract value in the schedule of net assets in the Form 5500.

Note 10. Reconciliation of the Financial Statements to the Form 5500 (Continued)

Schedule C Soft Dollar Compensation
Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in the MassMutual Premier or Select Funds, MassMutual provided the required written disclosure regarding soft dollar compensation on the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information ("SAI").

For additional information on the soft dollar compensation, refer to the section of the mutual fund's SAI that discusses brokerage allocation and other practices.
