## NOTES TO FINANCIAL STATEMENTS

---

### **NOTE A - Description of the Plan**

The following description of the Campbell Hausfeld IAM Local No. 1391 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### General

The Plan is a defined contribution pension plan established January 1, 2000 to provide deferred compensation benefits to eligible employees as allowed under Section 401(k) of the Internal Revenue Code (IRC). An employee becomes eligible to enter the Plan on the first day of the first calendar quarter after attainment of age 18 and one year of continuous service, and must be employed by Campbell Hausfeld/Scott Fetzer Company (Company or Employer) and a member of the IAM Local No. 1391 Union. The Scott Fetzer Company Retirement Plan Committee and Plan administrator control and manage the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

#### Contributions

Once the employee has met eligibility and qualification requirements, the employee may become a participant in the Plan only if the employee elects to make salary deferral contributions to the Plan. The pre-tax employee salary deferral contributions cannot be less than 1% nor greater than 20% of the participant's compensation, as defined. All employee contributions are made through payroll deductions.

The Plan allows distribution rollovers from qualified retirement plans or conduit individual retirement accounts. The rollover participant must be at least 18 years of age and have completed one year of service.

#### Participant Accounts

Each participant's account increases or decreases accordingly with the participant's contributions and withdrawals and an allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Additionally, participants elect to maintain their accounts in a combination of investment funds. Separate accounting for each of the participants' funds is maintained pursuant to the participant's designated election.

#### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

#### Notes Receivable From Participants

There is no Plan provision for loans.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

### NOTE A - Description of the Plan (Continued)

#### Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan provides for automatic rollover provisions. If the vested balance is greater than \$1,000 and does not exceed \$5,000, and the participant does not make an election to either receive or to rollover the distribution, the distribution must be rolled over to an IRA. If the vested balance is \$1,000 or less, the form of distribution remains as a single lump-sum payment. Participants over the age of 70½, who are still employees of the Company, must receive the entire balance of their vested account.

### NOTE B - Summary of Significant Accounting Policies

#### Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

#### Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Wells Fargo Collective Stable Return Fund. The statements of net assets available for benefits present the fair value of the investment contracts, as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

## NOTES TO FINANCIAL STATEMENTS (CONTINUED)

---

### NOTE B - Summary of Significant Accounting Policies (Continued)

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### Distributions

Benefit payments to participants are recorded upon distribution.

#### Expenses

Trustee fees and other administrative expenses, such as recordkeeping, are paid by the Employer. In addition, certain employees of the Employer provide services to the Plan at no charge.

#### Subsequent Events

The Plan has evaluated subsequent events through October 11, 2012, the date on which the financial statements were available to be issued.

#### Reclassifications

Certain reclassifications have been made to the 2010 information to conform to the 2011 presentation.

### NOTE C - Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. Fair value is defined as the price that would be received to sell an asset or would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

*Registered investment companies:* Valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These are classified as Level 1.

*Common/collective trust:* Valued at the NAV of units held by the Plan at year end. This trust invests in a guaranteed investment contract (GIC), which is valued at fair value by discounting the related cash flows on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer. These are classified as Level 2.

### NOTE C - Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2010 to 2011. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2011 and 2010:

### NOTE D - Investment Contracts With Insurance Company

The Plan entered into an investment contract with Wells Fargo Bank, N.A. Through this contract, both traditional and synthetic GICs are held in the Plan's Collective Stable Return Fund as underlying investments. All contracts are fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate which is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The average yield of the Collective Stable Return Fund during 2011 and 2010 based on actual earnings was 1.56% and 2.38%, respectively. The average yield of the fund during 2011 and 2010 based on the interest rate credited to participants was 2.33% and 2.90%, respectively.

## **NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

---

### **NOTE D - Investment Contracts With Insurance Company (Continued)**

Withdrawals and transfers resulting from certain events, including Employer initiated events and changes in the qualification of the Plan, may limit the ability of the fund to transact at book or contract value. These events may cause liquidation of all or a portion of a contract at market value. The Plan administrator does not believe that the occurrence of any event which would limit the Plan's ability to transact at book or contract value is probable.

### **NOTE E - Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

### **NOTE F - Tax Status**

The prototype document on which this Plan is based has obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements. As of December 31, 2011, the Plan's tax years from 2008 and thereafter remain subject to examination by the Internal Revenue Service, as well as various other taxing authorities.

### **NOTE G - Trustee Certification (Unaudited Information)**

Wells Fargo Bank, N.A. is the Trustee of the Plan. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reflected on the statements of net assets available for benefits at December 31, 2011 and 2010, the schedule of assets (held at end of year) at December 31, 2011, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2011 and 2010, and the investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants. Investments individually in excess of 5% of the Plan's net assets are presented in the statements of net assets available for benefits.
