OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION

The following description of the Oregon Healthcare Resources Employee Savings Plan (the Plan), provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan which includes a salary deferral arrangement commonly referred to as a 401(k) plan. The Plan covers substantially all employees of OHR Physician Group, P.C. and Oregon Healthcare Resources, LLC (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). During the year approximately 60 employees of an entity acquired by the Company, Willamette Community Medical Group, LLC, transferred their balances to the Plan.

Eligibility - Eligible employees for elective deferrals are those who have completed 30 days of consecutive employment and are at least 18 years of age. Eligibility for employer safe harbor matching contributions, employer discretionary matching contributions and profit sharing contributions are those who have completed at least 1,000 hours of service in a consecutive 12-month period and are at least 18 years of age.

Employee voluntary contributions - Employee contributions consist of the amount of salary deferral elected by each participant and may not exceed applicable federal income tax limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions which exceed allowable limits are returned to the participants. Effective January 1, 2011, the Plan began allowing for Roth elective contributions.

Company contributions - Effective January 1, 2011, the Company must make safe harbor contributions for each active Plan participant in an amount equal to 1) 100% of the amount of the participant's elective contributions that do not exceed 3% of the participant's safe harbor compensation; and 2) 50% of the amount of the participant's elective contributions that exceed 3% of the participant's safe harbor compensation but that do not exceed 5% of the participant's safe harbor compensation. The Company may also make discretionary profit sharing and matching contributions to the Plan. All contributions are limited to the applicable amounts as prescribed by the Internal Revenue Code.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative and custodian expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1 - PLAN DESCRIPTION (Continued)

Vesting - Employee voluntary contributions plus actual earnings are 100% vested at all times. Vested interest in the employer safe harbor matching, discretionary employer matching and profit sharing contributions plus actual earnings are calculated at 20% per year of service, beginning with the participant's second full year of service and reaching 100% at the end of six years of credited service.

Forfeitures - Effective January 1, 2011, forfeitures are first used to reduce the matching contribution, including the safe harbor contribution and, if any forfeitures remain unallocated after completing the preceding allocation, the remainder is to be allocated as an employer contribution pursuant to terms of the Plan. Forfeitures totaled approximately \$63,100 in 2011. Total forfeitures available to reduce the Company's future contributions were \$44 at December 31, 2011 (\$21,212 at December 31, 2010).

Payment of benefits - On termination of service, a participant or beneficiary may elect to receive an amount equal to the value of the participants' vested interest in his or her account in a lump-sum distribution amount or in a single life or joint annuity. If termination is due to death, disability, or retirement at or beyond age 59 ½, a participant is considered to be 100% vested even if the participant has not been credited with six years of vesting service. If an account balance is less than \$1,000 upon termination, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Plan termination - Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recent accounting pronouncements - In January 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. The guidance, which was effective for reporting periods beginning after December 15, 2009, required additional disclosures about transfers between levels within the fair value hierarchy, and clarified existing disclosure requirements regarding classes of assets and liabilities measured at fair value. The Plan adopted this guidance on January 1, 2010. Additional guidance which is effective for reporting periods beginning after December 15, 2010 requires the Plan to present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements. The Plan adopted the Level 3 reconciliation disclosures effective January 1, 2011.

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2011. Plan management does not expect the adoption of ASU No. 2011-04 to have a material effect on the statement of net assets available for benefits and statement of changes in net assets available for benefits.

Investment valuation - Investments are generally stated at fair value as certified by the Plan's custodian, Charles Schwab Trust Company. Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - The Plan pays most of the administrative and investment expenses in relation to plan operations; the Company covers the remainder.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 10, 2012, which is the date the financial statements were available to be issued.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Basis of Fair Value Measurement

- | | |
|----------------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2011 and 2010.

Shares of registered investment company funds are valued using the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market in which the individual securities are traded.

The Plan has investments in the Schwab Managed Retirement 2010, 2020, 2030, 2040 and 2050 Trust Funds which are collective investment trust funds. The Funds invest in a diversification of assets, including, but not limited, to Large Cap Equities, Mid Cap Equities, Small Cap Equities, International Equities, Fixed Income and Stable Value funds. The Funds seek to provide total return for investors retiring approximately at or near the years 2010, 2020, 2030, 2040, and 2050. There are no redemption restrictions on the common/collective trusts or any of the underlying investments.

OREGON HEALTHCARE RESOURCES EMPLOYEE SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The Schwab Stable Value Fund is a collective trust designed to provide preservation of capital and returns that are consistent regardless of stock and bond market volatility. The Fund seeks to earn a high level of income consistent with those objectives. The Fund holds guaranteed investment contracts which typically have a fixed maturity. Each contract contains a provision that the issuer will, if required, repay principal at the stated contract value for the purpose of paying benefit payments (fully benefit-responsive).

Units held in common/collective trusts are valued using the net asset value (NAV) of the fund as reported by the fund managers. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The net asset value of a collective investment fund is calculated based on a compilation of primarily observable market information.

The Schwab Stable Value Fund is presented at contract value which approximates fair value. Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, may limit the Plan's ability to transact at contract value with the issuer. The Plan administrator does not believe that the occurrence of such events, which would also limit the Plan's ability to transact at contract value with participants, is probable.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2011 and 2010:
